The Boys Next Door

Major change came to Argentina during the first decades of the twentieth century. Following the mass influx of European immigrants to the country during the beginning of the century, a truly national culture was produced through mass media, facilitating the assimilation of immigrants and their descendants. New forms of media emerged, such as radio and cinema, as did new forms of entertainment, such as tango songs, films, and radio theater. Yet despite the unifying effect of popular

culture, the nation remained divided, and, if anything, more so in 1950 than in 1910. This book argues that the key to understanding this paradox lies in a reassessment of the mass culture of the 1920s and 1930s. With a focus on film and radio in and around Buenos Aires, the locus of production as well as much of the market consumption, Karush shows how integration and class fractures occurred simultaneously in a short span of the country's history. He brings together the usually separated subjects of radio and cinema to show how they can combine to gauge a larger cultural and political environment and shed light on class distinctions. The book contributes to an ongoing discussion of the relationship between power and mass culture. It will be of interest to scholars of cultural history and urban studies and those interested in Latin American history and culture.

I have always been broken. I could have died. And maybe it would have been better if i had. It is a day like any other when seventeen-year-old Melinda hits the road for San Francisco, leaving behind her fractured home life and a constant assault on her self-esteem. Henry is the handsome, charismatic man who comes upon her, collapsed on a park bench, and offers love, a bright new consciousness, and—best of all—a family. One that will embrace her and give her love. Because family is what Mel has never really had. And this new family, Henry's family, shares everything. They share the chores, their bodies, and their beliefs. And if Mel truly wants to belong, she will share in everything they do. No matter what the family does, or how far they go. Told in episodic verse, Family is a fictionalized exploration of cult dynamics, loosely based on the Manson Family murders of 1969. It is an unflinching look at people who are born broken, and the lengths they'll go to to make

themselves "whole" again.
