“Fast-paced, smart, and action-packed a real page-burner.” —Chris Grabenstein, #1 New York Times bestselling author of the Mr. Lemoncello’s Library series From New York Times bestselling author Stuart Gibbs comes the first novel in a thrilling new series about the world’s youngest and smartest genius who’s forced to use her unbelievable code-breaking skills to outsmart Einstein. Charlie Thorne is a genius. Charlie Thorne is a thief. Charlie Thorne isn’t old enough to drive. And now it’s up to her to save the world... Decades ago, Albert Einstein devised an equation that could benefit all life on earth—or destroy it. Fearing what would happen if the equation fell into the wrong hands, he hid it. But now, a diabolical group known as the Furies are closing in on its location. In desperation, a team of CIA agents drags Charlie into the hunt, needing her brilliance to find it first—even though this means placing her life in grave danger. In a breakneck adventure that spans the globe, Charlie must crack a complex code created by Einstein himself, struggle to survive in a world where no one can be trusted, and fight to keep the last equation safe once and for all.

"A FINE LINE is a terrific novel, a legal thriller that is also full of complex meditations on the life of the lawyer and the difficult compromises inherent in any system of criminal justice. A book that is intensely rewarding at many levels." Scott Turow The fifth in the best-selling Guido Guerrieri series. When Judge Larocca is accused of corruption, Guerrieri goes against his better instincts and takes the case. Helped by Annapaola Doria, a motorbike-riding bisexual private detective who keeps a baseball bat on hand for sticky situations, he investigates the alleged links to the mafia. Of course Guerrieri cannot stop himself from falling for Annapaola's exotic charms. The novel is a suspenseful legal thriller but it is also much more. It is the story of a judge who, to quote Dostoevsky, "lies to himself and listens to his own lies, so gets to the point where he can no longer distinguish the truth, either in himself or around himself."

A slick, twisty YA page-turner about the daughter of a con artist who is taken hostage in a bank heist. Nora O'Malley's been a lot of girls. As the daughter of a con-artist who targets criminal men, she grew up as her mother's protégé. But when her mom fell for the mark instead of conning him, Nora pulled the ultimate con: escape. For five years Nora's been playing at normal. But she needs to dust off the skills she ditched because she has three problems: #1: Her ex walked in on her with her girlfriend. Even though they're all friends, Wes didn't know about her and Iris. #2: The morning after Wes finds them kissing, they all have to meet to deposit the fundraiser money they raised at the bank. It's a nightmare that goes from awkward to deadly, because: #3: Right after they enter the bank, two guys start robbing it. The bank robbers may be trouble, but Nora's something else entirely. They have no idea who they're really holding hostage . . .

Charlie Thorne and the Last Equation

This thought-provoking and inspirational book covers such topics as: developing a solid creative process through “Visual Reflection Notebooks” and “Bring Play to Work”; understanding the artist’s unique identity in relation to the larger culture; building systems of support and collaboration; explaining how an artist’s needs and passions can lead to innovation and authenticity; using language to inspire visual creativity; responding to the Internet and changing concepts of what is public and private; and accepting digression as a creative necessity. Through the exercises and techniques outlined in *Art Without Compromise**, the reader will develop new confidence to pursue individual goals and inspiration to explore new paths, along with motivation to overcome creative blocks. With a revised understanding of the relevance in their own work within the sphere of contemporary culture, the artist will come away with a clearer perspective on his or her past and future work and a critical eye for personal authenticity.

Lenson delivers a scathing indictment of this war as an effort based, like all attempts to eradicate "getting high," on an incomplete understanding of human nature. From lotus-eaters to hippies to crackheads, he contends, history has shown the state's inability to legislate the bloodstreams of its citizens. Lenson ventures beyond conventional genres to view the drug debate from the largely forgotten perspective of those who use drugs. In successfully walking the fine line between the antidrug hysteria of the 1980s and an advocacy of drug use, Lenson shatters the ban on debate regarding drugs enforced in the "Just Say No" campaign and reveals the myriad ways "straight society" demonizes the drug user. After considering several specific issues associated with drug use - including sex, violence, and money - Lenson concludes with his vision of the end of the Drug War by questioning the sense in condemning millions of Americans to lives of concealment and deceit.

Chicago architect Peter O'Hara had a plan, a blueprint, for how he wanted to build his life. He had goals and ambitions and his path was clear. He had a loving wife and son, career success, and his final career goal was close within reach. The opportunity to become a partner in his firm was there for the taking. He almost had it all. But life and fate do not consider such plans. An unbelievable and unplanned event sets off a domino effect of repercussions that turn Peter's life upside down, pushing him to his limits and causing him to re-evaluate everything he thought was important. Recalled to Life is a timeless story for all generations.

Which side of the line do you live on? In 1954 the Supreme Court ruled that little Linda Brown couldn't be excluded from a public school because of her race. In that landmark decision in *Brown v. Board of Education*, the court famously declared that public education must be "available to all on equal terms." But sixty-six years later, many of the best public schools remain closed to all but the most privileged families. Empowered by little-known state laws, school districts draw "attendance zones" around their best schools, indicating who is, and who isn't, allowed to enroll. In many American cities, this means that living on one side of the street or the other will determine whether you leave eighth grade on a track for future success - or barely able to read. In

Separated By Law, bestselling author Tim DeRoche takes a close look at the laws and policies that dictate which kids are allowed to go to which schools. And he finds surprising parallels between current education policies and the "redlining" practices of the New Deal era in which minority families were often denied mortgages and government housing assistance because they didn't live within certain "desirable" zones of the city. It is an extraordinary story of American democracy gone wrong, and it will make you question everything you think you know about our public education system.

The Pixar Touch

The first complete monograph on Antonio Lopez, the influential Warholian fashion illustrator of the 1960s, '70s, and '80s. Best known for dazzling illustrations in Women's Wear Daily, Vogue, the New York Times, Interview, and for high fashion labels, Antonio Lopez (1943-1987) was a force majeure in the fashion world for three decades. In the '60s, Lopez's vibrant illustrations helped usher youth culture into the pages of magazines, setting a new, free-flowing, sexually liberated standard for fashion imagery. Living in Paris during the 70s with his creative partner Juan Ramos, Lopez launched the modeling careers of Jerry Hall, Grace Jones, and Jessica Lange among others, worked with design royalty like Karl Lagerfeld and Yves Saint Laurent, and cultivated a soigné nightlife persona in the blistering-hot underground clubs of Paris. Returning to New York City in 1976, Antonio documented the sexy influence of athletic-wear,

puffy, down coats, and break-dancing style, inspiring such designers as Norma Kamali and Anna Sui. Widely recognized during this period as the world's most influential fashion illustrator, Antonio's work took on a deeper, more sculptural dimension in the 80s, richly detailed, with a vivid palette, and heroic proportions and poses. So deft and varied in his expression, Antonio Lopez simultaneously executed campaigns for labels as diverse as Norma Kamali, YSL, Valentino, Missoni, and Versace--an unprecedented feat in a highly competitive industry. The prolific Lopez produced an incredible number of drawings, illustrations, paintings, photographs, and fantastic mixed-media journals, and this book showcases his most iconic works, as well as never-before-seen Instamatic photos, behind-the-scenes Polaroids, letters, and ephemera which, together, provide an understanding of the career trajectory of an extraordinarily talented artist, and convey Antonio Lopez's enduring influence on fashion today.
