T. McCants Stewart was a prominent African-American in his day, a lawyer during the Reconstruction who later became a minister, politician, and racial activist and was regarded by his peers as one of the most significant black leaders of his generation. This book illuminates the professional career and private lives of Stewart and his descendants over three generations, providing an epic account of an African-American family in America. Albert Broussard researched Stewart family papers and interviewed nearly every surviving family member to tell their unusual story. He not only presents the first major study of T. McCants Stewart's civil rights and political career; he also tells how Stewart's descendants rejected white society's negative image of blacks and worked to improve themselves and uplift their race: Stewart's son Gilchrist became a successful civil rights leader and attorney and his daughter Carlotta an educator, while granddaughter Katherine directed a Head Start program and her husband Robert Flippin was the first black

parole officer at San Quentin prison. The saga of the Stewarts begins in antebellum Charleston but moves on to New York, Africa, Hawaii, and numerous other locales to relate how this family fulfilled a mission to provide leadership and service to its community. Exploring issues of class, intergenerational relations, and community activism, it provides a wealth of material on the black community that spans two centuries. A particular value of Broussard's work is his account of how Stewart women coped with an overbearing patriarch and forged meaningful careers in an era when black females usually held menial jobs. By sharing experiences of both genders, he offers insights into the different strategies that black men and women used to meet their personal goals and collective obligations. Intelligent, ambitious, and entrepreneurial, the Stewarts have much to tell us about what it was to be African-American over the last hundred years. By linking their history to the changing status of African-Americans at home and abroad, this book weaves the contributions of an extraordinary family into the larger drama of American race relations.

A good man is hard to find, as the famous 1919 song by Eddie Green attests, but the pioneering Black filmmaker, movie star, Old Time Radio icon, and composer established himself as the living portrait of all that is admirable. His legacy now inspires a whole new generation. In an era when Black entertainers struggled to gain a foothold in show business, Eddie Green rivaled Oscar Micheaux for honors as a pioneering Black filmmaker. Audiences from The Apollo to Broadway propelled Eddie into two of America's most popular long-running radio series. From poverty to prominence, he accomplished more than most people could dream. Discover Eddie's rags-to-riches story as told by his daughter. Her years of research have unearthed long-buried revelations and enlightening images that testify to one man's determination to rise above all obstacles and triumph against all odds through five decades from Vaudeville to television and then into the stuff of legends. The sands of time may have buried his name, but Eddie Green's laughter still echoes around the world. Thanks to this first-ever biography, a good man is no longer hard to find. Illustrated. Appendices include songs written by Eddie Green; the radio programs and movies in which he appeared; the movies he wrote, produced, and directed; rare script excerpts.

Black History Extravaganza

The African American Odyssey is a literary compilation of a portrait combined with a strong compelling chronological history and discussion of the African American plight, from an African American perspective. It also entails many significant aspects of African American struggles, achievements and wondering about in a country that adamantly refuses to see African Americans. Propelled by enthusiasm, anguish, and deep concern for the magnitude of social and economic despaired conditions African Americans find themselves in today, the author is obsessed with confronting the pervasive challenges of systemic and institutionalized white supremacy, unjustified evil racist oppression, suffering and unnecessary social and economic misery perpetrated against African Americans by a hatefully hostile government determined to marginalize or exterminate them. Exasperatingly, Muhammad expressively takes the reader on a journey through centuries of convoluted wondering while illustrating to them, the events that produced the African American experience. He conclusively shares his hope, skepticism and cautious optimism for the future of African Americans.

A Hope in the Unseen

By the time of his death in 1988, Romare Bearden was most widely celebrated for

his large-scale public murals and collages, which were reproduced in such places as Time and Esquire to symbolize and evoke the black experience in America. As Mary Schmidt Campbell shows us in this definitive, defining, and immersive biography, the relationship between art and race was central to his life and work -- a constant, driving creative tension. Bearden started as a cartoonist during his college years, but in the later 1930s turned to painting and became part of a community of artists supported by the WPA. As his reputation grew he perfected his skills, studying the European masters and analyzing and breaking down their techniques, finding new ways of applying them to the America he knew, one in which the struggle for civil rights became all-absorbing. By the time of the March on Washington in 1963, he had begun to experiment with the Projections, as he called his major collages, in which he tried to capture the full spectrum of the black experience, from the grind of daily life to broader visions and aspirations. Campbell's book offers a full and vibrant account of Bearden's life -- his years in Harlem (his studio was above the Apollo theater), to his travels and commissions, along with illuminating analysis of his work and artistic career. Campbell, who met Bearden in the 1970s, was among the first to compile a catalogue of his works. An American Odyssey goes far beyond that, offering a living portrait of an artist and the impact he made upon the world he sought both to recreate and celebrate.

#1 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the “better angels of our nature” have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B.

Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, “The good news is that we have come through such darkness before”—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* “Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time.”—Walter Isaacson “Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America.”—Newsday “Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of

kindness and caring, not rancor and paranoia.”—USA Today

August Wilson and the African-American Odyssey

The inspirational story of John Kizell celebrates the life of a West African enslaved as a boy and brought to South Carolina on the eve of the American Revolution. Fleeing his owner, Kizell served with the British military in the Revolutionary War, began a family in the Nova Scotian wilderness, then returned to his African homeland to help found a settlement for freed slaves in Sierra Leone. He spent decades battling European and African slave traders along the coast and urging his people to stop selling their own into foreign bondage. This in-depth biography—based in part on Kizell's own writings—illuminates the links between South Carolina and West Africa during the Atlantic slave trade's peak decades. Seized in an attack on his uncle's village, Kizell was thrown into the brutal world of chattel slavery at age thirteen and transported to Charleston, South Carolina. When Charleston fell to the British in 1780, Kizell joined them and was with the Loyalist force defeated in the pivotal battle of Kings Mountain. At the war's end, he was evacuated with other American Loyalists to Nova Scotia. In 1792 he joined a pilgrimage of nearly twelve hundred former slaves to the new British settlement for free blacks in Sierra Leone. Among the most prominent Africans in the antislavery movement of his time, Kizell believed that all people of African descent in America would, if given a way, return to Africa as he had. Back in his native land, he bravely

confronted the forces that had led to his enslavement. Late in life he played a controversial role—freshly interpreted in this book—in the settlement of American blacks in what became Liberia. Kizell's remarkable story provides insight to the cultural and spiritual milieu from which West Africans were wrenched before being forced into slavery. Lowther sheds light on African complicity in the slave trade and examines how it may have contributed to Sierra Leone's latter-day struggles as an independent state. A foreword by Joseph Opala, a noted researcher on the "Gullah Connection" between Sierra Leone and coastal South Carolina and Georgia, highlights Kizell's continuing legacy on both sides of the Atlantic.

With respect to things which can be said, this trilogy is one of the most revealing excursions into the nature of the Sufi path that has been written in the last 736 years. There are four kinds of people within and without. There are those who know and know that they know. These rare dimensions of the Self are spiritually realized, and one should seek them out and learn from them. There are those who know but don't know that they know. These individuals are asleep and should be woken up. There are those who don't know and know that they don't know. These souls are able to learn and should be taught. There are those who don't know and don't know that they don't know. These are the ignorant ones, and they should be avoided.

This is the amazing and inspiring true story of a Polish Jewish Partisan leader and Soviet captive during World War II. Joseph L. Zygielbaum fought the Nazis under the Polish and Soviet flags and alongside the American Office of Strategic Services. These memoirs reveal his heroism in the face of personal tragedy and place him squarely in the heart of Holocaust history. Zygielbaum, the son of the famed Polish

martyr Szmul Zygielbaum, begins with a description of his childhood and then takes the reader through an odyssey spanning horrendous events from 1939 to 1945 and the battlefields of Eastern and Northern Europe. A reserve officer in the Polish army at 19 years old, Zygielbaum witnesses the German and Russian invasion of his homeland. He swiftly becomes a Partisan leader. After his wife and toddler son are murdered by the Nazis, he undertakes ever more risky missions and is captured by the Russians, narrowly escaping execution as a spy. He relates his many experiences in the USSR, culminating in his being impressed into the Red Army to fight the Germans. As a special forces fighter, he is deployed into many battle zones. Close to the end of the war, he escapes and returns to Poland, where he meets and marries his new love and emigrates with her to the United States. Zygielbaum's book was published after his death in 1995 by his sons, long after he had completed a noted career in the early American space program. The story relates many everyday aspects of life as a Partisan and as a Soviet soldier, amid the ever-present terror of the war and the tragedy all around.

The Odyssey of a Partisan

What more can we do to figure this "this world" out? There are many words that can describe the way life should be versus what is reality. But, the cliché that each individual's reality is different as it pertains to character and culture is unacceptable. All African American men have the same pieces of Mosaic that has

to be put together in a certain way that evokes potential. I chose Mosaic of man for a title because of the idea of creating your own image out of the assemblages of history, rites of passage, spirituality and courage. The mosaic is an old form of art that has a spiritual connection. The pieces of our existence create our image and substance that are not liabilities, but assets."

Deprogramming Black America is an ever-evolving and dynamic foundation to both establish and re-establish a core set of guide lines dedicated to creating, restoring, and officially documenting a pride in being of an African in America. (African First - then American). It is not my intent to impose a set way of thinking but to offer a suggested primary set of standards and recommendations that will assist people of African with the new quest for pride. This book is long overdue, yet right on time. I believe that the past, present and the future all exist on some plain at the same time, and that the words and energy of the many great men and women that inspired this book will forever be a light and a tribute to the Africans and people of African descent that both walked before us and continue to walk with us, as we form this discipline of the mind needed to deprogram this generation of Black America.

The Soul of America

5/5 No Compromise is an African centered perspective on solving the x factor in the human equation: $3/5$ slave + x = $5/5$ whole human beings, for Black Americans, specifically, and Black people world wide in general. The book written by Jeff Weaver, is inspired and driven by the divine wisdom of Almighty God, the African Forces (Lwa, Orisa, Obosum) / Holy Spirit and the ancestors. The premise of 5/5 No Compromise is to establish the fact that: 1) The United States Constitution codified the value of Black lives, in Article I. Section 2, Chapter 3 (more popularly known as the "3/5 Clause") as "3/5 of a person." A codification which has never been, expressly, amended or eradicated; and 2) in order for Black victims of the trans Atlantic slave trade, white supremacy and colonialism to establish their genuine human status they must embrace their own traditions, customs and culture, in an autonomous mutual respect based co-existence with their former slave masters and governors. Furthermore, in order to connect the various "splinters" of Black sub-cultures that exist in the US and globally, there must be an establishment of the one cultural thread that exist in common with the genetic heredity of the people in question. For Black Americans and Black people, worldwide, that common cultural thread is the drum pulse which originated in Africa. It is the one cultural element that is powerful and consistent, wherever Black people are heavily populated in the world. The author, Jeff Weaver calls that thread, "drum centered culture" and has identified it as the key element in sowing together the global cultural fabric that will restore Black people to a 5/5

autonomous culture of thriving human beings, with lives that matter.

BLACK HISTORY EXTRAVAGANZA honoring Dr. Ben-Jochannan is a labor of love for someone intimately associated with the master teacher for some 40 years as student, traveling companion, mentee and friend. In repayment, this effort to help acknowledge and sustain his name, life's work and historical and philosophic outlook is necessary so the younger generation know of the enormous intellectual light this extraordinary scholar represented in those extremely challenging social and intellectual times of the last half century. As the systematic onslaught against the African (Black) personality continued, one particular scholar, lecturer, historian, publisher, archaeologist and tour guide to Egypt stood unmoved and unrelenting in defense of an entire people's history, culture and spiritual well-being. In this, Dr. Ben took on all disparaging comers as he educated and nurtured intellectual "cubs" becoming equipped to challenge historical distortion and omission manifested from the false mantle of global white supremacy. To accomplish the enormous task, Dr. Ben wrote, innovated self-publishing, lectured, and took students to museums and to Egypt pointing out contradictions between the Existential Data and the symbolic Representation of ancient Egypt. Table of Contents, viz., Introduction; The Awesome Egyptian Temple; Who were the Ancient Egyptians;? The Archaeology of Egypt; The Art of Ancient Egypt; Architecture of

Ancient Egypt; The Religion of Ancient Egypt; and the History of Egypt, Dr. Ben made a substantial impact while educating students as to the utility and benefits of studying the illustrious African past, emphasizing they accentuate the positive and reject negative aspects of that memorable experience. Like the many intellectual lights, "warrior scholars," of his age, viz., Dr. John Henrik Clarke, Ivan Van Sertima, Leonard James, Carter G. Woodson, Benjamin Carruthers, J.A. Rogers, Jitu Weusi, Leonard Jeffries, among others, Dr. Ben subscribed to one unmistakable academic admonition pursuing excellence, "Publish or Perish." This continuum of praise (Celebrating Dr. Yosef Ben-Jochannan), *Black History Extravaganza* seeks a starting point for readers, young and old to delve deep and drink from the remarkable fountain represented in fields of study which engaged the great scholar for more than half-a-century.

Antarctic Odyssey: A New Beginning is written by Gabriella Guglielminotti Trivel, also known as "The Flying Witch" due to her wit and her passion for flying. She is an Italian linguist who started working in Italy as a tour leader and interpreter, then moved to the UK in 1998. She worked in the travel business for several years and then, due to being made redundant from work, she decided to pursue her other passion in life, the human mind and its potential. She trained in neuro-linguistic programming (NLP) and investigated several alternative therapies including reiki, shiatsu, Aura-Soma, The Demartini Method, macrobiotics, do-in, aromatherapy, reflexology, hypnotherapy, Time Line Therapy, The Journey, and The Work of Byron Katie, which all gave her a better and holistic understanding of the human being that we all are. In 2008 Gabriella joined a group of people going to Antarctica to face their fears and limiting beliefs - to test herself and put into action first hand and in a dramatic way what she learnt, and then pass it on to others. She wrote a book about it where she describes her inner journey while she was down under with penguins, seals and the ice. Since 2009, she helps

women to discover their potential through their menstrual cycle, something that still to these days is considered taboo and is called "the curse". She does workshops and personal sessions with women to share her knowledge and personal experience of her feminine cycle, and with men to help them understand how women work and how to be an aware partner to deepen their intimate relationships. Her vision is to create the woman of the 21st century who is totally in line with herself, her beliefs, her body and her vision so as to reharmonise the planet and create a more harmonious way of living for both men and women.

African Americans

The “magnificent” Pulitzer Prize-winning and #1 New York Times–bestselling novel about the preacher who led America’s bloodiest slave revolt (The New York Times). The Confessions of Nat Turner is William Styron’s complex and richly drawn imagining of Nat Turner, the leader of the 1831 slave rebellion in Virginia that led to the deaths of almost sixty men, women, and children. Published at the height of the civil rights movement, the novel draws upon the historical Nat Turner’s confession to his attorney, made as he awaited execution in a Virginia jail. This powerful narrative, steeped in the brutal and tragic history of American slavery, reveals a Turner who is neither a hero nor a demon, but rather a man driven to exact vengeance for the centuries of injustice inflicted upon his people. Nat Turner is a galvanizing portrayal of the crushing institution of slavery, and Styron’s deeply layered characterization is a stunning rendering of one man’s violent struggle

against oppression. This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.
