SCM Studyguide to Christian Mission

Latter-Day Prophets Since 1844. This volume is the third of three on Church History and the Doctrine and Covenants. It covers Church history during the administration of all of its Prophet-Prophets since Joseph Smith. It begins with the succession of the Apostles after Joseph Smith's martyrdom, the building of the Nauvoo Temple, and the trek to the west of the Latter-day Saint pioneers. We follow them through Iowa, Winter Quarters, and on to Utah. We witness the colonization of the state of Deseret, while the rest of the country suffered from Civil War. Then we follow events through the administrations of all of the 19th-Century, 20th-Century, and 21st-Century prophets from John Taylor to Thomas S. Monson. We become familiar with the early lives, missions, marriages, and callings of each of these prophets, seeing how the Lord prepared them for the particular time that they led the Church. We finish with a look toward the future as we await the Second Coming of our Lord. The cover features a beautiful photograph of the Salt Lake Temple, taken at dusk during the Christmas season from the roof of the Joseph Smith Memorial Building.

A History of World Societies Study Guide

This book is written for church laypersons with the purpose of aiding those who wish to become at least beginning novice of

learned biblical knowledge and interpretation on their own, in order not to be primarily dependent upon others to disclose the biblical message to them. For too long, ministers have allowed the laity to rely primarily on Sunday school curriculum materials alone, or other canned (preprinted Bible study programs) to enable the biblical message to come alive in their lives. This is not a criticism of the curriculum materials in question, but the dependency upon them which result in a form of stunted biblical growth in the word of God. When the Bible admonishes us to “study to show thyself approved unto God RIGHTLY dividing the Word of truth” (2 Timothy 2:15), how do we respond without a method of study as individuals on our own? If Christian education functions as it should, we need to produce people who are growing in the knowledge and wisdom of the word, moving from being BABES of the word fed with milk, to becoming adults in the word, being able to digest the meat of sound doctrine, as the apostle Paul admonishes us to become. This should enable us to become at least semi-dependent learners and critical biblical thinkers, and not merely receptacles of information fed to us about the word of God!

World Society Study Guide

Immanuel Kant was one of the most influential philosophers in the whole of Europe, who changed Western thought with his examinations of reason and the nature of reality. In these writings he investigates human progress, civilization, morality and why, to be truly enlightened, we must all have the freedom and courage to use our own intellect. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Study Guide [to] A History of Western Society

An introduction to the study of the ways the church has evolved in its corporate life since its birth in the first century. Special attention is given to studying its changing relationship and interaction with the surrounding societies in which it has existed. The intended readership will be those training for ministry in English speaking churches, so the studyguide will concentrate on those aspects of this subject of most relevance to this group. This means there will be greater attention to developments in the West than in the East, especially in later centuries, and to topics such as the nature of ministry, the sacraments, places of worship, authority in the church and mission. These will be examined at each period of church history, in each chapter, to provide reference points of comparison throughout the book. Each chapter will also contain a specific case study, presenting extracts of some key documents with notes, commentary and questions for discussion, to allow readers to develop skills in historical research. General discussion questions and reading lists will be provided at the end of each chapter. The final chapter will provide guidance for the study of the history of the student's own church and community.
