Technologies have developed, and reading Airbus Drawing Guide Edition Ebook books could be easier and simpler.

AIRBUS PART NUMBERING SYSTEM

According to Airbus, the A330-300's typical OEW is 267,200lbs-274,500lbs. In addition, for both the A330-200 and -300, Airbus points out that while the lower take-off weights still exist as certificated options, all recent customers have taken delivery of only the newest and most capable weight variants. This ensures ample range capability.
