each other in sleepy Buckhorn Corner, Oklahoma. From the time they were less than a year old they'd been best friends, but then Dee eloped with a man from Pennsylvania. Seven years later, she's brought a broken heart back home to her dysfunctional family: Roxie, the grandmother, who runs the family with an attitude of steel; Mimosa, the mother, who's been married so many times she's forgotten half of them; Tally, the sister who's in the county jail for writing hot checks; Bodine, Tally's daughter, who's been raised by Rosie just like Dee and Tally were; and Jack, the boy next door who's always loved Dee. Jack was the computer geek in high school, and he's turned that knowledge into a lucrative business - one that allows him to continue to run the convenience store in town, which he loves. He's content, selling picnic supplies and bait to the fishermen and campers. But there's a hole in his heart, and the only person who can fill it is Dee Hooper. Then one hot summer day she appears, and he's determined not to let her hurt him or get away again. With Dee and Jack battling past hurts and fears, they try to reclaim their lifelong friendship and trust again, each secretly hoping they'll be more than just friends this time around.

If You Stay

Clay McGavran was stuck in hell. Otherwise known as Denson, Virginia - a small town in the shadows of the Blue Ridge Mountains - a town shrouded in the pain and tragedy of the past. As partner at one of Richmond's most successful construction and design firms, building someone else's dream home was his job. But when their dream brought him to the town of his nightmares, he was thrust into a past he'd worked diligently to forget. The only respite to his misery came from an unexpected - and inconvenient - source. His new assistant, Alison. To Clay, Alison was the woman whose perpetual smile and hauntingly familiar eyes were a balm to his scraped and bruised psyche. She was the antithesis of the type of woman he usually took to his bed but he found himself wanting her more than any woman before her. And, as his employee, she was the one woman he couldn't have. His company, friendships, and reputation were at stake. He couldn't cross that line again. He'd been

This Book is Broken

I killed a girl last night. I did it with my bare hands and an old piece of pipe I found lying next to the dumpster. But that's not the part that got me. The part that scared me, the part I can't seem to wrap my head around and still has me reeling, was that when she charged me, her body shifted - and then she was a wolf. All snapping teeth and extended claws. But by the time I stood over her lifeless body, she was a girl again. That's about the time I went into shock... And that was the moment he showed up. And even now there are two thoughts that are so clear, they feel branded into my mind: One, Werewolves do exist, and two, I was born to kill them.
