Business Accounting

A Textbook of Cost and Management Accounting provides the students with thorough grounding in cost concepts, cost behaviour and methods, and techniques of cost and management accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the subject matter has been presented in a student-friendly, simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition, the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on 'first things first' basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus, a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self test by students. This is an ideal book for self study. New to this edition • All chapters thoroughly revised • Latest information on Cost Accounting Standards (CAS) issued by the Institute of Cost Accountants of India (ICAI) • Chapter on 'Miscellaneous Topics' made more contemporary by including some new sub-topics, and thus re-named 'Advanced Cost Management Techniques' • Revision and augmentation of practical problems

Loose-leaf Intermediate Accounting

Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.

Advanced Accountancy Volume-II, 10th Edition

For Introductory Financial Accounting courses at the MBA level, and for rigorous undergraduate courses. Introductory Financial Accounting provides a unique and perfect blend of robust financial statement analysis with early statement of cash flows coverage. Marlene A. Plumlee, Ph.D, CPA, Associate Professor of Accounting at the University of Utah, authored Pearson's International Financial Reporting Standards supplement ISBN 013612304X for our Introduction to Financial Accounting 9th edition by Horngren. This IFRS Supplement discusses the general

context of US Generally Accepted Accounting Principles (US GAAP) and International Financial Reporting Standards (IFRS) and provides background information about the use of US GAAP and IFRS and 'players' that will ultimately affect how and when IFRS will be adopted internationally. Included also is an overview of the conceptual frameworks that underlie the formation of US GAAP and IFRS. A comparison of two companies is offered, one that employs US GAAP to prepare its financial report and one the employs IFRS to prepare its financial report.
