Speak

A classic tale first published in December 1844. It is the story of a young student of medicine who suffers the consequences of ignoring the warning of his adviser and falls in love with the beautiful Beatrice, confined to a locked garden by her father. "Rappaccini's Daughter" has all the attributes of Hawthorne's fiction: allegory, symbolism, ambiguity and fantasy. Spell-binding!

The Giver

Not blind, not dreaming-Bobby is just plain invisible. There doesn't seem to be any rhyme or reason to Bobby's new condition; even his dad the physicist can't figure it out. For Bobby that means no school, no friends, no life. He's a missing person. Then he meets Alicia. She's blind, and Bobby can't resist talking to her, trusting her. But people are starting to wonder where Bobby is. Bobby knows that his invisibility could have dangerous consequences for his family and that time is running out. He has to find out how to be seen again-before it's too late. From the Trade Paperback edition.

Hawthorne and the Real

"In this collection commemorating the bicentennial of Hawthorne's birth in 1804, Millicent Bell gathers essays by distinguished scholars and critics that examine the ways in which Hawthorne related himself to the "real" in his own world and expressed that relation in his writing. Radically revising the older view that he was detached from conditions of actual life in 19th-century American society, the authors undertake to show how current social conditions, current events and political movements taking place at a crucial point in American history were an evident part of Hawthorne's consciousness. The essays situate his imaginative writings in a contemporary context of common experience and rediscover a Hawthorne alert to pressing problems of his day, especially slavery, feminism, and reform in general - the very issues that motivated his contemporaries on the eve of the Civil War. Hawthorne was, with his own complicity, long described as a writer of unreal romances (as he preferred to call his novels) or "allegories of the heart" as he termed some of his short stories. The essays in this collection contribute to the turn in recent Hawthorne criticism which shows how deeply implicated in realism his writing was."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Appealing to fans of coming-of-age memoirs such as Fresh Off the Boat, Running with Scissors, or tales of assimilation like Viet Thanh Nguyen's The Displaced and The Refugees, Sigh, Gone explores one man's bewildering experiences of abuse, racism, and tragedy and reveals redemption and connection in books and punk rock. Against the hairspray-and-synthesizer backdrop of the '80s, he finds solace and kinship in the wisdom of classic literature, and in the subculture of punk rock, he finds affirmation and echoes of his disaffection. Fever 1793

Introduces the world of Roshar through the experiences of a war-weary royal compelled by visions, a highborn youth condemned to military slavery, and a woman who is desperate to save her impoverished house.

Small Steps

The *Scarlet Letter: A Romance* is an 1850 fictional novel in a historical setting, written by American author Nathaniel Hawthorne.[1] The book is considered to be his "masterwork".[2] Set in 17th-century Puritan Massachusetts Bay Colony, during the years 1642 to 1649, it tells the story of Hester Prynne, who conceives a daughter through an affair and struggles to create a new life of repentance and dignity. Throughout the book, Hawthorne explores themes of legalism, sin, and guilt.

The Seven Basic Plots

A History of American State and Local Economic Development relates the history of American local and state economic development from 1790 to 2000. This multi-variable, multi-disciplinary history employs a bottom-up policy-making systems approach while exploring the three eras of economic development.

So Long a Letter

Follows the experiences of the authors, three friends who grew up in impoverished families in Newark, New Jersey, and who supported one another in their dreams of becoming doctors in spite of tremendous disadvantages.

The Pact

An intense and poised novel in the form of a letter written by Ramatoulaye, who has recently been widowed.

Things Not Seen

There is a certain church, in the city of New York which I have always regarded with peculiar interest on account of a marriage there solemnized under very singular circumstances in my grandmother's girlhood. That venerable lady chanced to be a spectator of the scene, and ever after made it her favorite narrative. Whether the edifice now standing on the same site be the identical one to which she referred I am not antiquarian enough to know, nor would it be worth while to correct myself, perhaps, of an agreeable error by reading the date of its erection on the tablet over the door. It is a stately church surrounded by an enclosure of the loveliest green, within which appear urns, pillars, obelisks, and other forms of monumental marble, the tributes of private affection or more splendid memorials of historic dust. With such a place, though the tumult of the city rolls beneath its tower, one would be willing to connect some legendary interest.

Sigh, Gone

This work is a troubling story of crime, sin, guilt, punishment and expiation, set in the rigid moral climate of 17th-century New England. The young mother of an illegitimate child confronts her Puritan judges, as she suffers a harsh sentence and the guilt as her lover is revealed.

The Glass Menagerie

The book tells of the seduction of a British schoolgirl by a dashing soldier, John Montraville, who brings her to America and there abandons her, pregnant and ill. As such, it belongs to the seduction novel genre popular in early American literature. --Wikipedia.com.

The Wives of the Dead (From: "The Snow Image and Other Twice-Told Tales")

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

The Scarlet Letter

Overnight, Reverend Hooper has taken to wearing a translucent, but dark veil. Believing the veil to be symbolic of his sin, Hooper refuses to remove it, and wears it throughout the rest of his life. Like the majority of Hawthorne's stories, "The Minister's Black Veil" is an allegorical criticism of Puritan beliefs. Hawthorne may have been inspired by clergyman Joseph Moody, who accidentally killed his friend and, in response, wore a black veil until his own death. The Help

New Interpretations of American Literature

It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Polly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have

overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight—the fight to stay alive.

Rappaccini's Daughter

The first ten lies they tell you in high school. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.
