Unlike the manuscript, the hats don't stay stolen for long, each one reappearing in unexpected and conspicuous places shortly after being taken: on the top of a Trafalgar Square statue, hanging from a Scotland Yard lamppost, and now, in the foggy depths of the Tower of London, on the head of a corpse with a crossbow bolt through the heart. Amateur detective and lexicographer Dr. Gideon Fell is on the case, and when the dead man is identified as the nephew of the collector, he discovers that the connections underlying the bizarre and puzzling crimes may be more intimate than initially expected. "[A] gem, catching to perfection the social atmospherics of Victorian Brighton and at the same time telling an ingenious story of murder and discovery."—Publishers Weekly "His best yet."—H. R. F. Keating, *The Times* (London) "The sleuthing is neat and satisfying: in the meantime, Victorian pleasures, permitted and illicit, are rendered up with gusto."—Guardian Brighton in 1882 is the setting of this novel of crime and tangled emotions. Albert Moscrop, a visitor whose holiday is dedicated to peering through a telescope at the seaside scene, marches down Queen's Road to the beach and draws us through a sequence of disarmingly trivial observations into a compelling drama, played in the fashionable haunts of the nineteenth-century resort: beach, piers, promenade, swimming bath, aquarium, and Devil's Dyke. A keen student of human

nature, Moscrop concentrates his interest on one particular family of holidaymakers—the Protheros, and especially the beautiful Zena Prothero, whose husband appears to take her excessively for granted. Gradually Moscrop moves into the circle of the Prothero family, only to become involved in a sensational murder. All Brighton is horrified by the gruesome crime. The local police seek the help of Scotland Yard, which is provided in the persons of Sergeant Cribb and Constable Thackeray. These indomitable detectives soon find themselves challenged by the strangest case of their careers, one that is as mystifying as it is macabre.

## **Alice's Adventures in Wonderland**

Philosopher of the Heart is the groundbreaking biography of renowned existentialist Søren Kierkegaard's life and creativity, and a searching exploration of how to be a human being in the world. Søren Kierkegaard is one of the most passionate and challenging of all modern philosophers, and is often regarded as the founder of existentialism. Over about a decade in the 1840s and 1850s, writings poured from his pen pursuing the question of existence—how to be a human being in the world?—while exploring the possibilities of Christianity and confronting the failures of its institutional manifestation around him. Much of his creativity sprang from his relationship with the young woman whom he promised to marry, then left to devote himself to writing, a relationship which remained decisive for the rest of his life. He deliberately lived in the swim of human life in Copenhagen, but alone, and died exhausted in 1855 at the age of 42, bequeathing his remarkable writings to his erstwhile fiancée. Clare Carlisle's innovative and moving biography writes Kierkegaard's life as far as possible from his own perspective, to convey what it was like actually being this Socrates of Christendom—as he put it, living life forwards yet only understanding it backwards.
