While Virgil and Theocritus beget a tradition of poetry concerned with male eroticism, idyllic romance centers on the couple in a story pointing toward marriage. In addition to Daphnis and Chloe, this study considers numerous works influenced by the idyllic romance tradition, including Shakespeare's *The Tempest*, Milton's *Paradise Lost*, Bernardin's *Paul et Virginie*, Stowe's *The Pearl of Orr's Island*, Cather's *O Pioneers!*, novels by Sand, Hardy, and Pardo Bazan, Louis Hemon's *Maria Chapdelaine*, and Mishima's *The Sound of Waves*.

The Record Changer

Winner of the Roma Gill Prize 2015, Marlowe's Literary Scepticism re-evaluates the representation of religion in Christopher Marlowe's plays and poems, demonstrating the extent to which his literary engagement with questions of belief was shaped by the virulent polemical debates that raged in post-Reformation Europe. Offering new readings of understudied works such as the poetic translations and a fresh perspective on well-known plays such as Doctor Faustus, this book focuses on Marlowe's depiction of the religious frauds denounced by his contemporaries. It identifies Marlowe as one of the earliest writers to acknowledge the practical value of religious hypocrisy, and a pivotal figure in the history of scepticism.

competitive performing arts high school struggle and thrive in a rarified bubble, ambitiously pursuing music, movement, Shakespeare, and, particularly, their acting classes. When within this striving “Brotherhood of the Arts,” two freshmen, David and Sarah, fall headlong into love, their passion does not go unnoticed—or untold—by anyone, especially not by their charismatic acting teacher, Mr. Kingsley. The outside world of family life and economic status, of academic pressure and of their future adult lives, fails to penetrate this school’s walls—until it does, in a shocking spiral of events that catapults the action forward in time and flips the premise upside-down. What the reader believes to have happened to David and Sarah and their friends is not entirely true—though it’s not false, either. It takes until the book’s stunning coda for the final piece of the puzzle to fall into place—revealing truths that will resonate long after the final sentence. As captivating and tender as it is surprising, Susan Choi's *Trust Exercise* will incite heated conversations about fiction and truth, and about friendships and loyalties, and will leave readers with wiser understandings of the true capacities of adolescents and of the powers and responsibilities of adults.

Marriage Made in Blackmail

They baked New England's Thanksgiving pies, preached their faith to crowds of worshippers, spied for the patriots during the Revolution, wrote that human bondage was a sin, and demanded reparations for slavery. Black women in colonial and revolutionary New England sought not only legal emancipation from slavery but defined freedom more broadly to include spiritual, familial, and economic dimensions. Hidden behind the banner of achieving freedom was the assumption that freedom meant affirming black manhood. The struggle for freedom in New England was different for men than for women. Black men in colonial and revolutionary New England were struggling for freedom from slavery and for the right to patriarchal control of their own families. Women had more complicated desires, seeking protection and
