The Indian Media Business

The compelling true story of a seventeen year old girl who joins the Tamil Tigers.

The Science of Getting Rich (Annotated)

Bhupen Patel has conducted many undercover operations over the course of his career. He's exposed all sorts of rackets, from mental asylums admitting patients without proper medical examinations to discovering an illegal network of agents that arrange 'temporary' wives for Arab men looking to have a short fling. This book recounts in detail some of his most dramatic and hard-hitting stings. Patel takes us through the entire process of a sting and reveals the amount of hard work it takes to not just uncover a story that requires further discreet investigation but also gather enough evidence to bring it to the notice of the public and authorities concerned. Each account will keep you on the edge of your seat and allow a glimpse into the life of an investigative journalist.

Why I Write

The Rajiv Gandhi Assassination

In order to do business effectively in contemporary South Asia, it is necessary to understand the culture, the ethos, and the region's new trading communities. In tracing the modern-day evolution of business communities in India, this book uses

social history to systematically document and understand India's new entrepreneurial groups.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Rajinikanth

A Comparative Grammar of the Dravidian Or South-Indian Family of Languages

Byline anthologises M.J. Akbar's finest writings over the last decade, bringing together essays that reflect the author's versatility and range. The book is divided into five seamless sections, each with its own identity, woven together by M.J. Akbar's delectably informal prose. 'Travel' is the first section in which the author shares his passion for history and the occasional fable, the obscure detail, the glorious and the ludicrous. This is followed by 'Politics and History' in which the reader is provided a view of some events and people in the recent past with all the quirks and whims that characterise the great as well as the mundane. The reader

then moves on to 'Sidelines' (those delightfully off-centre pieces). M.J. Akbar says in an essay in this section: "The train of thought has moved. But that is the way with trains. They must travel." 'Memories' is the most personal and autobiographical part of the entire selection, mixing regret, nostalgia and deeply felt sorrow for the friends and times gone forever. Byline ends with a short section entitled 'On a Personal Note' in which James Bond must live to die another day, The Telegraph has to learn to live beyond the age of twenty and Dev Anand remains young forever.

The Anatomy of a Sting

The Indian Ocean tsunami that hit South and Southeast Asia in December 2004 was one of the worst natural calamities of recent times, the scale of the devastation to coastal communities across the region almost incomprehensible. As befits a disaster

Rajinikanth is, quite simply, the biggest superstar cinema-crazy India has ever seen. His stylized dialogues and screen mannerisms are legion, and his guy-next-door-cum-superhero image has found a hysterically appreciative following among millions of moviegoers. Naman Ramachandran's marvellous biography recounts Rajini's career in meticulous detail, tracing his incredible cinematic journey from Apoorva Raagangal (1975) to Kochadaiyaan (2013). Along the way, the book provides rare insights into the Thalaivar's personal life, from his childhood days to his times of struggle—when he was still Shivaji Rao Gaekwad—and then his eventual stardom: revealing how a legend was born.

When Chet Carson broke jail he thought he'd found a safe hideout in a lonely filling station. But instead he finds himself caught up in a dangerous threesome - an elderly owner, his gorgeous wife, Lola, and a safe with a fortune inside, which Lola wants. Her chance comes when she uncovers Chet's identity and threatens him with jail unless he opens the safe. Chet is in dead trouble. If he lands in prison again he'll be crucified, but if he opens the safe Lola will pin the rap on him anyway. Somehow there has to be a third way

The Last Girl

Farrell Brannigan, President of the National Californian Bank, is an extremely successful man. So when he builds another bank in an up-and-coming town on the Pacific coast, he is given worldwide publicity, and this new bank is hailed as the

'safest bank in the world'. But Brannigan's success comes at a price and he makes enemies on his way up the ladder. It seems one of them is now set on revenge and determined to destroy both the bank and Brannigan himself.

MALALA - THE CRUSADER OF FEARLESS FREEDOM

The First Edition of Whose News?: The Media and Women's Issues (1994) quickly became an international classic which was widely used both by students and

practitioners. This new and updated edition of the 1994 classic addresses the set of questions that has arisen in recent years concerning women's access (as users) to the media and to information, their participation in media and communication structures, and their portrayal and perspectives in media content. The Second Edition retains its unique gender analysis of media content, and situates, views and evaluates the coverage of gender issues in the media within the context of recent trends in both the economy and the media industry. Employing a novel and nuanced methodology, it offers a distinctive view of the history of both the media and the women's movement in India at the beginning of the 21st century.

Beyond Those Headlines

Los Angeles Times bestseller “If hygge is the art of doing nothing, ikigai is the art of doing something—and doing it with supreme focus and joy.” —New York Post Bring meaning and joy to all your days with this internationally bestselling guide to the Japanese concept of ikigai (pronounced ee-key-guy)—the happiness of always being busy—as revealed by the daily habits of the world’s longest-living people. What’s your ikigai? “Only staying active will make you want to live a hundred years.” —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world’s longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—the place where passion, mission, vocation, and

profession intersect—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness in every day?

India's Newspaper Revolution

This completely revised and extended updating of John Merrill's The Elite Press, published over a decade ago, provides a provocative and thoroughly researched look into the characteristics of "great" or "quality" journalism in an international context. The introductory chapters define newspaper "greatness" by describing those journals that are serious, intellectually oriented, cosmopolitan, courageous, impartial, interpretive, reliable, responsible and socially-concerned. Here the authors place newspapers in their political environments, depicting the differences between authoritative and liberatarian press systems.

Anand Kumar, a mathematics prodigy, defied all challenges to set up one of the most successful and innovative teaching initiatives in the world—Super 30. Born in Chandipur Bela, Patna, Anand secured a place in Cambridge University but couldn't attend because he had no money and sold papads in the evenings instead. He dealt with his own disappointment by setting up an innovative school in 2002 to prepare underprivileged students for the IIT JEE examination. Super 30 has an

astounding success rate and on an average, twenty-seven to twenty-eight of the thirty students crack the exam every year. Stirring and heart-wrenching, this is the extraordinary story of a visionary who has elevated these bright sparks and, through education, given them hope to rise above crippling poverty.

Tirukkural

India Today: An Encyclopedia of Life in the Republic [2 volumes]

Who Killed Rajiv Gandhi? Why? How? An infamous murder. It was 10:20 pm on 21 May. The year was 1991. A woman bowed respectfully. Her arm reached out to touch his feet. Suddenly there was an explosion. The deafening sound, the clouds of smoke, the shattered bodies, the blood and gore. Who put together the pieces? Who saw through the foul play? Follow the trail. Follow the trial. Follow the story to know the truth. This book unfolds the gripping story – at once fascinating and grim – of perhaps the first case of assassination of a world-class leader by a human bomb. There was a general demand for explanation and action. The totally blind case with enormous ramifications needed skilled, dexterous and professional investigation. D. R. Kaarthikeyan was called upon by the Government of India to

unravel the mystery. This assassination profoundly influenced political developments in India and altered the course of contemporary history in India and Sri Lanka.

My Laugh Comes Last

One of the first ethnographic studies to explore use of social media in the everyday lives of people in Tamil Nadu, *Social Media in South India* provides an understanding of this subject in a region experiencing rapid transformation. The influx of IT companies over the past decade into what was once a space dominated by agriculture has resulted in a complex juxtaposition between an evolving knowledge economy and the traditions of rural life. While certain class tensions have emerged in response to this juxtaposition, a study of social media in the region suggests that similarities have also transpired, observed most clearly in the blurring of boundaries between work and life for both the old residents and the new. Venkatraman explores the impact of social media at home, work and school, and analyses the influence of class, caste, age and gender on how, and which, social media platforms are used in different contexts. These factors, he argues, have a significant effect on social media use, suggesting that social media in South India, while seeming to induce societal change, actually remains bound by local traditions and practices.
