Eternal Life, as Manifested in Jesus and Imparted to the Believer; Its Nature, Accompaniments, and Issues

Narayana, is Self-born Spirit, ever stirring the “primordial Ocean of Space” or Akasha, which is Its progeny. He Androgyne Wisdom, the Sophia of the Gnostics, the Hindu female Nari, vivifying the “waters” of chaos or potential matter from afar, without touching the abyss of darkness. “She is unable to do so, for Wisdom is purely intellectual, and cannot act directly on matter.” Says Vishnu: “I called the name of water Nara in ancient times, and am hence called Narayana, for that was always the abode I moved in.” The “moist principle” of Space becomes “wet” only after Its separation by Narayana’s invisible Flame. Narayana is Self-created, i.e., Unmanifested Logos (Ishvara is Logos Manifested). He is the “mover on the Waters” of space: Narayana is one and the same as Shekhinah and Daiviprakriti, the Light of

Logos. Not only Narayana makes us all sing and dance around Him in a circle, He is the choirmaster at the centre of our being. Appearing with every Manvantara as Narayana, He remains ever “Concealed in Akasha and present in Ether,” He is, and yet He is Not. In terms of the Sacred Word, Nara is A, the Germ, Divine Spirit or Holy Ghost, that fecundates Nari or U, Kosmos’ Virgin Matrix or Waters of Life, which is an emanation of Itself. Narayana is M, the Spirit of God, moving the Two into existence. Narayana is the ONE, the Pythagorean Monas dwelling in solitude and darkness. “Pythagoras had a reason for never using the finite, useless figure 2, and for altogether discarding it. The ONE can, when manifesting, become only Three. The unmanifested, when a simple duality, remains passive and concealed,” says a Master of Wisdom. Narayana is the Eternal Breath of the Unconscious All, ever arousing the slumbering Waters of Life, which are the Noumenon of Matter also bearing Latent Spirit. He is the ONE and only Cause of Duality. Narayana is the seventh and highest principle of our solar system. He throbs in the heart of every spiritual man, and everywhere. He is Logos Itself. Genesis’ Heaven and Earth, alludes to the separation of the Primordial Substance to Light in its upper (Spirit), and Darkness in its lower portions (Matter), i.e., to the separation of the invisible from the visible by the Firmament, which is the manifested Universe. Narayana may be plunged in the Waters of Wisdom but He is not the God of the Waters. Varuna is the Vedic God of the Waters of Space, Akasha or “Heaven,” and prototype of the Greek Ouranos. “He who breaks Varuna’s laws is punished by Indra.” For Indra is the Vedic God of the

humanity. The Theosophical philosophy is predicated on the ageless truth that divine wisdom exists, and that wise beings exist who dynamically embody it in world history; that sages and seers still grace the globe and continually oversee the spiritual, mental and physical evolution of man and nature. The secret Society of Sages that guides human progress periodically sends forth one of their own to sound afresh the Divine Philosophy and exemplify the spiritual life in all its richness and mystery. Such an enlightened spiritual teacher articulates eternal but forgotten truths in ingenious ways, adopting modes that inspire the mind, release soul perception, and cut through the miasma of an age. The wide-ranging articles in this volume span the spectrum of human thought from the metaphysical to the mystical, the ethical to the psychological, the spiritual to the material. They reveal the fundamental basis of religion, philosophy and science. The assimilation of these essays turns us back upon ourselves and releases that laser-like insight that allows us to increasingly discern the true, the good, and the beautiful in all religious teachings, philosophical musings, and scientific discoveries. When carefully meditated upon and skillfully applied to the realm of self-chosen duties, they purify the mind, cleanse the heart, and uplift the human condition.

H.P. Blavatsky’s The Secret Doctrine is the foundational text for the dissemination of the esoteric tradition, as promulgated by the Masters of Wisdom for this new epoch. The Theosophical Society, the writings of Alice Bailey, Helena Roerich and other esotericists, are founded upon the basis of the advanced esoteric doctrines promulgated in that text. Here, for the first time, a proper exposition of the mode of the coding of the esoteric texts presented by the Masters is revealed. The object being to assist serious students of the esoteric doctrines to gain much deeper insights as to the nature of the hidden wisdom of the revelatory writings emanating from the Hierarchy of enlightened beings. This book consequently presupposes that the reader is familiar with the context of the writings of the above authors, and also my writings, because of the nature of the advanced esotericism that needs to be explicated.

The focus of this analysis is upon the Stanzas of Dzyan (stanzas for meditation), the backbone of The Secret Doctrine. Those that take the time to properly study the texts will comprehend the vastness of the philosophy and awareness attained by enlightened beings, and so hopefully aspire to likewise gain enlightenment.

who ply their trade in the Outside don't talk about it much, but it's apparent from the way they fight and the way they die that something beneath that gigantic Dome happens, and that it is awful. Garth 'Nickels' N'Chalez remembers wondering 'how bad it could possibly get?'. Quite clearly. After all, he's The Engineer, he's The Specter, he's the First Kin'kithal. He laid down a thirty thousand year old con to destroy the Universe in a very specific manner and he's done battle with things the human mind can barely contain. But that was before Kingsblood. That was before the smoldering Dark Iron curse tried to boil him alive in his own skin and before it tried to give Specter full control of his life. Cruel and vicious and offering up to him the kind of power he craves and fears, Garth has spent most of his time 'neath The Dome struggling with the passionate urge to lay waste to everything in his path. Desperate to reach Ickford, intent on finding this Agnethea woman who apparently possessed the knowledge to rid him of his poison, Garth can't wait to be free of both the sludge in his veins and the nattering, cantankerous smith who has been his only companion for too long. At his side, 'Barnabas the Smith', who is in truth, King Barnabas Blake the One and Only. Monarch for Arcade City and possessor of unthinkably powerful nanotech, the King has been Garth's constant companion. Teaching him the methods by which King's Will can be used to forge the most amazing weapons and tools, Barnabas Blake has also been trying to get Specter to rise up out of the dark places. But that's all changed. Grown sick and tired of dealing with the mercurial Nickels and his improbable resilience to Kingsblood, King Barnabas Blake tosses Garth 'Nickels' N'Chalez to the first

Obsidian Golem, Queen Agnethea the Vile, so he might return to his Dome and finally, once and for all, do for the blasted Outsider. And the Queen. And Foul Ickford. And any other damnfool idiot who lives within the cancerous walls. By any means necessary. All so he can begin properly destroying the Universe. Gearmen Dominic Breton and Chevril Pointillier are hot on Garth's heels, and when they arrive at Ickford, they unwittingly find themselves in the middle of ... a situation. One they're not prepared for. One no one is prepared for. A situation that will change the structure of Arcade City until the very end of it's days. One that will cause brothers to fight, enemies to stand side by side, hope to falter and blood to boil. It's the beginning of the end, down there 'neath The Great Geared Dome, isn't it just? In the Outside, things are just as awful. Commander Aleksander Politoyov is missing. Tendreel Salingh hunts for answers with her unique powers, drawing the attention of the Harmony soldiers within Latelyspace. Sa Candall hungers for revenge against the Heavy Elites who killed his friend, Shane, and gives the Latelians a weapon that will change the face of combat in the Unreal Universe forever. Chairman Herrig DuPont struggles to keep the Latelian Commonwealth on even ground. Jordan Bishop begins his hunt for Garth, intent on wreaking havoc on the man who ruined his life. The Unreal Universe grows ever more uneasy. Will Garth survive King's Gauntlet 'neath The Dome? More to the point, what will he become if he does?

The Secret Doctrine is one of the most influential esoteric and occult books of all time. In the first part of the book the author explains the origin and evolution of the universe itself, in terms derived from the Hindu concept of cyclical development. While in the second part she describes the origins of humanity through an account of "Root Races" said to date back millions of years.

mercy has the power to grow relentlessly in our hearts, conquering all kinds of obstacles that result from our wounded human relationships and limited human reason. As you read and reflect on the scriptural revelations, you'll discover the life-changing truth that mercy is the Passion, the Presence, and the Glory of God. "Turning Points" at the end of each chapter will guide you through prayer and journaling to help you feel the passion, experience the presence, and see the glory of God as you comprehend God's Relentless Love for you.
