Waltzing Australia was born out of a dream-and a journey. After walking away from her corporate career, Cynthia Clampitt headed to Australia, to start over, to write, and to test the limits of what she could do. Waltzing Australia recounts that joyous adventure. It is a story about change and about making dreams come true. But more than that, it is about Australia: the history, legends and art, both European and Aboriginal; the beauty, the challenge, the people, the land. From Sydney to Perth, Tasmania to Darwin, tropics to desert, city to wilderness, Clampitt carries the reader along on an exhilarating grand tour of a fascinating country. With a writing style reminiscent of Annie Dillard, she captures the essence of the land Down Under and invites others to fall in love with Australia.

They say the only certainties in life are death and taxes. I would add a third: mistakes. We all commit errors - often small ones, sometimes big ones, and all too frequently the same ones. What if you learned it was actually crucially important to learn from our mistakes? What if you discovered that the most successful people and organizations in the world did just that, and it is often one of the secrets to their success? What if someone gave you a simple tool - a six-step checklist captured in the acronym M.A.S.T.E.R. - which you could use to quickly draw the right lessons from both little miscues and massive failures? Finally, what if you were taught 12 key habits that your team or organization could implement to harness the power of failure? Whether you're an entrepreneur, an employee or an executive, this book is for you. All winners in sports, business and life consistently and systematically learn from their mistakes. It's also the fastest, simplest, most powerful and yet least practiced way to improve you or your organization's performance. We know intuitively we should learn from our missteps. However, very few of us actually do, and that itself is a huge error. Discover what Michael Phelps, Warren Buffett, Amazon and Delta Force have in common in "The Magnificent Mistake."
