Myths and Milestones in the History of Sport

Car and Driver

The dictionary is designed to be a pocket companion, for ready access by students, postgraduates, trainers, and health professionals involved in sport and exercise. It provides definitions and short accounts of terms used and techniques employed in the study and practical application of the relevant anatomy, physiology, biomechanics and psychology, and of commonly associated medical problems and treatments. Illustrations are included in the A-Z text, and appendices provide additional reference information and sources for further study. Wide coverage in A-Z text of relevant basic and applied topics relevant to sport and exercise. Full contact information for professional associations. Illustrations, graphs and tables. Team of expert contributors.

Mademoiselle

The conventional history of sport, as conveyed by television and the sports press, has thrown up a great many apparent turning points, but knowledge of these apparently defining moments is often slight. This book offers readable, in-depth studies of a series of these watersheds in sport history and of the circumstances in which they came about.

Gender Relations in Sport

Automotive News

Designed primarily as a textbook for upper division undergraduate courses in gender and sport, gender issues, sport sociology, cultural sport studies, and women's studies, Gender Relations in Sport provides a comprehensive examination of the intersecting themes and concepts surrounding the study of gender and sport. The 16 contributors, leading scholars from sport studies, present key issues,

current research perspectives and theoretical developments within nine sub-areas of gender and sport: • Gender and sport participation • Theories of gender and sport • Gender and sport media • Sexual identity and sport • Intersections of race, ethnicity and gender in sport • Framing Title IX policy using conceptual metaphors • Studying the athletic body • Sexual harassment and abuse in sport • Historical developments and current issues from a European perspective The intersecting themes and concepts across chapters are also accentuated. Such a publication provides access to the study of gender relations in sport to students across a variety of disciplines. Emily A. Roper, Ph.D. is an Associate Professor in the Department of Health and Kinesiology at Sam Houston State University. Her research focuses on gender, sexuality, and sport.
