A Biblical-Theological Introduction to the Old Testament

An introduction to the first five books of the Old Testament, dealing with major thematic units within each biblical book. This new edition has been substantially revised and updated.

New Dictionary of Biblical Theology

The new novel from the Pulitzer-nominated, bestselling author of *For the Relief of Unbearable Urges*—a political thriller set against the Israeli-Palestinian conflict. In the Negev desert, a nameless prisoner languishes in a secret cell, his only companion the guard who has watched over him for a dozen years. Meanwhile, the prisoner's arch nemesis—The General, Israel's most controversial leader—lies dying in a hospital bed. From Israel and Gaza to Paris, Italy, and America, Englander provides a kaleidoscopic view of the prisoner's unlikely journey to his cell. *Dinner at the Center of the Earth* is a tour de force—a powerful, wryly funny, intensely suspenseful portrait of a nation riven by insoluble conflict, and the man who improbably lands at the center of it all.

What Happens in Paradise

In recent years our knowledge of the individual parts of the Bible has increased greatly, but our understanding of how they fit together has not kept pace. In particular, the relationship between the Old and New Testaments has been a neglected field of study. The latest in IVP's developing family of New Dictionaries, the 'New Dictionary of Biblical Theology' is an essential tool for students, preachers and ministers, as well as for scholars and others seeking a better grasp of the Bible's teaching. The aim of this prestigious dictionary is to integrate the various

biblical books and themes into the overarching story of the Scriptures. The volume embodies three perspectives on biblical theology, which are reflected in its structure.

Pluralistic Struggles in Gender, Sexuality and Coloniality

An analysis of how religious bias shaped U.S. federal Indian law.

This Side of Paradise

National Book Critics Circle Award Winner for Autobiography: "A powerful story of the meaning of family and tradition inside a little-known culture" (San Francisco Chronicle). In a remote corner of the world, forgotten for nearly three thousand years, lived an enclave of Kurdish Jews so isolated that they still spoke Aramaic, the language of Jesus. Mostly illiterate, they were self-made mystics, gifted storytellers, and humble peddlers who dwelt in harmony with their Muslim and Christian neighbors in the mountains of northern Iraq. To these descendants of the Lost Tribes of Israel, Yona Sabar was born. Yona's son, Ariel, grew up in Los Angeles, where Yona had become an esteemed professor, dedicating his career to preserving his people's traditions. Ariel wanted nothing to do with his father's strange immigrant heritage—until he had a son of his own. Ariel Sabar brings to life the ancient town of Zakho, discovering his family's place in the sweeping saga of Middle Eastern history. This powerful book is an improbable story of tolerance and hope set in what today is the very center of the world's attention. "Graceful and resonant . . . A personal undertaking for a son who admits he never understood his unassuming, penny-pinching immigrant father." —The New York Times Book Review "Sabar's family history turns out to be more than the chronicle of one man's efforts to retain something of his homeland in new surroundings. It's also a moving story about the near-death of an ancient language and the tiny flicker of life that remains in it." —The Washington Post Book World "One of the best recent memoirs I've read." —The Huffington Post

The City of God and the Goal of Creation

"Martin Fletcher, who headed up NBC TV's Tel Aviv News Bureau, knows his territory and it shows on every page. Promised Land is a great sweeping epic, reminiscent of Leon Uris' Exodus; a moving story of triumph and tragedy, new love and historic hate, expertly told by a cast of unforgettable characters. Fletcher's writing is superb and rises to the level of importance that this story demands and deserves. Historical novels don't get much better than Promised Land." —Nelson DeMille, #1 New York Times bestselling author of The Cuban Affair Promised Land is the sweeping saga of two brothers and the woman they love, a devastating love triangle set against the tumultuous founding of Israel. The story begins when fourteen-year-old Peter is sent west to America to escape the growing horror of

Nazi Germany. But his younger brother Arie and their entire family are sent east to the death camps. Only Arie survives. The brothers reunite in the nascent Jewish state, where Arie becomes a businessman and one of the richest men in Israel while Peter becomes a top Mossad agent heading some of Israel's most vital espionage operations. One brother builds Israel, the other protects it. But they also fall in love with the same woman, Tamara, a lonely Jewish refugee from Cairo. And over the next two decades, as their new homeland faces extraordinary obstacles that could destroy it, the brothers' intrigues and jealousies threaten to tear their new lives apart. Promised Land is at once the gripping tale of a struggling family and an epic about a struggling nation.

Interpreting the Pentateuch

Paradise Lost is an epic poem in twelve books, in English heroic verse without rhyme, by John Milton (C. P. P.) and was published in 1667. The subject is the fall of man, and the expulsion from Paradise.

Promised Land

The Seventh Heaven

Making a Promised Land examines the interconnected histories of African American representation, urban life, and citizenship as documented in still and moving images of Harlem over the last century. Paula J. Massood analyzes how photography and film have been used over time to make African American culture visible to itself and to a wider audience and charts the ways in which the "Mecca of the New Negro" became a battleground in the struggle to define American politics, aesthetics, and citizenship. Visual media were first used as tools for uplift and education. With Harlem's downturn in fortunes through the 1930s, narratives of black urban criminality became common in sociological tracts, photojournalism, and film. These narratives were particularly embodied in the gangster film, which was adapted to include stories of achievement, economic success, and, later in the century, a nostalgic return to the past. Among the films discussed are Fights of Nations (1907), Dark Manhattan (1937), The Cool World (1963), Black Caesar (1974), Malcolm X (1992), and American Gangster (2007). Massood asserts that the history of photography and film in Harlem provides the keys to understanding the neighborhood's symbolic resonance in African American and American life, especially in light of recent urban redevelopment that has redefined many of its physical and demographic contours.

Bound for the Promised Land

New Strangers in Paradise offers the first in-depth account of the ways in which contemporary American fiction has been shaped by the successive generations of immigrants to reach U.S. shores. Gilbert Muller reveals how the intersections of peoples, regions, and competing cultural histories have remade the American cultural landscape in the aftermath of World War II. Muller focuses on the literature of Holocaust survivors, Chicanos, Latinos, African Caribbeans, and Asian

Americans. In the quest for a new identity, each of these groups seeks the American dream and rewrites the story of what it means to be an American. *New Strangers in Paradise* explores the psychology of uprooted peoples and the relations of culture and power, addressing issues of race and ethnicity, multiculturalism and pluralism, and national and international conflicts. Examining the groups of immigrants in the cultural and historical context both of America and of the lands from which they originated, Muller argues that this "fourth wave" of immigration has led to a creative flowering in modern fiction. The book offers a fresh perspective on the writings of Vladimir Nabokov, Saul Bellow, William Styron, Maxine Hong Kingston, Amy Tan, Oscar Hijuelos, Jamaica Kincaid, Bharati Mukherjee, Rudolfo Anaya, and many others.

Dinner at the Center of the Earth

"For here we have no lasting city, but we seek the city that is to come." -Hebrews 13:14 At the very heart of God's plan for the world stands an extraordinary city. Beginning with the garden of Eden in Genesis and ending with the New Jerusalem in Revelation, the biblical story reveals how God has been working throughout history to establish a city filled with his glorious presence. Tracing the development of the theme of city in both testaments, T. Desmond Alexander draws on his experience as a biblical scholar to show us God's purpose throughout Scripture to dwell with his redeemed people in a future extraordinary city on a transformed earth. Part of the Short Studies in Biblical Theology series.

The Bible as it was

In this New Studies in Biblical Theology volume, Oren Martin demonstrates how, within the redemptive-historical framework of God's unfolding plan, the land promise to Israel advances the place of the kingdom that was lost in Eden, anticipating the even greater land, prepared for all of God's people, that will result from the person and work of Christ.

Making a Promised Land

This story set in Ruby, Oklahoma is about an African American community.

Pagans in the Promised Land

This study, based on Dr. Mears' perennial best-seller, invites readers to explore the world of the biblical Patriarchs in Genesis and journey with the ancient Israelites on their liberating exodus from Egypt to the Promised Land. Through 12 sessions of study, readers will get to know Adam and Eve, Abraham, Isaac, Jacob, Joseph, Moses and others, and see God's timeline for Israel's formation and salvation unfold. Plus, Dr. Mears' signature approach to the sweeping biblical narrative is to focus on Christ, so readers will also come to understand how even the earliest events of Scripture point forward to Jesus and His faithfulness to us today. Each session includes questions for discussion or personal consideration, ideal for group or individual study, as well as journaling space for deeper reflection.

A Kind of Mirraculas Paradise

From a master historian, the definitive account of history's first terrorists An offshoot of the Ismaili Shi'ite sect of Islam, the Assassins were the first group to make systematic use of murder as a political weapon. Established in Iran and Syria in the eleventh and twelfth centuries, they aimed to overthrow the existing Sunni order in Islam and replace it with their own. They terrorized their foes with a series of dramatic murders of Islamic leaders, as well as of some of the Crusaders, who brought their name and fame back to Europe. Professor Lewis traces the history of this radical group, studying its teachings and its influence on Muslim thought. Particularly insightful in light of the rise of the terrorist attacks in the U.S. and in Israel, this account of the Assassins--whose name is now synonymous with politically motivated murderers--places recent events in historical perspective and sheds new light on the fanatic mind.

Studies in the Historical Books of the Old Testament

Exploring the Old Testament

Naked in the Promised Land

A freewheeling, sharp-shooting indictment of a tech-besotted culture. With razor wit, Nicholas Carr cuts through Silicon Valley's unsettlingly cheery vision of the technological future to ask a hard question: Have we been seduced by a lie? Gathering a decade's worth of posts from his blog, Rough Type, as well as his seminal essays, *Utopia Is Creepy* is "Carr's best hits for those who missed the last decade of his stream of thoughtful commentary about our love affair with technology and its effect on our relationships" (Richard Cytowic, *New York Journal of Books*). Carr draws on artists ranging from Walt Whitman to the Clash, while weaving in the latest findings from science and sociology. Carr's favorite targets are those zealots who believe so fervently in computers and data that they abandon common sense. Cheap digital tools do not make us all the next Fellini or Dylan. Social networks, diverting as they may be, are not vehicles for self-enlightenment. And "likes" and retweets are not going to elevate political discourse. *Utopia Is Creepy* compels us to question the technological momentum that has trapped us in its flow. "Resistance is never futile," argues Carr, and this book delivers the proof.

Utopia Is Creepy: And Other Provocations

The history of intolerance in the United States begins in colonial times. Discrimination on the basis of religion, race, and sexual orientation have been characteristic of our society for more than three centuries. "Us and Them" illuminates these dark corners of our nation's past and traces its ongoing efforts to live up to its ideals. Through 14 case studies, using original documents, historical photos, newly commissioned paintings, and dramatic narratives, readers begin to understand the history and psychology of intolerance as they witness firsthand the

struggles that have shaped our collective identity. We read about Mary Dyer, who was executed for her Quaker faith in Boston in 1660. We learn how the Mormons were expelled from Missouri in 1838. The attack on Chinese miners in Rock Spring, Wyoming in 1885, the battle of Wounded Knee in 1890, the activities of the Ku Klux Klan in Mobile, Alabama in 1981, and the Crown Heights riot in New York in 1991--all are presented in clear and powerful narrative that brings to life history that is often forgotten or slighted.

Kugel shows how a group of anonymous ancient interpreters radically transformed the Bible and made it into the book that has come down to us today. 24 halftone illustrations.

One Day in the Promised Land

A collection of essays from a "great poet-critic-intellectual" (Daily Beast). Adam Kirsch has been described as "elegant and astute...[a] critic of the very first order" (Michiko Kakutani, New York Times). In these brilliant, wide-ranging essays, published over the last eight years in the New Republic, The New Yorker, and elsewhere, Kirsch shows how literature can illuminate questions of meaning, ethics, and politics, and how those questions shape the way we take pleasure in art. In *Rocket and Lightship* he examines the work and life of writers past and present, from intellectuals Susan Sontag, Hannah Arendt, and Walter Benjamin to novelists including E. M. Forster, David Foster Wallace, and Zadie Smith. Kirsch quotes G. M. Hopkins: "Nor rescue, only rocket and lightship, shone." So shines literature, in these unflinchingly bold and provocative essays—as an illuminating, regenerative, and immortalizing force.

Milton and the Making of Paradise Lost

This critically informed and theologically sensitive introduction to the Prophets considers the often-misunderstood prophetic books of the Old Testament, including an exploration of their historical context, their artful use of language, and their place within the chorus of Old Testament voices.

'Asharah Mubasharah

This open access book seeks to understand how politics is being made in a pluralistic sense, and explores how these political struggles are challenging and transforming gender, sexuality, and colonial norms. As researchers located in Sweden, a nation often cited as one of the most gender-equal and LGBTQ-tolerant nations, the contributions investigate political processes, decolonial struggles, and events beyond, nearby, and in between organizations, states, and national territories. The collection represents a variety of disciplines, and different theoretical conceptualizations of politics, feminist theory, and postcolonial and queer studies. Students and researchers with an interest of queer studies, gender studies, critical whiteness studies, and civil society studies will find this book an invaluable resource.

Rocket and Lightship: Essays on Literature and Ideas

Definitive novel of the "Lost Generation" focuses on the coming of age of Amory Blaine, a handsome, wealthy Princeton student. Fitzgerald's first novel and an immediate, spectacular success. Note.

Paradise Lost

This text has been a popular introduction to the Pentateuch for over fifteen years, offering a unique alternative to the critical approaches that focus on the composition of these books rather than the actual content. With this new edition, T. Desmond Alexander keeps the book fresh and relevant for contemporary students by updating the references and adding material that reflects recent pentateuchal research as well as the author's maturing judgments. The result is a revision that will prove valuable for many years to come.

Short Biographies of the Prophet and His Ten Companions who Were Given the Tidings of Paradise

Internationally renowned essayist and cultural commentator Ilan Stavans spent five years traveling from across a dozen countries in Latin America, in search of what defines the Jewish communities in the region, whose roots date back to Christopher Columbus's arrival. In the tradition of V.S. Naipaul's explorations of India, the Caribbean, and the Arab World, he came back with an extraordinarily vivid travelogue. Stavans talks to families of the desaparecidos in Buenos Aires, to "Indian Jews," and to people affiliated with neo-Nazi groups in Patagonia. He also visits Spain to understand the long-term effects of the Inquisition, the American Southwest habitat of "secret Jews," and Israel, where immigrants from Latin America have reshaped the Jewish state. Along the way, he looks for the proverbial "seventh heaven," which, according to the Talmud, out of proximity with the divine, the meaning of life in general, and Jewish life in particular, becomes clearer. The Seventh Heaven is a masterful work in Stavans's ongoing quest to find a convergence between the personal and the historical.

A Step Away from Paradise

In this latest addition to the Handbooks for Old Testament Exegesis series, Peter T. Vogt continues the tradition of excellence established by previous volumes. Divided into three parts, Interpreting the Pentateuch first provides an overview of the major themes of the Pentateuch. In the second part, Vogt offers resources and strategies for interpreting and understanding the first five books of the Bible by exploring its genres-law and narrative. Finally, Vogt shows that, although the Pentateuch is a collection of ancient texts, it still has contemporary significance.

Vogt also includes two samples-one from law and one from narrative-of exegesis, giving students a start-to-finish example of the techniques he has illustrated for effective exegesis.

The Assassins

Island paradise. Mecca for clubbers. Home to exuberant transient workers. Third most magnetic spot on Earth. Place where dreams come true, and nightmares too. There are many sides to the Balearic island of Ibiza, and as many different stories. Set over 24 hours at the height of the season, *One Day In The Promised Land* follows the antics of a selection of the players who make up the island's lifeblood. From the starry-eyed lovers to the rep who's planning the party to end them all; and from the boisterous yet hapless holiday-makers to the girl making a desperate and courageous dash for freedom, we meet a collection of characters as enthralling, beautiful, insane and exhilarating as the island itself. Each individual story takes a snapshot of Ibiza as seen from the perspective of the narrator, and paints a picture of the island that is usually only glimpsed by those who have visited this modern day Sodom and Gomorra. If Robert Altman, Irvine Welsh and Hunter S Thompson went on holiday to the White Isle, their postcards might read a little something this. *One Day In The Promised Land* takes you under the skin and into the mind of this wonderful island paradise, and introduces you to some of the humans who make Ibiza what it is. It's almost as good as being there yourself.

Stories of the Sahabah

This modern classic of LGBT writing includes an introduction from Carmen Maria Machado, author of *Her Body and Other Parties*, and a new afterword from Lillian Faderman. Born in 1940, Lillian Faderman is the only child of an uneducated and unmarried Jewish woman who left Latvia to seek a better life in America. Lillian grew up in poverty, but fantasised about becoming an actress. When her dreams led to the dangerous, seductive world of the sex trade and sham-marriages in Hollywood of the fifties, she realised she was attracted to women, and that show-biz is as cruel as they say. Desperately seeking to make her life meaningful, she studied at Berkeley; paying her way by working as a pin-up model and burlesque dancer, hiding her lesbian affairs from the outside world. At last she became a brilliant student and the woman who becomes a loving partner, a devoted mother, an acclaimed writer and ground-breaking pioneer of gay and lesbian scholarship. Told with wrenching immediacy and great power, *Naked in the Promised Land* is the story of an exceptional woman and her remarkable, unorthodox life.

The Old Testament

"Compelling...A bracing work of art and a loving tribute" (Los Angeles Times), this propulsive, stunning book illuminates the experience of living with schizophrenia like never before. Sandra Allen did not know their uncle Bob very well. As a child, Sandy had been told Bob was "crazy," that he had spent time in mental hospitals while growing up in Berkeley in the 60s and 70s. But Bob had lived a hermetic life in a remote part of California for longer than Sandy had been alive, and what little Sandy knew of him came from rare family reunions or odd, infrequent phone calls. Then in 2009 Bob mailed Sandy his autobiography. Typewritten in all caps, a stream of error-riddled sentences more than sixty, single-spaced pages, the often-incomprehensible manuscript proclaimed to be a "true story" about being "labeled a psychotic paranoid schizophrenic," and arrived with a plea to help him get his story out to the world. "Searing" (O, The Oprah Magazine), "enthraling" (Star-Tribune, Minneapolis), and "a marvel" (Esquire), A Kind of Mirraculas Paradise shows how Sandy translated Bob's autobiography, artfully creating a gripping coming-of-age story while sticking faithfully to the facts as he shared them. Sandy also shares background information about their family, the culturally explosive time and place of their uncle's formative years, and the vitally important questions surrounding schizophrenia and mental healthcare in America more broadly. The result is a heartbreaking and sometimes hilarious portrait of a young man striving for stability in his life as well as his mind, and an utterly unique lens into an experience that, to most people, remains unimaginable. "Thrilling...Gorgeous...a watershed in empathetic adaptation of 'outsider' autobiography" (The New Republic), A Kind of Mirraculas Paradise is a dazzlingly, daringly written book that's poised to change conversation about schizophrenia and mental illness generally.
