Gazing Into the Eternal

The Old, the New, the Eternal

Dada is often celebrated for its strategies of shock and opposition, but in Dada Presentism, Maria Stavrinaki provides a new picture of Dada art and writings as a lucid reflection on history and the role of art within it. The original (Berlin-based) Dadaists' acute historical consciousness and their modern experience of time, she contends, anticipated the formulations of major historians such as Reinhart

Koselleck and, more recently, François Hartog. The book explores Dada temporalities and concepts of history in works of art, artistic discourse, and in the photographs of the Berlin Dada movement. These photographs—including the famous one of the First International Dada Fair—are presented not as simple, transparent documents, but as formal deployments conforming to a very concrete theory of history. This approach allows Stavrinaki to link Dada to more contemporary artistic movements and practices interested in history and the archive. At the same time, she investigates what seems to be a real oxymoron of the movement: its simultaneous claim to the ephemeral and its compulsive writing of its own history. In this way, Dada Presentism also interrogates the limits between history and fiction.

Reflections and Reactions

In a time of uncertainty, humanity has touched the stars and claimed vast worlds under the unified Nations of Earth. Yet beneath the heels of the Mother World, the colonists grow too strong. Soon after, a war unlike any seen before would last for twenty years wherever independence had a voice. Towering machines, known as Unit Fighters, were piloted by the brave as historic battles were fought. And after nine years of peace between the newly established Pride Systems of Devoir-Con passed, the scars of such a mad war were not only left on the worlds they shed blood on but on the soldiers and soon-to-be combatants of Devoir. These are just a few of their stories as, once again, the torn and gritty flag of

Searching Within

This book is for all who hunger for intimacy with God. God in his love has opened his heart through the message and actions of Jesus, and Jesus has revealed God's loving plan to us. This gift of intimacy is meant to enrich us and to be the cause of our joy. Joy is Jesus' intention for all, for he says that he has spoken to us so that our joy may be full (John 15:11). This book invites us to gaze into God's open heart, and prayerfully reflect on the joy that comes from welcoming all that Jesus has revealed. Not only the words of Jesus, but all the words of Scripture reveal what is in God's heart. We can find a multitude of ways to joy through the personal application of the message of the Bible to our lives. This book uses the term 101 ways to joy to emphasize this idea. If we pay attention to our lives in the light of what Scripture tells us, we come to notice an overflowing sense of peaceful delight growing within ourselves. The 101 ways to joy are embedded in Jesus' life, words and

actions, and in the words and actions of the Bible as a whole. Joy is Gods gift to those who seek to understand these words and actions, and to live by them. Since many of us are very busy people, each of the books 101 ways to joy can be read in just a few short minutes. This allows time for reflection that enables readers to make the ideas a part of their lives. The book is meant to light a warm, gentle fire in the hearts of all who read and reflect on it.

Charles Dickens and the Romantic Self

Reflections on Beckett

Jez Butterworth is the most critically acclaimed and commercially successful new British dramatist of the 21st century: his acclaimed play Jerusalem has had extended runs in the West End and on Broadway. This book is the first to examine Butterworth's writings for stage and film and to identify how and why his work appeals so widely and profoundly. It examines the way that he weaves suspenseful stories of eccentric outsiders, whose adventures echo widespread contemporary social anxieties, and involve surprising expressions of both violence and generosity. This book reveals how Butterworth unearths the strange forms of wildness and defiance lurking in the depths and at the edges of England: where unpredictable outbursts of humour highlight the intensity of life, and characters discover links between their haunting past and the uncertainties of the present, to create a meaningful future. Supplemented by essays from

Notes and reflections on the Second Epistle to the Corinthians

Written in Irv Yalom's inimitable story-telling style, *Staring at the Sun* is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an "awakening experience"—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

Spirituality: Selected Quotes And Words Of Wisdom

The way to Eternal Life is through the Cross, and to be effective, it requires our cooperation—the loving gift of self in response to God’s love for us. God’s desire to involve us in his merciful act of redemption. This book is intended to be an extended meditation on that mystery. It is not a devotional guide on the Stations of the Cross in the traditional sense—though it can certainly be used as such. Rather, each Station offers avenues of reflection connecting the Cross of Christ with our own.

The Eternal Drama

A true spiritual journey begins within. The search for who we are, and the deeper purpose of existence, is ultimately an inner quest. Searching Within provides the tools and information to set out on this inward journey. It explains why acquiring self-knowledge is so important for any kind of profound inner change, and how it can bring many benefits to one's life and the world. It describes how using the timeless principles of self-discovery, one can observe and understand their subconscious, with its many drives and desires, and uncover the causes of suffering within themselves--and at the same time, develop their

consciousness, the source of inner peace and love, and the spiritual part each person carries within. Interspersed throughout the book are a series of the most effective and powerful exercises for self-discovery, which can be put into practice in daily life, and used to acquire one's own personal experience. With detailed, clear, precise, and yet simple explanations, this book is the most effective handbook on self-discovery there is and provides a firm foundation and beginning to the inner journey back to source. If taken, the journey leads us further and further within, and at the same time, deeper and deeper into the mysteries of creation. As we penetrate into our own psyche, we penetrate into the very heart of the cosmos. If taken far enough, this journey leads to the reunion with one's divine Being and the very source of creation itself. Mark Pritchard (writing with the name Belsebuub) is the author of a number of books on spirituality, out-of-body experiences, dreams, self-discovery, and esoteric knowledge. He has appeared on radio and television programs internationally, and writes from decades of spiritual and mystical experience.

than ten stories high. Cahokian warriors and traders roamed from the Great Lakes to the Gulf of Mexico. What force on earth would motivate hundreds of thousands of people to pick up, move hundreds of miles, and once plopped down amidst a polyglot of strangers, build an incredible city? A religious miracle: the Cahokians believed that the divine hero Morning Star had been resurrected in the flesh. But not all is fine and stable in glorious Cahokia. To the astonishment of the ruling clan, an attempt is made on the living god's life. Now it is up to Morning Star's aunt, Matron Blue Heron, to keep it quiet until she can uncover the plot and bring the culprits to justice. If she fails, Cahokia will be torn asunder in warfare, rage, and blood as civil war consumes them all. Staring at the Sun

"The Direct Path is the Path to God without dogma or priests or gurus, the Path of DIRECT self-empowerment and self-awakening. Whether you know it yet or not, you have been on it since the day you were born." Today more Americans than ever consider themselves to be "spiritual" people, and yet regular attendance at religious institutions is down, perhaps because many of us are searching for a way to encounter the divine on our own terms. We long to connect with something greater than ourselves, but are often conflicted about the teachings and rituals of organized religions, or simply don't know where to begin. In this groundbreaking, eloquently written

work, renowned religious scholar Andrew Harvey builds on his twenty-five-year study of the world's various mystical traditions--including Buddhism, Hinduism, Taoism, Sufism, the Kabbalah, and Christian mysticism--to create an illuminating spiritual map that anyone can use to develop a direct path to the divine. Andrew Harvey has devoted his life to the study and pursuit of the divine, and in *The Direct Path* he chronicles his own spiritual journey, revealing the events that led to his own disillusionment with the guru system, and the hierarchy and hypocrisy of many contemporary religious movements. He then provides us with the tools we need to cultivate a personal relationship with the divine without relying on gurus, churches, or other institutions and intermediaries. Drawing on mystical traditions from around the world, Harvey outlines eighteen sacred practices--including breathing, chanting, meditation, prayer, and the practice of lovingkindness--that readers can use to unite mind, body, and soul, and he streamlines them into a step-by-step guide to personalized spiritual development and enlightenment. He discusses the four stages of spiritual transformation--awakening, engagement, marriage, and birthing--and shows us how we can incorporate the sacred into everyday life through activities such as dieting and fasting, dancing, laughing, and healing exercises such as yoga and tai chi. Through practical lessons and exercises, Harvey guides us in excavating our spiritual self, and creating not only a path to the divine but to the millions of other selves who walk the earth with us. Perfect for anyone who, in this time of spiritual uncertainty, yearns for fresh teachings and wisdom that will bring

The Direct Path

In the Prologue of his Rule, St. Benedict maps out the road that leads to heaven; he lays the foundation for life in a community that seeks God. The themes that are present throughout the Rule - obedience, humility, prayer, fear of the Lord, eternal life - are grounded in the Prologue. By reflecting on the Prologue one verse at a time, Michael Casey, OCSO, delves into the richness of meaning that can be found in Benedict's words. These reflections, first given as talks and made available on his community's web site, build a bridge between the sixth-century text and twenty-first-century Christians. In *The Road to Eternal Life*, Casey invites readers to reflect on the Prologue in light of their own experiences, to seek the road that leads to salvation.

Zeus, Aphrodite, Apollo, Artemis, Athena—do the gods and goddesses of Greece have anything to say to us that we haven't already heard? In this book, based on a series of his lectures, the eminent Jungian analyst and writer Edward F. Edinger revisits all the major figures, myths, oracles, and legends of the ancient Greek religion to discover what they can still reveal—representing, as they do, one of the religious and mythic foundations of Western culture. Building on C. G. Jung's assertion that mythology is an expression of the deepest layers of mind and soul, Dr. Edinger follows the mythic images into their persistent manifestations in literature and on into our modern lives. He finds that the gods indeed continue to speak as we grow in our capacity to listen and that the myths express the inner energies within all of us as much as ever. Heracles is eternally performing his labors, Perseus is still confronting Medusa, Theseus is forever stalking the Minotaur, and Persephone is still being carried off to life in a new realm.
