Hex Hall -

""April is the book's delightful narrator, both witty and unintentionally funny, one of those kids people sometimes say were 'born old, ' but young and earnest and energetic too. She is fiercely loyal to family and takes this to its logical conclusion in a twisty magical plot full of both humor and terror."" - PAMELA DEAN, Author of "Tam Lin" and "The Secret Country" Maybe magic. Maybe trouble. Homeschooled siblings April and June Bliss are inadvertently sucked into their older cousin Arlene's troubled life when that street-savvy 17-year-old disappears and then sends for their help via an inscrutable grimoire and a mesmerizing silver ring. Although new to the realm of

magic, the sisters concoct an assortment of spells (not altogether successfully) as they attempt to find and rescue wannabe sorceress Arlene. Throughout their journey, smart April and brash June explore family values, encroaching maturity (April's been spying on dishy Justin Fink with a treehouse telescope) and their own stubborn differences. But when life in an adult world takes a turn toward the supernaturally spooky, the two must quickly pull together in order to survive. What is an appropriate sacrifice for family, and what is too much to give for a worthy cause? The girls soon find out what truly matters in life.

Debutantes & Daggers

The beginning of the end. The Apocalypse. A nuclear fallout wiped out every living thing on the planet, except for a few thousand of us who took shelter in

underground bunkers across the globe. Now, after thirteen long years, we were finally able to return to the topside to begin to rebuild. We thought we were alone. We were never more wrong. Before the fallout, scientists had worked on creating an anti-radiation vaccine (ARV). The first two attempts failed, but despite the incomplete tests and results, the government approved and distributed the third serum to the masses in an effort to aid those who had no shelter. It worked, keeping those who remained on the topside alive, but it also altered and mutated them. This new and infectious threat had completely outnumbered us. Now, we not only had to rebuild our planet. We would have to fight for it. My name is Abigail Park. I'm seventeen, and this is my story.

Her Royal Highness

Sophie Mercer's first term at Hex Hall turned out to be

quite eventful. First the ghost of her evil grandmother haunted her every move, then her best friend was accused of murder and of course there was the discovery that Archer Cross, aka the boy of her dreams, was actually an undercover demon hunter - which would probably be something she could have worked on, if she hadn't also discovered that she was actually the demon Archer was hunting... So, despite their issues, Sophie is actually relieved to be spending the summer in London with her father. But when your father is Head of The Council of Prodigium and your summer is being spent at the headquarters of everything magical, then a quiet holiday isn't really that likely. And, as Sophie struggles to come to terms with her new found demon powers, she finds herself thrust once again into a world of dark magic and conspiracies. The only thing that could possibly make things more complicated would be for Archer Cross to show up again, which of course he wouldn't, would he?

prince's kiss be enough to revive her frozen heart? Don't miss GATHERING FROST, a dystopian romance from bestselling author Kaitlyn Davis that reimagines the classic fairy tale of Sleeping Beauty. "I wish I could say I was the hero of the story. A resister. A rebel. Someone who lived to bring an end to the queen who stole my childhood--my mother, my life, my very world. But I'm not. I'm not the good guy. I'm the one who puts the good guys in their graves." Jade was only a little girl when the earthquake struck. Before her eyes, half of New York City disappeared, replaced by a village that seemed torn out of a storybook. Horses and carriages. Cobblestone streets. A towering castle. And, above all, a queen with the magical ability to strip emotions away. Ten years later and Jade has forgotten what it is to feel, to care even to love. Working as a member of the queen's guard, she spends most of her time on the city wall staring at the crumbling skyscrapers of old New York. But everything changes when the queen's runaway son, Prince Asher, returns. Under his relentless taunts, her blood begins to boil. Under his piercing gaze, her heart begins to flutter. And the more her icy soul begins to thaw, the more Jade comes to question everything she's ever known--and, more importantly, whose side she's really on. It's well thought out and it unbelievably magnificent. I seriously couldn't put it down. Wait I never actually put it down. I started and finished in one sitting because it's just that good. This one is a MUST READ." - Happy Tails and Tales Blog "I loved everything about this book! The different take on Sleeping Beauty, the strong female characters, and the overall vibe of the book/series to come. Jade is amazing and leaped off the page! This is not just a romance! It has great action scenes where Jade is kicking some major ass and there are surprises at every corner." - Hooked In A Book "I loved this book. To me is it a very loose reimagined world of Sleeping Beauty, but that is a good thing. It kept me guessing and really kept me on the edge of my seat. I stayed up late reading as I just had to know what happens next." - Michelle's Paranormal Vault of Books

Journey's End

Sophie Mercer thought she was a witch. That was the whole reason she was sent to Hex Hall, a reform school for delinquent Prodigium (aka witches,

shapeshifters, and fairies). But that was before she discovered the family secret, and that her hot crush, Archer Cross, is an agent for The Eye, a group bent on wiping Prodigium off the face of the earth.

Dangerous Boys

Three years ago, Sophie Mercer discovered that she was a witch. It's gotten her into a few scrapes. Her non-gifted mother has been as supportive as possible, consulting Sophie's estranged father—an elusive European warlock—only when necessary. But when Sophie attracts too much human attention for a prom-night spell gone horribly wrong, it's her dad who decides her punishment: exile to Hex Hall, an isolated reform school for wayward Prodigium, a.k.a. witches, faeries, and shapeshifters. By the end of her first day among fellow freak-teens, Sophie has quite a scorecard: three powerful enemies who look like supermodels, a futile crush on a gorgeous warlock, a creepy tagalong ghost, and a new roommate who happens to be the most hated person and only vampire on campus. Worse, Sophie soon learns that a mysterious predator has been attacking students, and her only friend is the number-one suspect. As a series of blood-curdling mysteries starts to converge, Sophie prepares for the biggest threat of all: an ancient secret society determined to destroy all Prodigium, especially her.

Vampire romance takes a snarky turn in this

humorous novel, coming soon to TV screens as a Lifetime Original Movie! Pearl is a sixteen-year-old vampire...fond of blood, allergic to sunlight, and mostly evil...until the night a sparkly unicorn stabs her through the heart with his horn. Oops. Her family thinks she was attacked by a vampire hunter (because, obviously, unicorns don't exist), and they're shocked she survived. They're even more shocked when Pearl discovers she can now withstand the sun. But they quickly find a way to make use of her new talent. The Vampire King of New England has chosen Pearl's family to host his feast. If Pearl enrolls in high school, she can make lots of human friends and lure them to the King's feast—as the entrées. The only problem? Pearl's starting to feel the twinges of a conscience. How can she serve up her new friends—especially the cute guy who makes her fangs ache—to be slaughtered? Then again, she's definitely dead if she lets down her family. What's a sunlight-loving vamp to do?

Arv-3 (the After Light Saga)

When Wayland North brings rain to a region that's been dry for over ten years, he's promised anything he'd like as a reward. He chooses the village elder's daughter, sixteen-year-old Sydelle Mirabel, who is a skilled weaver and has an unusual knack for repairing his magical cloaks. Though Sydelle has dreamt of escaping her home, she's hurt that her parents relinquish her so freely and finds herself awed and afraid of the slightly ragtag wizard who is unlike any of the men of magic in the tales she's heard. Still, she

is drawn to this mysterious man who is fiercely protective of her and so reluctant to share his own past. The pair rushes toward the capital, intent to stop an imminent war, pursued by Reuel Dorwan (a dark wizard who has taken a keen interest in Sydelle) and plagued by unusually wild weather. But the sudden earthquakes and freak snowstorms may not be a coincidence. As Sydelle discovers North's dark secret and the reason for his interest in her and learns to master her own mysterious power, it becomes increasingly clear that the fate of the kingdom rests in her fingertips. She will either be a savior, weaving together the frayed bonds between Saldorra and Auster, or the disastrous force that destroys both kingdoms forever. From the Hardcover edition.
