Psychology

The impossible has spawned the unthinkable. A near-future military experiment has thrust a US-led multinational armada back to 1942, right into the middle of the

naval task force speeding towards Midway Atoll-and what was to be a spectacular Allied triumph in the war in the Pacific. In the chaos that ensues, thousands are killed, but the ripples have only just begun. For these veterans of Pearl Harbor have never seen a helicopter, or a satellite link, or a nuclear weapon. And they've never encountered an African American colonel or a female Australian submarine commander. While they embrace the armada's awesome firepower, they may find the twenty-first-century sailors themselves far from acceptable. Initial jubilation at news the Allies would win the war is quickly doused by the chilling realisation that the time-travellers themselves-by their very presence-have rendered history null and void. Celebration turns to dread when the possibility arises that other elements of the twenty-first-century task force may also have made the trip-and might now be aiding the enemy forces. What happens next is anybody's guess - and everybody's nightmare

Weapons of Choice: World War 2.1

I Am 9 and Wonderful

News of the World?

The key to adventure lies within your imagination! Cousins Patrick and Beth go to the Holy Land in the tenth century BC. Their goal is to get back the ring Hugh stole and return him to 1450s England where he belongs. But troubles await them as soon as they step out of the Imagination Station. First they meet an angry bear and later an angry giant. Set against the backdrop of the David and Goliath story, the cousins learn that having a giant faith is more important than having a giant on your side.

Dark Defender

My father was not an innocent man. As the leader of the Gypsy Brothers Motorcycle Club, he was guilty of many things. But he died for a crime that he didn't commit, framed by an enemy within who then stole his club and everything he had ever worked to protect. Including my innocence. When Dornan Ross framed my father, he set into motion a series of events that could never be undone. My father was murdered by Dornan Ross and his sons when I was fifteen years old. Before my father died, Dornan Ross and his sons stole my innocence, branded my skin and in doing so, ensured that their lives would be prematurely cut short. That they would suffer. I've just turned twenty-one, and I'm out for blood. I'm out for revenge. But I didn't expect to fall for Jase, the youngest brother in the club. I didn't expect that he would turn my world upside down, yank my heart out of my chest and ride away into the sunset with it. Now, I'm faced with an impossible

choice - Jase, or avenging my fathers death? This bundle contains all books in the Gypsy Brothers. The reading order for the series is: SEVEN SONS SIX BROTHERS FIVE MILES FOUR SCORE THREE YEARS TWO ROADS ONE LOVE ALTERNATE ZERO HOUR

Going Broke

A new perspective on a beloved cultural icon, its place in our history, and its meaning in the American imagination This elegantly written appreciation of the Empire State Building opens up the building's richness and importance as an icon of America. The book leads us through the facts surrounding the skyscraper's conception and construction, then enters into a provocative theoretical discussion of its function as an icon, its representation in pictures, literature, and film, and the implications of its iconic status as New York's most important architectural monument to ambition and optimism. The Empire State Building literally cannot be seen in its totality, from any perspective. And paradoxically, this building of unmistakable solidity has been made invisible by familiarity and reproduction through imagery. Mark Kingwell encourages us to look beneath the strong physical presence of the building, to become aware of its evolving layers of meaning, and to see how the building lives within a unique imaginative space in the landscape of the American consciousness. He offers new ways of understanding the Empire State Building in all its complexity and surprising insights into its special role as an

American icon.

Gypsy Brothers

One sexy Morgan man may have finally met his match in a talented and beautiful young widow. But will their ambitions come between them? When artist Anise Cartier leaves Nebraska for L.A., she's finally ready to put the past and its losses behind her. And she soon finds a welcoming committee in the form of one very handsome doctor, Gregory Morgan. Their attraction is instant. So is their animosity. Gregory is in a fierce competition for a multimillion-dollar medical research grant. The grant will make a new research center possible. . .once the beloved artist community where Anise plans to set up shop is demolished. Soon, it's a battle between art and science--one that neither Anise nor Gregory intend to lose. Can their red hot love survive this heated war of wills?

The studies collected in this volume examine previously undervalued and undiscovered aspects of Rist's multi-faceted oeuvre. In a series of essays, renowned authors from the fields of literary and music history, church history, and the history of science and hymnology assess Rist's role as a communicator while revealing the heterogeneity of his creative work and the wide range of his influence.

Anesthesiology Oral Board Flash Cards

From the bestselling author of *Killing Lincoln* and host of Fox News' top show *The O'Reilly Factor*, the best of Bill O'Reilly's provocative writing—reflecting his ideas, wisdom, and core values. Bill O'Reilly is one of the most recognized and talked-about journalists of our time. With an unparalleled track record as an author and with the #1-rated Fox News show, *The O'Reilly Factor*, O'Reilly has become a veritable institution of political insight and keen advice. In *Keep It Pithy*, O'Reilly offers a classic collection of the most memorable writings from his bestselling books, and looks back at how his opinions and ideas have been proven right or wrong by the passage of time. With his trademark candor and no-nonsense approach, each chapter focuses on a core theme as it gathers O'Reilly's thoughts on the most compelling issues of our time and provides readers an illuminating guide to the American cultural landscape. A spirited and personal book, *Keep It Pithy* is the perfect addition to an O'Reilly fan's library, or the best introduction for the few left uninitiated. From the Hardcover edition.

Harry Truman's Excellent Adventure

Historically, Filipina/o Americans have been one of the oldest and largest Asian American groups in the United States. In this pathbreaking work of historical scholarship, Dorothy B. Fujita-Rony traces the evolution of Seattle as a major site for Philippine immigration between World Wars I and II and examines the dynamics of the community through the frameworks of race, place, gender, and class. By

positing Seattle as a colonial metropolis for Filipina/os in the United States, Fujita-Rony reveals how networks of transpacific trade and militarism encouraged migration to the city, leading to the early establishment of a Filipina/o American community in the area. By the 1920s and 1930s, a vibrant Filipina/o American society had developed in Seattle, creating a culture whose members, including some who were not of Filipina/o descent, chose to pursue options in the U.S. or in the Philippines. Fujita-Rony also shows how racism against Filipina/o Americans led to constant mobility into and out of Seattle, making it a center of a thriving ethnic community in which only some remained permanently, given its limited possibilities for employment. The book addresses class distinctions as well as gender relations, and also situates the growth of Filipina/o Seattle within the regional history of the American West, in addition to the larger arena of U.S.-Philippines relations.

This Suitcase is Going to Explode

From Missouri to New York and back again, this work chronicles the amazing road trip of a former president and his wife and their amusing, failed attempts to keep a low profile.

Scholars and Sultans in the Early Modern Ottoman Empire

DESCRIPTION: Distance learning programs particularly those administered via the Internet are skyrocketing in popularity. Statistics show that by 2003, there will be 2.23 million students taking higher-education distance learning courses. First published in 1996, this guidebook is the nation's leading resource and describes only accredited programs: more than 3,500 certificate and degree opportunities available from nearly 1,100 institutions in the U.S. and Canada. **BENEFITS:** Useful articles on: the ins and outs of a distance learning education; consortia the next big thing in distance learning; choosing the right program; financing tips specifically for distance learners

Franco's Crypt

“Charlie and Dinesh bring important skills to this project that enable them to show how LINQ works and the practical ways you can use it in your daily development process.” From the Foreword by Anders Hejlsberg LINQ is one of Microsoft's most exciting, powerful new development technologies. Essential LINQ is the first LINQ book written by leading members of Microsoft's LINQ and C# teams. Writing for architects, developers, and development managers, these Microsoft insiders share their intimate understanding of LINQ, revealing new patterns and best practices for getting the most out of it. Calvert and Kulkarni begin by clearly explaining how LINQ resolves the long-time “impedance mismatch” between object-oriented code and relational databases. Next, they show how LINQ integrates querying into C# as

a “first-class citizen.” Using realistic code examples, they show how LINQ provides a strongly typed, IntelliSense-aware technology for working with data from any source, including SQL databases, XML files, and generic data structures. Calvert and Kulkarni carefully explain LINQ’s transformative, composable, and declarative capabilities. By fully illuminating these three concepts, the authors allow developers to discover LINQ’s full power. In addition to covering core concepts and hands-on LINQ development in C# with LINQ to Objects, LINQ to XML, LINQ to SQL, and LINQ to Entities, they also present advanced topics and new LINQ implementations developed by the LINQ community. This book

- Explains the entire lifecycle of a LINQ project: design, development, debugging, and much more
- Teaches LINQ from both a practical and theoretical perspective
- Leverages C# language features that simplify LINQ development
- Offers developers powerful LINQ query expressions to perform virtually any data-related task
- Teaches how to query SQL databases for objects and how to modify those objects
- Demonstrates effective use stored procedures and database functions with LINQ
- Shows how to add business logic that reflects the specific requirements of your organization
- Teaches developers to create, query, and transform XML data with LINQ
- Shows how to transform object, relational, and XML data between each other
- Offers best patterns and practices for writing robust, easy-to-maintain LINQ code

Intercellular Signaling in Development and Disease

Four children discover a strange man wandering the hills above their Scottish home and, mistaking him for a fugitive Russian sailor, decide to help him evade his pursuers.

Physics Workbook Answers

ÔThis outstanding book examines whether and how the finance-led growth model can be transformed. The authorsÕ insightful analyses make significant contributions to our understanding of the global economic crisis since 2008 and the search for possible new paths beyond the crisis.Õ ð Stein Kuhnle, University of Bergen, Norway and Hertie School of Governance, Germany ÔThis book sheds a powerful light on the current uncertainty of the world economy. Indispensable reading for understanding the roots of the crisis and the possible ways out.Õ ð Carlota Perez, Technological University of Tallinn, Estonia and London School of Economics, UK This timely and far-reaching book addresses the long-term impact of the recent global economic crisis. New light is shed on the crisis and its historical roots, and resolutions for a more robust, resilient future socio-economic model are prescribed. Leading experts across a range of field including macroeconomics, politics, economic history, social policy, linguistics and global economic relations address key issues emerging from the crisis. They consider whether a new era in interactions between state, society and markets is actually dawning, and whether

the finance-led economic growth model will be transformed into a new and more stable model. The role of the crisis in economy, polity and society, in shaking up existing institutional regimes and in paving the way for new ones is also discussed. Post-crisis combinations of state-society-economy relations are identified, and the question of whether the crisis has led to the reconsideration of economic relations and their institutional embeddedness is explored. This challenging book will provide a thought provoking read for academics, students and researchers focusing on economics, political science and sociology. Policymakers in the fields of economic, industrial and social policy will also find this book to be an informative point of reference.

Logos and Muthos

'These annual anthologies of the poems in the running for the Forward Prizes remain the best way of encountering the richness that new poetry has to offer.' Daily Telegraph The Forward Book of Poetry 2020 brings together a selection of the best poetry published in the British Isles over the last year, including the winners of the 2019 Forward Prizes - and a foreword by jury chair Shahidha Bari. She and her fellow judges - Jamie Andrews of the British Library, plus poets Tara Bergin, Andrew McMillan and Carol Rumens - read a year's worth of new collections plus selected poems from magazines and competitions before arriving at their choices. In celebrating today's fresh voices alongside new work by familiar names, this

anthology offers both an overview of the current poetry scene and a great introduction to contemporary poets. 'The Forward collection is a cornucopia of sweet and sour delights . . . Why read poetry at all? Because these firework-bursts of words can lighten the darkest skies.' Daily Mail

This acclaimed classroom favourite makes the science of psychology come alive for students, with personal stories that exemplify important concepts in a student-friendly way and coverage of the field's scientific foundations and advances. The substantially updated new edition extends the book's focus on developing scientific literacy in the context of psychology, with new features in print and in the book's new online course space, LaunchPad. These features are the result of the book's most dramatic addition—Sandra Hockenbury's new writing partnership with co-author, Susan Nolan, who shares her belief that the introductory course can help all kinds of students develop a real understanding of psychology and lasting scientific literacy without sacrificing the field's research core. The book can also be purchased with the breakthrough online resource, LaunchPad, which offers innovative media content, curated and organised for easy assignability. LaunchPad's intuitive interface presents quizzing, flashcards, animations and much more to make learning actively engaging.

Showdown with the Shepherd

18+ for language and sexual situations... Is love timeless? Does only one true love exist for each person? Can the course of history be changed in order to save a future generation? Sophie Ford, awaiting a heart transplant, thought she was sleeping in the arms of her beloved husband, Jamie. However, she has woken to find herself in Harrisburg, Pennsylvania 1863, without explanation as to how she got there, or where her husband is. Taking refuge with a doctor and his family, she finds herself in a volatile relationship with their neighbor, Richard Madden. His expectations and desires become difficult to ignore, and Sophie must find a way to hold off his pursuit. She rejoices when a soldier, looking identical to Jamie, arrives. Although he claims he doesn't know her, she's convinced he's her husband and sets out to make him remember. Sophie races against time as she faces increasing pressure from Richard, who threatens their chance to reunite. Can she break through Jamie's barriers and bring his memory back? And once found, can their love survive living in a different century?

John Barbirolli

G.D. Falksen's steampunk epic launches with BLOOD IN THE SKIES In 1908, the world ended in fire. Humanity, always bad at following orders, refused to die. Now,

two hundred years later, what remains is divided between civilized order and lawless frontier. For the citizens of the Commonwealth, the brave pilots of the Air Force are all that stand between them and the dreaded pirate lords of the Badlands. For generations, the two forces have struggled back and forth in an endless cycle of invasion and reprisal. Now that is about to change, and flying ace Elizabeth Steele is about to find herself dragged into a web of intrigue aimed at the downfall of the civilized world. Nothing that a clever girl with a trusty aeroplane and a charming spy at her side can't handle. "This is steampunk clanking to life on the page." --Jay Lake "G. D. Falksen's witty, anachronistic, and downright fun writing style makes him a storyteller to watch." --Terrance Zdunich (REPO The Genetic Opera) "A piston blast of pure pulp adventure" --John Leavitt (Dr. Sketchy's Official Rainy Day Colouring Book) "A rousing adventure filled with a wealth of imagery, action and technological wonders." --Chet Phillips "G.D. Falksen is not only one of the most important authors in Steampunk literature, he is arguably the most enjoyable." --Art Donovan (The Art of Steampunk) "A delightfully crunchy alternate reality that lets you feel the gears grinding." --Phil Foglio (Girl Genius)

The Hellfire Chronicles

My father taught me the importance of an eye for an eye—a cardinal rule,

ingrained in every club member. A life for a life. Seven lives in payment for an unimaginable list of sins. People might wonder why I'm doing this. If this vengeance is borne from some noble cause, that I'm trying to prevent others from suffering at the hands of Dornan Ross and his sons. But I'm no vigilante. I'm doing it for me. I'm doing it because I want to. Because the look on Maxi and Chad's faces when I killed them was a balm to my soul. This is the fate they have earned. The penance for their crimes. Two down, five to go. Time to send some of these brothers off with a bang.

American Workers, Colonial Power

Do the great British public get the press the "Red Tops" think they deserve? Or are the tabloids' pious protestations of public interest really just a self-serving attempt to halt declining circulation? Peter Burden examines the News of the World's performance—with its Fake Sheikh and the illegal mobile phone tapping, which lead to a jail sentence for royal reporter Clive Goodman and the resignation of the editor. Burden also highlights the papers hypocrisy when Mazher Mahmood, the Fake Sheikh, was himself unmasked. This is a book for everyone concerned about standards in British tabloid journalism and people who care about privacy rights and the debate over serving the Public Interest versus the interest of the public.

Johann Rist (1607-1667)

Harriet, Jack, and Toby are treasure hunters, searching the Minecraft world for its most valuable hidden secrets. In an abandoned mineshaft, they discover what they hope is an enchanted book. But what they've found turns out to be much more valuable. William is one of Minecraft's most renowned explorers. He's a legend in the world of Minecraft, but, under suspicious circumstances, he's gone missing. The book they've discovered is a journal—a lost journal that once belonged to William the Explorer. Ignoring the ominous DO NOT OPEN THIS BOOK! warning scribbled across the journal, the treasure hunters delve into the book's pages. Filled with the knowledge William has gathered during his adventures, the journal offers invaluable information for the treasure hunters. The promise of hidden strongholds filled with treasure is too good to resist, and the trio begins an epic journey in search of rare goods and possibly even the long-lost explorer himself. This is the first book in the new Lost Minecraft Journals series. The chapters of each book alternate between the journal entries (William's story) and the story of the treasure hunters. Fans of Minecraft won't want to miss this wild new adventure. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the

environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Revenge of the Red Knight

This book examines the transformation of scholars into scholar-bureaucrats and discusses ideology, law and administration in the Ottoman Empire.

Keep It Pithy

Alexis Morgan continues her dazzling paranormal series about larger-than-life warriors and the women they love. As a Paladin warrior, Blake Trahern fights and dies again and again to keep mankind safe from the Others. Sensing his humanity slipping away with each battle, he retreats from the world until the one person who still has a claim on his soul needs his help. It's been twelve years since Blake

vanished from Brenna Nichols's life, years that have turned her from a love-struck teen into a headstrong, sensual woman. He'll fearlessly give his life to protect her -- yet he dare not risk his heart. Brenna is stunned by Blake's reappearance, and by a shocking discovery about her father. Everything she has ever believed is thrown into question -- everything except the desire that Blake still ignites. But as they search together for a traitor among the Paladins, danger looms: the next battle could tip Blake into madness, destroying his life, his soul and the only woman he has ever loved.
