Henning Mankell, the acclaimed author of the Kurt Wallander mysteries, has put his unmistakable stamp on this gripping new thriller. Archaeologist Louise Cantor returns home to Sweden and makes a devastating discovery: her only child, twenty-eight-year-old Henrik, dead in his bed. The police rule his death a suicide but she knows he was murdered; her quest to find out what really happened to Henrik takes her across the globe to Barcelona, where her son kept a secret apartment; Sydney, Australia, to find Aron, her estranged ex-husband and Henrik's father; and to Maputo, Mozambique, where she learns the awful truth behind an AIDS hospice. Her investigation reveals how much her son concealed from her as she uncovers the links between his death, the African AIDS epidemic, and Western pharmaceutical interests, while those who dare help her are killed off. In the tradition of John le Carré's *The Constant Gardener*, *Kennedy's Brain* was inspired by Mankell's anger at ongoing inequities that permit a few people to have unprecedented power over the many poor Africans who have none. Already a bestseller in Europe, *Kennedy's Brain* is both a thrilling page-turner and a damning indictment of inhuman greed in the face of the African AIDS crisis.

“A mesmerizing read. A literary work of high distinction.” —William Grimes, New York Times This “gripping and poignant memoir” (New York Times Book Review) draws us into the intersections of everyday life and Communist power from the first days of “Liberation” in 1949 through the post-Mao era. The son of a professional family, Kang Zhengguo is a free spirit, drawn to literature. In Mao’s China, these innocuous circumstances expose him at age twenty to a fierce struggle session, expulsion from university, and a four-year term of hard labor. So begins his long stay in the prison-camp system. He finally escapes the Chinese gulag by forfeiting his identity: at age twenty-eight he is adopted by an aging bachelor in a peasant village, which enables him to start a new life.

"David Sedaris's ability to transform the mortification of everyday life into wildly entertaining art," (The Christian Science Monitor) is elevated to wilder and more entertaining heights than ever in this remarkable new book. Trying to make coffee when the water is shut off, David considers using the water in a vase of flowers and his chain of associations takes him from the French countryside to a hilariously uncomfortable memory of buying drugs in a mobile home in rural North Carolina. In essay after essay, Sedaris proceeds from bizarre conundrums of daily life—having a lozenge fall from your mouth into the lap of a fellow passenger on a plane or armoring the windows with LP covers to protect the house from neurotic songbirds—to the most deeply resonant human truths. Culminating in a brilliant account of his venture to Tokyo in order to quit smoking, David Sedaris's sixth essay collection is a new masterpiece of comic writing from "a writer worth treasuring" (Seattle Times). Praise for *When You Are Engulfed in Flames*: "Older, wiser, smarter and meaner, Sedaris defies the odds once again by delivering an intelligent take on the banalities of an absurd life." --Kirkus Reviews This latest collection proves that not only does Sedaris still have it, but he's also getting better. Don Quixote has become so entranced reading tales of chivalry that he decides to turn knight errant himself. In the company of his faithful squire, Sancho Panza, these exploits blossom in all sorts of wonderful ways. While Quixote's fancy often leads him astray—he tilts at windmills, imagining them to be giants—Sancho acquires cunning and a certain sagacity. Sane madman and wise fool, they roam the world together—and together they have haunted readers' imaginations for nearly four hundred years. With its experimental form and literary playfulness, Don Quixote has been generally recognized as the first modern novel. This Penguin Classics edition, with its beautiful new cover design, includes John Rutherford's masterly translation, which does full justice to the energy and wit of Cervantes's prose, as well as a brilliant critical introduction by Roberto Gonzalez Echevarriá.

Rudolf Nureyev had it all: beauty, genius, charm, passion, and sex appeal. No other dancer of our time has generated the same excitement, for both men and women, on or off the stage. With *Nureyev: The Life*, Julie Kavanagh shows how his intense drive and passion for dance propelled him from a poor, Tatar-peasant background to the most sophisticated circles of London, Paris, and New York. His dramatic defection to the West in 1961 created a Cold War crisis and made him an instant celebrity, but this was just the beginning. Nureyev spent the rest of his life breaking barriers: reinventing male technique, "crashing the gates" of modern dance, iconoclastically updating the most hallowed classics, and making dance history by partnering England's prima ballerina assoluta, Margot Fonteyn--a woman twice his age. He danced for almost all the major choreographers--Frederick Ashton, George Balanchine, Kenneth MacMillan, Jerome Robbins, Maurice Béjart, Roland Petit--his main motive, he claimed, for having left the Kirov. But Nureyev also made it his mission to stage Russia's full-length masterpieces in the West. His highly personal productions of *Swan Lake*, *The Nutcracker*, *Raymonda*, *Romeo and Juliet*, and *La Bayadère* are the mainstays of the Paris Opéra Ballet repertory to this day. An inspirational director and teacher, Nureyev was a Diaghilev-like mentor to young protégés across the globe--from Karen Kain and Monica Mason (now directors themselves), to Sylvie Guillem, Elisabeth Platel, Laurent Hilaire and Kenneth Greve. Sex, as much as dance, was a driving force for Nureyev. From his first secret liaison in Russia to his tempestuous relationship with the great Danish dancer Erik Bruhn, we see not only Nureyev's notorious homosexual history unfold, but also learn of his profound effect on women--whether a Sixties wild child or Jackie Kennedy and Lee Radziwill or the aging Marlene Dietrich. Among the first victims of AIDS, Nureyev was diagnosed HIV positive in 1984 but defied the disease for nearly a decade, dancing, directing the Paris Opéra Ballet, choreographing, and even beginning a new career as a conductor. Still making plans for the future, Nureyev finally succumbed and died in January 1993. Drawing on previously undisclosed letters, diaries, home-movie footage, interviews with Nureyev's inner circle, and her own dance background, Julie Kavanagh gives the most intimate,

revealing, and dramatic picture we have ever had of this dazzling, complex figure. NOTE: This edition does not include photos.
