The founding principles of traditional Karate, and this is particularly so for all students of Tetsute Do Karate, is the development of self-knowledge, self-discipline, humility and an indomitable spirit. We must develop self-knowledge to understand what our strengths and weaknesses are, the self-discipline to practise those things that need improvement, the humility to understand that we are not perfect and an indomitable spirit to keep us going when everything seems just too hard.

White's New Course in Art Instruction

This early work is fascinating read for sewing enthusiasts and contains much information that is useful and practical today. Its 240 pages are extensively illustrated with diagrams and photographs and 18 full page plates, forming a complete how-to guide to sewing. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions,

using the original text and artwork.

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Whenever a new baby is born, someone usually says, "Good luck with your kid, because he doesn't come with an instruction manual!" Well, Kerri Yarsley, a successful mother of four, is about to change all that. The Instruction Manual for Kids - Parent's Edition is an eminently readable, informative, and entertaining book that takes the reader on a journey from pre-pregnancy preparation all the way through to the late teenage years. It covers the basics as well as some interesting behavioral perspectives that you might not expect in a parenting book. So whether you have one or many kids, be prepared to change your thoughts, words, and actions, and have a brilliant and joyful life with your amazing kids. This comprehensive book sets out many "rules of engagement" between children and their environment during the formative years from birth to early adulthood. Written specifically for parents - both new and seasoned - the book contains information that makes practical sense on all levels. If you are a resident of Planet Earth, then I highly recommend Kerri's book to you. It will inform, amuse, inspire, and move you. —Author Bill Statham, The Chemical Maze Shopping Companion
