### Easy Bible Marking Guide

"The novel that foreshadowed Donald Trump's authoritarian appeal."—Salon  
It Can't Happen Here is the only one of Sinclair Lewis's later novels to match the power of Main Street, Babbitt, and Arrowsmith. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime, and a liberal press. Called "a message to thinking Americans" by the Springfield Republican when it was published in 1935, It Can't Happen Here is a shockingly prescient novel that remains as fresh and contemporary as today's news. Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst

### Along the Infinite Sea

"From the seed of historical truth that is the death of President Lincoln's beloved eleven-year-old son Willie, George Saunders spins a story of familial love and loss that breaks free of its realistic, historical framework into a supernatural realm. Willie Lincoln finds himself in a strange purgatory where ghosts mingle, gripe, commiserate, quarrel, and enact bizarre acts of penance. Within this transitional state--called, in the Tibetan tradition, the bardo--a monumental struggle erupts over young Willie's soul."--Amazon.com.

### Beastie Boys Book

"Depth psychologist and wilderness guide Plotkin offers advice on recognizing and healing inner wounds and destructive patterns of behavior, which can develop into subpersonalities such as inner critics, victims, escapists, rescuers, and so on, with the goal of growing into an integrated, healthy adult- and elder-hood"--

From award-winning author G. Willow Wilson, *The Bird King* is an epic journey set during the reign of the last sultan in the Iberian peninsula at the height of the Spanish Inquisition. G. Willow Wilson's debut novel *Alif the Unseen* was an NPR and Washington Post Best Book of the Year, and it established her as a vital American Muslim literary voice. Now she delivers *The Bird King*, a stunning new novel that tells the story of Fatima, a concubine in the royal court of Granada, the last emirate of Muslim Spain, and her dearest friend Hassan, the palace mapmaker. Hassan has a secret—he can draw maps of places he's never seen and bend the shape of reality. When representatives of the newly formed Spanish monarchy arrive to negotiate the sultan's surrender, Fatima befriends one of the women, not realizing that she will see Hassan's gift as sorcery and a threat to Christian Spanish rule. With their freedoms at stake, what will Fatima risk to save Hassan and escape the palace walls? As Fatima and Hassan traverse Spain with the help of a clever jinn to find safety, *The Bird King* asks us to consider what love is and the price of freedom at a time when the West and the Muslim world were not yet separate.

## 1984

An eye-opening history evoking the disruptive first decade of the twenty-first century in America. Dubya. The 9/11 terrorist attacks. Enron and WorldCom. The Iraq War. Hurricane Katrina. The disruptive nature of the internet. An anxious aging population redefining retirement. The gay community demanding full civil rights. A society becoming ever more “brown.” The housing bubble and the Great Recession. The historic election of Barack Obama—and the angry Tea Party reaction. The United States experienced a turbulent first decade of the 21st century, tumultuous years of economic crises, social and technological change, and war. This “lost decade” (2000–2010) was bookended by two financial crises: the dot-com meltdown, followed by the Great Recession. Banks deemed “too big to fail” were rescued when the federal government bailed them out, but meanwhile millions lost their homes to foreclosure and witnessed the wipeout of their retirement savings. The fallout from the Great Recession led to the hyper-polarized society of the years that followed, when populists ran amok on both the left and the right and Americans divided into two distinct tribes. A Decade of Disruption is a

timely re-examination of the recent past that reveals how we've arrived at our current era of cultural division.

## **Monster in My Closet**

A smart, tight, provocative techno-thriller straight out of the very near future—by an iconic visionary writer Some people call it "abyss gaze." Gaze into the abyss all day and the abyss will gaze into you. There are two types of people who think professionally about the future: foresight strategists are civil futurists who think about geo-engineering and smart cities and ways to evade Our Coming Doom; strategic forecasters are spook futurists, who think about geopolitical upheaval and drone warfare and ways to prepare clients for Our Coming Doom. The former are paid by nonprofits and charities, the latter by global security groups and corporate think tanks. For both types, if you're good at it, and you spend your days and nights doing it, then it's something you can't do for long. Depression sets in. Mental illness festers. And if the "abyss gaze" takes hold there's only one place to recover: Normal Head, in the wilds of Oregon, within the secure perimeter of an experimental forest. When Adam Dearden, a foresight strategist, arrives at Normal Head, he is desperate to unplug and be immersed in sylvan silence. But then a patient goes missing from his locked bedroom, leaving nothing but a pile of insects in his wake. A staff investigation ensues; surveillance becomes total. As the mystery of the disappeared man unravels in Warren Ellis's Normal, Dearden uncovers a conspiracy that calls into question the core principles of how and why we think about the future—and the past, and the now. The ebook edition also includes four conversations with Warren Ellis about Normal, featuring Robin Sloan, Laurie Penny, Geoff Manaugh, and Lauren Beukes. The conversations originally appeared on tor.com.

Someplace like home. To get there, Cole and Miles must journey across a changed America in disguise as mother and daughter. From a military base in Seattle to a luxury bunker, from an anarchist commune in Salt Lake City to a roaming cult that's all too ready to see Miles as the answer to their prayers, the two race to stay ahead at every step . . . even as Billie and her sinister crew draw closer. A sharply feminist, high-stakes thriller from award-winning author Lauren Beukes, *Afterland* brilliantly blends psychological suspense, American noir, and science fiction into an adventure all its own -- and perfect for our times.

A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's 1984 takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is, above all, a way of asserting power."—The New Yorker In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a magnifying device for an examination of the present." Though the year 1984 now exists in the past, Orwell's novel remains an urgent call for the individual willing to speak truth to power.

'It's pretty rare to come across a motor racing book that tempts you to read the thing in one sitting but "Prof" Watkins has produced a gem [he] is a superb raconteur, not afraid to speak his mind yet peppering the gravity with occasionally side-splitting humour. No true motorsport fan should be without this book.'

Autosport Grand Prix racing has undergone sweeping changes in the last thirty years. Many of these involve safety and medical rescue. The man behind them - a champion in the racing world although he has never won a race - is the eminent neurosurgeon Sid Watkins. *Life at the Limit* is his remarkable story. It spans the most exciting years in Grand Prix racing and includes intimate portraits of motorsport's greatest names, from Jackie Stewart and Niki Lauda to Alain Prost and Damon Hill. Sid Watkins has also witnessed, at first hand, some of the most severe and spectacular racing accidents. His account of these is made all the more poignant by the fact that some of the men he has rescued, sometimes at the point of death, have been personal friends. From Monza, in 1978, where Ronnie Petersen suffered a fatal accident, to Imola in May 1994 where Ayrton Senna met his untimely death, the high, and low, points of Grand Prix racing are vividly described. For all fans of Formula One, this is the inside story of the world's most dangerous sport.
