Christopher Columbus

Twelve-year-old Libby, the daughter of an Indiana cattle farmer, raises two calves in hopes of winning the annual steer competition at the county fair, but fails to follow her father's warning about developing a bond with animals that are destined to be sold at auction.

It's All One Man's Job

From starry night rituals to garden toad totems, discover the enchanting craft of the HedgeWitch. Transform your life with a little help from nature! Working in harmony with the earth's energy is the heart of the free-spirited, simple garden magick known as HedgeWitchery. This guidebook from the immensely popular Silver RavenWolf has everything a new HedgeWitch needs to connect in a personal way with nature's creative, life-affirming energy and use it in magick and spellwork. HedgeWitch features a fourteen-lesson, hands-on guide that you complete at your own pace, interacting with different aspects of nature in simple yet life-changing ways. The fourteen rituals, which can be done alone or with a group, culminate in an inspiring dedication ceremony. Along with a wealth of helpful hints on using HedgeWitch magick for love, health, and beauty, this guide presents tips and recipes for soap making, tea-leaf reading, butterfly garden magick, organically growing your own herbs, and a variety of other ways to use HedgeWitchery in your hearth, home, and garden. Praise for Silver RavenWolf: "RavenWolf's prose is delightful and inviting a wonderful guidebook for readers who are serious about beginning a Wiccan spiritual journey."—Publishers Weekly

Your Body on Gluten

In this six-session small group Bible study (DVD/digital video sold separately), Andy Stanley challenges us to stop flirting with disaster and establish personal guardrails. Guardrails. They're everywhere, but they don't really get much attention until somebody hits one. And then, more often than not, it is a lifesaver. Ever wonder what it would be like to have guardrails in other areas of your life—areas where culture baits you to the edge of disaster and then chastises you when you step across the line? Your friendships. Your finances. Your marriage. Maybe your greatest regret could have been avoided if you had established guardrails. In this six-session video-based small group bible study, Andy Stanley challenges us to stop flirting with disaster and establish some personal guardrails. Sessions include: Direct and Protect (20:00) Why Can't We Be Friends? (18:30) Flee Baby Flee! (21:30) Me and the Mrs. (15:00) The Consumption Assumption (19:00) Once and for All (17:30) Designed for use with the Guardrails Video Study (sold separately).

iMarriage Study Guide

"Cows send out signals continuously about their health, well-being, nutrition, and production. The challenge for the dairy farmer is how to interpret these signals and use them. Dutch vet and cow enthusiast Jan Hulsen has drawn on his expertise and wide experience of cows and dairy farmers to write Cow Signals: a richly illustrated farmer's guide on how to interpret the behaviour, posture and physical characteristics of groups of cows and individual animals. When observing cows it is important not to jump to conclusions immediately, but instead always to ask yourself three questions: What do I see? Why has this happened? What does this mean? If you know what to look for, you can pick up the signals everywhere and any time. Cow Signals will show you how"--Back cover note.

Your Body on Carbohydrates

Had another good night; rose soon after seven, found ourselves within 3 miles of the coast of Ireland with Cantyre on our right. Heard the Captain speak to a vessel going to Liverpool telling them to report us all well. Breakfasted very well but soon returned upon deck as we expected soon to lose sight of land. A pretty stiff gale about ten which threw the vessel a good deal on one side. Continued in sight of Ireland till past five when the land and we parted for some weeks. About this time I became qualmish and went to the stern to see if I could hasten the catastrophe by putting down my fingers; this did not avail, therefore I descended to open my store of camomile and black currants; no sooner was this accomplished than I became sick three or four times. I then undressed and rolled into my berth and slept 3 or 4 hours. The ship rolled very much and the water I heard splashing by; it seemed sometimes as if actually going over. Two interesting circumstances occurred last night. I dreamed that my father was actually alive and in his better way.

Cow Signals

The ocean is a fundamental component of the earth's biosphere. It covers roughly 70 percent of Earth's surface and plays a pivotal role in the cycling of life's building blocks, such as nitrogen, carbon, oxygen, and sulfur. The ocean also contributes to regulating the climate system. Most of the primary producers in the ocean comprise of microscopic plants and some bacteria; and these photosynthetic organisms (phytoplankton) form the base of the ocean's food web. Monitoring the health of the ocean and its productivity is critical to understanding and managing the ocean's essential functions and living resources. Because the ocean is so vast and difficult for humans to explore, satellite remote sensing of ocean color is currently the only way to observe and monitor the biological state of the surface ocean globally on time scales of days to decades. Ocean color measurements reveal a wealth of ecologically important characteristics including: chlorophyll concentration, the rate of phytoplankton photosynthesis, sediment transport, dispersion of pollutants, and responses of oceanic biota to long-term climate changes. Continuity of satellite ocean color data and associated climate research products are presently at significant risk for the U.S. ocean color community. Assessing Requirements for Sustained Ocean Color Research and Operations aims to identify the ocean color data needs for a broad range of end users, develop a consensus for the minimum requirements, and outline options to meet these needs on a sustained basis. The report

assesses lessons learned in global ocean color remote sensing from the SeaWiFS/MODIS era to guide planning for acquisition of future global ocean color radiance data to support U.S. research and operational needs.

Don't Stop Me Now

Until Expectations May You Part Giddy with excitement and burning with love's fire, engaged couples are filled with desires and expectations! Wonder and eager anticipation propel them forward. Then comes the marriage and if they take the wrong approach, those unrealized expectations and unmet wants can turn a life-giving covenant relationship into a dead-end contractual agreement. Suddenly your marriage has no love, joy, or peace. In this marriage-makeover DVD and study guide from Northpoint Resources, Andy Stanley 's three key teachings help you transform your expectations and examine the "I's" of marriage: "Keeping My 'I' On You," "Putting Your 'I' Out," and "It Takes Three." Broken into six DVD sessions with discussion questions, this is one lesson your marriage won't survive without. Until Expectations Do Us Part Standing at the altar we all had a picture of what our marriage would look like. The problem is this picture of marriage ends up as expectations that we unload on our spouse. The weight of these expectations will rob your marriage of love and joy. As a spouse you never feel like you measure up and you never feel like you are good enough. So what are you to do with your expectations? You can't deny them because most expectations started out as God-given desires. In this six-session companion study guide to the DVD, Andy Stanley explains that you must instead learn to transform your expectations and look to God if you are to experience marriage as it was designed. This study guide is complete with a leader's guide and six lessons including conversation-starting exercises, discussion questions and application steps. Story Behind the Book Andy Stanley is the senior pastor of three North Point Ministries campuses, with a cumulative congregation of more than twenty thousand. As couples voiced their various marital struggles to him, the common root problem became undeniably clear. The "me" syndrome, or the "I" effect, was tearing apart husbands and wives who were once head-over-heels in love. To help couples step back from their immediate circumstances and realize the bigger picture, he preached a series called "iMarriage." This DVD and study guide will empower couples everywhere to transform their marriages into the one God intends for them.

Jeremy Clarkson knows there's more to life than cars. There is, after all, a whole world out there just waiting to be discovered. So, before he gets on with the job in hand, he'd like to take some time out to consider the bigger picture. Don't worry, he'll get on to the car bit eventually, but before we do, there's time to learn about: Why Galapagos tortoises are all mental France, reduced to the size of a small coconut Why Jeremy Paxman and the bass guitarist of AC/DC aren't so very different The problems of being English and God's most stupid creation And then there's the cars: Whether it's the poxiest little runabout or an exotic, firebreathing supercar, anything on four wheels is approached without fear or favour. What emerges from the ashes is not always pretty. But it is, invariably, very, very funny.

Service to Volkswagen owners is of top priority to the Volkswagen organization and has always included the continuing development and introduction of new and expanded services. In line with this purpose, Volkswagen of America, Inc., has introduced this Volkswagen Official Service Manual. The aim throughout has been simplicity, clarity and completeness, with practical explanations, step-by-step procedures, and accurate specifications.

HedgeWitch

A traditional source of sexual titillation for adult readers, fairy tales historically boasted licentious themes before being cleaned up for the consumption of children in modern times. Seasoned erotica author Mitzi Szereto restores the explicit sex in these 15 tales — and adds some provocative surprises of her own. Here the bawdy humor of French fable meets the sublime eroticism of ancient Chinese myth; a not-so-virgin damsel weds a Prince Charming with a shoe fetish; Little Red Riding Hood discovers Grandma's bed is open to any stray wolf; and a Japanese monk stumbles onto an S/M scene behind a forbidden door. Each tale is prefaced by a brief introduction telling its history and the sexual culture in which the work was originally composed.
