The debut thriller in the internationally acclaimed series? available for the first time in the United States A long-time number one bestseller in his native Sweden, Åke Edwardson?s profile was conspicuously raised when his novel Frozen Tracks was chosen as a finalist for a 2008 Los Angeles Times Book Prize. Until now, however, the novel that launched Edwardson?s critically acclaimed Erik Winter series has never been available in the United States. With a new series translator who fully captures Edwardson?s signature atmospheric style, Death Angels is America?s introduction to Sweden?s youngest Chief Inspector as he teams up with Scotland Yard to solve the mysterious parallel killings of young British and Swedish tourists. Copper Heart

Never has Inspector Montalbano's character – a unique blend of humor, cynicism, compassion, earthiness, and love of good food – been more compelling than in Andrea Camilleri's third Montalbano novel, The Snack Thief. When an elderly man is stabbed to death in an elevator and a crewman on an Italian fishing trawler is

machine-gunned by a Tunisian patrol boat off Sicily's coast, only Inspector Montalbano suspects a link between the two incidents. His investigation leads to the beautiful Karima, an impoverished house cleaner and sometime prostitute, whose young son steals other school children's mid-morning snacks. But Karima disappears, and the young snack thief's life – as well as Montalbano's – is endangered when the inspector exposes a viper's nest of government corruption and international intrigue. The Snack Thief is followed by the fourth Inspector Montalbano novel, *The Voice of the Violin*.

Meritta, an outspoken local artist, plunges to her death from the copper mine's tower, and Maria immediately suspects someone helped her fall. The Saxons in England

Since the late 1960s, the novels of Sjowall and Wahloo's Martin Beck detective series, along with the works of Henning Mankell, Hakan Nesser and Stieg Larsson, have sparked an explosion of Nordic crime fiction - grim police procedurals treating urgent sociopolitical issues affecting the contemporary world. Steeped in noir techniques and viewpoints, many of these novels are reaching international audiences through film and television adaptations. This reference guide introduces the world of Nordic crime fiction to English-speaking readers. Caught between the demands of conscience and societal strictures, the detectives in these stories - like the heroes of Norse mythology - know that they and their world must perish, but fight on regardless of cost. At a time of bleak eventualities, Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit.

Lucifer's Tears

A gritty, bone-chilling masterpiece from the most acclaimed Scandinavian crime writer since Henning Mankell It's summer in Sweden. As the coastal city of Gothenburg suffers through a heat wave, Chief Inspector Erik Winter broods over a series of unsolved rape-murders. The crimes bear an eerie resemblance to a five-year-old case that the mercurial detective has refused to let go cold. Has the same rapist reemerged to taunt him, or is a copycat at work? And can Winter find a common thread among the victims before there are more of them? With *Never End*, Åke Edwardson brings American readers another installment of the smart, suspenseful, atmospheric series that has won him legions of fans all over the world.

Gematria and the Tanakh

Inspector Kari Vaara, recovering from brain surgery, is back to doing police work—under circumstances most cops only dream of. Reporting directly to the national chief of police, Kari and his partners Milo and Sulo have been granted secrecy and autonomy for their new black-ops unit, and plenty of cash to work with, including whatever they can steal from Helsinki's mobsters. But Kari's team is too good, and their actions have unintended consequences. The president of Finland wants the team on a new case: the vicious assassination of a prominent immigrants' rights activist. Against a backdrop of simmering hatred spreading across the country, Kari must solve a case that involves the kidnapping of a billionaire's children, a Faustian bargain with a former French Legionnaire—and his own wife.

Night Game

The second installment of the internationally best selling Erik Winter series It's August and the annual Gothenburg Party is in full swing. But this year the bacchanalian blowout is simmering with ethnic discord spurred by nativist gangs. When a woman is found murdered in the park—her identity as inscrutable as the blood-red symbol on the tree above her body—Winter's search for her missing child leads him from sleek McMansions to the Gothenburg fringes, where "northern suburbs" is code for "outsider" and the past is inescapable—even for Sweden's youngest chief inspector. Psychologically gripping and socially astute, *The Shadow Woman* puts this master of Swedish noir on track to build an American audience on par with his international fame.

Helsinki White

It was the worst facial hair she had ever seen. When Lisa Marsh is roped into serving Thanksgiving dinner at the local community center, she encounters hundreds of children, lively teenagers, stubbornly independent veterans, eccentric elderly people, and a particularly rude and scruffy homeless man named Pete. The evening ends in disaster, but when her best friend challenges her to reach out and help other people, Lisa decides to take on the project of reforming Pete – whether he likes it or not. Her plan is simple: Help him find a job and become respectable. All he needs is a helping hand and some guidance. And a shave. Definitely, a shave. Pete is willing to work, especially if it means spending time with the pretty

volunteer, but her tactless determination to “reform” him makes him dig in his heels. Her creative ideas for employment become increasingly outrageous, but every time he tries to put an end to her meddling, she charms him with her good intentions and willingness to serve others. Lisa finds herself unaccountably attracted to her vagabond protégé and irresistibly entangled in the lives of the other people she meets at the community center. Before she knows how to stop it, her one small service project snowballs into an extraordinary Christmas ministry that just may change her life forever. A note from the author: I was a fifth generation Swedish Minnesotan before I married my military man and wandered for a while, finally settling in the land of Packers and bratwurst. In the Great Lakes series, I bring my readers to the land I know and love best – the most remote areas of Northern Minnesota and the western Upper Peninsula of Michigan as well as the small towns and big cities of the Midwest. The inhabitants of these places are a diverse and eclectic (sometimes eccentric) group – and usually very nice people. I hope you enjoy them as much as I do!

This book attempts to provide all the answers. In fact, it is an almost complete anthology of the holidays, festivals, fasts and feasts that are celebrated throughout the Indian subcontinent. Hindu Holidays and Ceremonials was written as a written ethnological record of Hindu holidays and ceremonies, including dissertations on the origins, folklore and symbols, but it also serves as a handy dictionary regarding these same topics.

Amid a citywide manhunt, Kieran and Craig need to untangle a web of deceit, privilege and greed. They suspect that those closest to the killer have been drawn into his evil, or else someone is using another man's madness and cruelty to disguise their crimes. The Snack Thief

In the stunning new thriller from the Edgar Award-nominated author, Inspector Kari Vaara has gained the top position in the Finnish police, and all the power it entails. . . . Milo goes to work with the SUPO archives, having them scanned and organized for his analysis. As he digs deeper into the immense body of records, the evidence points to alarming conclusions. It's a commonly held belief that there are no serial killers in Finland. Milo is about to prove that theory to be disturbingly wrong. Meanwhile, Kari is called to the scene of a bizarre and gruesome murder. A man is found hanging upside down from his left foot, his right leg bent at the knee and tied to the left. His hands are tied behind his back. There is no forensic evidence in the house. And the only clues at the crime scene include an odd assortment of goods: robes, a wand, a dull dagger, and a deck of tarot cards . . .

A shake of the dark head, a shudder in the shoulders. Another tiny splash on the linoleum floor. Husband murdered, and now her daughter too. The Inuit, it is said, have forty different words for snow. Never mind about snow, Cardinal mused, what people really need is forty words for sorrow. Grief. Heartbreak. Desolation. There were not enough, not for this childless mother in her empty house. [Forty Words for Sorrow, page 42] The mutilated body of a young girl has been discovered in an abandoned mine shaft on the desolate Lake Nipissing island of Windigo. Missing since September, Katie Pine has finally been found, encased in a block of ice as if preserved in amber. The intense police investigation when she first disappeared had gone nowhere, and Detective John Cardinal went from solving murders to investigating burglaries and petty crimes. But now all bets are off. Cardinal is back on the case; this time with a new partner. Lise Delorme, a sexy and passionate former internal investigator, makes Cardinal uneasy. With a guilty conscience to fuel his suspicion, Cardinal wonders if Delorme isn't there to investigate him. And his suspicions are well founded. Delmore has made a deal with the devil: in order to leave SIU for good, she must gain Cardinal's trust and then betray it. There are allegations of corruption on the force, and Cardinal's “extracurricular” activities

during a counterfeiting investigation are being called into question. Delorme is convinced that Cardinal is innocent of any wrongdoing and even when her investigation calls his integrity into question, she is reluctant to believe it. When Cardinal makes the gruesome discovery of the bodies of two more missing teenagers, he doesn't spend time worrying about his suspicions concerning Delorme. His focus is on a more sinister concern—a serial killer hiding somewhere in this quiet northern town. That concern becomes laced with urgency when Karen Steen, a young woman from Guelph, arrives to speak to Cardinal about her missing boyfriend, Keith London. Cardinal begins to believe that Keith is the fourth young person to disappear in Algonquin Bay. But unlike the other victims, he believes that Keith may still be alive. The question now becomes, what is the connection between the three dead and one missing teenager? Can Cardinal and Delorme find Keith London before it's too late?

In this thorough investigation of Calvinist doctrine, John Leith defines the Reformer's teaching on Christian life in the context of his theology. He begins with a discussion of what it means to say that the purpose of Christian life is the glory of God. He then discusses Christian life in relation to four aspects of Calvinist thought: justification by faith alone; providence and predestination; history and the transhistorical; church and society. Leith's concluding statement summarizes the importance of this book. "Calvin's doctrine of the Christian life represents a magnificent effort to give expression to what it means to have to do with the living God every moment of one's life. No interpretation of the sola gloria Dei ["only God's glory"] has been more vivid and dynamic than Calvin's. For this reason he speaks to the needs of this generation, which, at least until recently, has been more frequently concerned about the glory of humankind than that of God and which has fallen victim to many false gods and vicious ideologies. Yet if Calvinism is to render its full service to our day, it must be interpreted in the context of the shared faith of the total Christian community. On the basis of Calvin's own principles, no human statement of Christian faith can ever be final and must be continually reformed by the Christian community's apprehension of the word of God as revealed in Jesus Christ."

For more than thirty years, Edie and Richard Middlestein shared a solid family life together in the suburbs of Chicago. But now things are splintering apart, for one reason, it seems: Edie's enormous girth. She's obsessed with food--thinking about it, eating it--and if she doesn't stop, she won't have much longer to live. When Richard abandons his wife, it is up to the next generation to take control. Robin, their schoolteacher daughter, is determined that her father pay for leaving Edie. Benny, an easy-going, pot-smoking family man, just wants to smooth things over. And Rachelle-- a whippet thin perfectionist-- is intent on saving her mother-in-law's life, but this task proves even bigger than planning her twin children's spectacular b'nai mitzvah party. Through it all, they wonder: do Edie's devastating choices rest on her shoulders alone, or are others at fault, too? With pitch-perfect prose, huge compassion, and sly humor, Jami Attenberg has given us an epic story of marriage, family, and obsession. The Middlesteins explores the hopes and heartbreaks of new and old love, the yearnings of Midwestern America, and our devastating, fascinating preoccupation with food.
