Made For More

Who are you, really? In an uncertain world, we crave the security of knowing exactly who we are and where we belong. But too often as women, we try to find this safety in our roles and relationships, our professional accomplishments, or our picture-perfect homes. And as we do, our souls shrink smaller and smaller. It's because these things aren't made to hold us. In *Made for More*, Hannah Anderson invites you to re-imagine yourself, not simply as a set of roles and categories, but as a person destined to live in the fullness of God Himself. Starting with our first identity as image bearers, Hannah shows how Jesus Christ makes us people who can reflect His nature through our unique callings. She also explores how these deeper truths affect the practical realities that we face as women—how does being an image bearer shape our pursuit of education, our work, and even our desire for holistic lives? Because you are made in God's image, you will only ever know yourself—only ever be yourself—as you find your identity in Him. Find it now.

The Invitation

An invitation to dine turns deadly as DI John Redfyre returns for his second investigation. Cambridge, 1924 in early summertime. May Balls, punting on the Cam, flirting and dancing the tango are the preoccupations of bright young people, but bright young Detective Inspector John Redfyre finds himself mired in multiple murders. One morning, his dog discovers a corpse neatly laid on a tombstone in the graveyard adjoining St. Bede's College. An army greatcoat and well-worn boots suggest the dead man may have been a former soldier, though the empty bottle of brandy and a card bearing the words "An Invitation to Dine" on the victim ring a discordant note. Even more unsettling is the autopsy, which reveals death by

strangulation and unusual contents in the stomach from the man's last meal. Redfyre learns that this murder is one of several unsolved cases linked to a secretive and sinister dining club at St. Bede's. Redfyre, himself an ex-rifleman, becomes caught in a dark tale of revenge, betrayal and injustice--a lingering mystery from a long-forgotten war. With the unlikely assistance of his lead suspect, he gradually unearths the dead man's story and fights to right an ancient wrong.

The Invitation

Jesus spent a chunk of his ministry eating and drinking with the "sinners and tax collectors" of the world. If we strive to be more like Jesus, shouldn't we do more of what he did? Hospitality involves more than the domesticated event we have grown accustomed to practicing. It is an embodiment of all the Christian life stands for: a gesture of love, opening up our hearts and lives, and sacrificing luxury and security for the chance to display God's glory. To receive hospitality from others is an invitation to receive God's transformative power to work in their lives. Readers will ask themselves these questions: • What is hospitality? • Is it something I am, or something I do? • How do I offer my life as a gesture of hospitality? • What are some practical ways for me to display and receive hospitality?

This open access book presents the key aspects of statistics in Wasserstein spaces, i.e. statistics in the space of probability measures when endowed with the geometry of optimal transportation. Further to reviewing state-of-the-art aspects, it also provides an accessible introduction to the fundamentals of this current topic, as well as an overview that will serve as an invitation and catalyst for further research. Statistics in Wasserstein spaces represents an emerging topic in mathematical statistics, situated at the interface between functional data analysis (where the data are functions, thus lying in infinite dimensional Hilbert space) and non-Euclidean statistics (where the data satisfy nonlinear constraints, thus lying on non-Euclidean manifolds). The Wasserstein space provides the natural mathematical formalism to describe data collections that are best modeled as random measures on Euclidean space (e.g. images and point processes). Such random measures carry the infinite dimensional traits of functional data, but are intrinsically nonlinear due to positivity and integrability restrictions. Indeed, their dominating statistical variation arises through random deformations of an underlying template, a theme that is pursued in depth in this monograph.

Now I See

For too long we've lacked a compact, inexpensive, authoritative, and compulsively readable book that offers American readers a clear, informative, and inspiring narrative account of their country. Such a fresh retelling of the American story is especially needed today, to shape and deepen young Americans' sense of the land they inhabit, help them to understand its roots and share in its memories, all the while equipping them for the privileges and responsibilities of citizenship in American society. The existing texts simply fail to tell that story with energy and conviction. Too often they reflect a fragmented outlook that fails to convey to American readers the grand trajectory of their own history. This state of affairs cannot continue for long without producing serious consequences. A great nation needs and deserves a great and coherent narrative, as an expression of its own

self-understanding and its aspirations; and it needs to be able to convey that narrative to its young effectively. Of course, it goes without saying that such a narrative cannot be a fairy tale of the past. It will not be convincing if it is not truthful. But as Land of Hope brilliantly shows, there is no contradiction between a truthful account of the American past and an inspiring one. Readers of Land of Hope will find both in its pages.

Television, radio, newspapers or the internet show a daily dismal world scenario. Every week, every month there is a major civil conflict or a terrorist attack somewhere. All over the world innocent are imprisoned, women are victims of domestic violence, are forced into underpaid labor or sex work. Children are still dying by the millions before they are five years old due to unsanitary conditions, lack of safe drinking water or malnourishment. Malaria and HIV-AIDS kill millions yearly and thousands of adolescents are kidnapped to become rebel soldiers. Autocratic governments deny democratic participation to the majority and suppress ferociously any popular peaceful manifestation. The worlds climate is now threatened due to man-made disequilibrium inflicted on the atmosphere by uncontrolled fumes and gas emissions of all types. Water sources are being poisoned by unscrupulous corporations dumping huge amounts of deadly chemicals into waterways. The inequality between rich and poor nations is so vast that 7 - 10% of the worlds population controls the natural and financial resources of the world at the expense of the rest who have no access to a minimum for survival. The reasons for this hellish situation are multiple and varied. They encompass deeply ingrained religious beliefs, unacceptable economic, military and power disparities, and uncontrolled moral degradation affecting all realms of everyday life. These problems have profound spiritual causes and thus require a spiritual perspective. Discover the origin of the new Divine Invitation and the specific solutions it offers for todays major world problems.

Invitation to a Bonfire

Too often, we settle for the notion that self-care means giving ourselves treats and rewards for good behavior. But it's so much more than that. Welcome to the self-care revolution! A day of indulgence at a spa—or at home on the couch—might help us unwind and feel temporarily renewed, but is that all there is to self-care? In this book Tracey Cleantis changes the dialogue and shows why real self-care is more than just routine self-indulgence—it's a lifelong practice that's essential to finding fulfillment and joy. *An Invitation to Self-Care* uncovers seven principles for care that are rooted in self-empowerment and self-knowledge. Through personal stories and observations, exercises and quizzes, and interviews with experts and everyday people, Tracey invites you to consider self-care across your relationships, finances, spiritual and professional life—and more. By accepting who we are, what we need, and how those needs evolve over time, we create space for self-care's transformational magic in our lives. In fact, an authentic self-care practice is the secret to the life you've always wanted.

What is life to the full? Our souls long for a life that is full and flourishing, but so often it feels beyond our reach. Blinded by false rewards and temporary relief, we look to sources that promise happiness and wholeness. We attempt to fill our lives with more, increasing our pace and capacity, but accumulation doesn't ever seem to satisfy. We see the circumstantial evidence that others might have found this sort of life, but we cannot seem to experience it for ourselves. We get it, but we don't have it. This book is an invitation to life to the full. Through story and metaphor, ancient wisdom and modern understanding, we are invited on a journey to understand that flourishing is not about circumstance, but about relationship. Life to the full begins when we see the person of Jesus Christ. When we see this relationship in an entirely new light, we discover a fullness deeper than we imagined. Vision Up. Vision In. Vision Out. Come and See.

Invitation to the Classics

“If I could only read one writer from now until the end of my life, it would be Dorothea Benton Frank.” --Elin Hilderbrand, New York Times bestselling author of *The Identicals*

The Lowcountry of South Carolina is where *By Invitation Only* begins at a barbecue engagement party thrown by Diane English Stiffler, her brother Floyd, and her parents to celebrate her son's engagement. On this gorgeous, magical night, the bride's father, Alejandro Cambria, a wealthy power broker whose unbelievably successful career in private equity made him one of Chicago's celebrated elite, discovers the limits and possibilities of cell phone range. While the mother of the bride, Susan Kennedy Cambria, who dabbles in the world of public relations and believes herself deserving of every square inch of her multimillion-dollar penthouse and imaginary Carrara marble pedestal, learns about moonshine and dangerous liaisons. Soon *By Invitation Only* zooms to Chicago, where the unraveling accelerates. Nearly a thousand miles away from her comfortable, familiar world, Diane is the antithesis of the bright lights and super-sophisticated guests attending her son Fred's second engagement party. Why a second party? Maybe it had been assumed that the first one wouldn't be up to snuff? Fred is marrying Shelby Cambria, also an only child. The Cambrias' dearest wish is for their daughter to be happy. If Shelby wants to marry Frederick, aka Fred, they will not stand in her way—although Susan does hope her friends won't think her daughter is marrying more than a few degrees beneath her socially. At the same time, Diane worries that her son will be lost to her forever. *By Invitation Only* is a tale of two families, one struggling to do well, one well to do, and one young couple—the privileged daughter of Chicago's *crème de la crème* and the son of hard-working Southern peach farmers. Dorothea Benton Frank offers a funny, sharp, and deeply empathetic novel of two very different worlds—of limousines and pickup trucks, caviars and pigs, skyscrapers and ocean spray—filled with a delightful cast of characters who all have something to hide and a lot to learn. A difference in legal opinions, a headlong dive from grace, and an abrupt twist will reveal the truth of who they are and demonstrate, when it truly counts, what kind of grit they have. Are they living the life they want, what regrets do they hold, and how would they remake their lives if they were given the invitation to do so? *By Invitation Only* is classic Dorothea Benton Frank—a mesmerizing Lowcountry Tale that roars with spirit, humor, and truth, and forces us to reconsider our notions of what it means to be a Have or a Have Not.

No More Crumbs

Feeling worn thin? Come find rest. The Blue Ridge Parkway meanders through miles of rolling Virginia mountains. It’s a route made famous by natural beauty and the simple rhythms of rural life. And it’s in this setting that Hannah Anderson began her exploration of what it means to pursue a life of peace and humility. Fighting back her own sense of restlessness and anxiety, she finds herself immersed in the world outside, discovering a classroom full of forsythia, milkweed, and a failed herb garden. Lessons about soil preparation, sour mulch, and grapevine blights reveal the truth about our dependence on God, finding rest, and fighting discontentment. *Humble Roots* is part theology of incarnation and part stroll through the fields and forest. Anchored in the teaching of Jesus, Anderson explores how cultivating humility—not scheduling, strict boundaries, or increased productivity—leads to peace. “Come unto me, all who labor and are heavy laden,” Jesus invites us, “and you will find rest for your souls.” So come. Learn humility from the lilies of the field and from the One who is humility Himself. Remember who you are and Who you are not, and rediscover the rest that comes from belonging to Him.

An Invitation to the Table

IDENTIFY THE EXPECTATIONS AND LABELS THAT CRAMP YOUR SOUL.
Contemporary Christianity seems to be suffering from an epidemic of sameness. Uniformity. Monotony. Those trapped inside are often afraid to step beyond established norms and innovatively express themselves, or they simply don't know how. And those on the outside of Christianity often see very little that attracts them. Yet God, out of the abundance of his own artistic force, made each one of us

unique. Peculiar. Irreplaceable. So why so much pressure to conform? Bandersnatch* explores this intersection of disillusionment and welcomes readers to a liberating journey, an odyssey of the soul. This process is an opportunity for fellow Christians who are feeling weary or stifled by established norms to find God in unconventional ways, as well as an invitation for people on the outside to reimagine what following the mystery of Christ could be like. It is organized around four terms viewed through the life of Jesus: Avant-Garde, Alchemy, Anthropology, and Art. Each expression reveals a diverse facet of God's unorthodox creativity planted within us, provides a fresh look at the divine nature, and offers a reframed collection of definitions by which to live. Erika Morrison gives us permission to break free from the expectations and labels that cramp our souls. Then, through the lens of singularity, she encourages her readers to cultivate artful, holistic, contributing lives that matter to both heaven and earth. *A BANDERSNATCH, WHILE MORE COMMONLY KNOWN AS THE WILD, FEROCIOUS, AND MYTHICAL CREATURE OF LEWIS CARROLL'S CREATION, IS ALSO A PERSON WITH UNCONVENTIONAL HABITS AND ATTITUDES.

An Invitation to Self-Care

We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S. Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Raynor's "show" rather than "tell," story-driven style makes you feel as if you are sitting at the feet of some of the godliest and most successful entrepreneurs of all time. Perfectly poised to reach today's growing creative class, this unique work restores God's position as the first entrepreneur, helping readers see the eternal value in the work they do today.

Today, international sales contracts are frequently governed by the 1980 UN Convention on the International Sale of Goods (CISG). The CISG is in force in more than 60 states all over world ?? both industrial nations and developing countries. It has been widely applied in international commercial transactions in the past twenty years. More than 1,700 decisions by state courts and arbitral tribunals have been reported so far. In short, the CISG has been one of the success stories in the field of the international unification of private law. The authors introduce the reader to the mechanics of that highly successful Convention by describing and analyzing the areas that the Convention covers, in particular its scope of application, the rules on the formation of contract, and the actual sales provisions. The book is primarily aimed at students, academics, and practitioners who have not yet studied the Convention in detail. From a comparative perspective, the book will be of particular interest as it combines a civil law view and a common law view on the CISG.

This book offers a new and rigorous approach to observational sociology that is grounded in ethnomethodology and conversation analysis. Throughout the authors encourage the reader to explore the social world at first hand, beginning with the immediate family context and then moving out into the public realm and organizational life. Examples of observational analysis are given with reference to topic areas such as family life, education, medicine, crime and deviance, and the reader is shown how to conduct their own inquiries, using methods and materials that are readily and ordinarily available. Drawing on both original material and published studies, Francis and Hester demonstrate how observational sociology can be carried out with an attention to detail typically overlooked by more traditional ethnographic approaches.
