## **Consumers Index to Product Evaluations and Information Sources**

## **Automotive Industries, the Automobile**

A journey of discovering and correcting a hole in the used car universe. Dale Pollak, innovator and leader of the automotive sales and management industry, will once again, have you rethinking how to manage the used car business. More than a how-to business book, *Gross Deception* is a story of finding a problem in the reliance on gross profit and the trials to create a solution. This thoughtfully written book not only shows you the trial and error of potential answers, but also how to apply the answer that culminated from years of work. Referred to as ProfitTime, Dale's solution includes both the "New Math of Used Vehicles" and the "Investment Score" system, helping you to know the ROI and net profit potential of every vehicle. With Dale's ProfitTime solution you will:

- Invigorate your cash flow
- Increase your sales volume
- Introduce new metrics
- Initiate value-based management
- Identify market shifts

Through metric and methodology, *Gross Deception* will restructure how you view a car's time on the lot.

## **NADA**

Become a tougher negotiator and put a winner in the driver's seat - you. This edition offers you even more information and techniques based on the Leons' years of auto buying and selling experience. See how to be a shrewd horse trader - to get what you're after and spend less. Open this book and discover why salespeople have had the upper hand in negotiating; how to figure out what your trade-in is really worth; why it helps to bring a friend to toss a wrench into the salesperson's works; how to look and act the part of the take-me-seriously buyer; the four parts of a purchase, and how to make them occur in the right order; how to spot manipulative tactics, and what tactics you can apply; how to play hardball when negotiating; reasons for getting a new car/reasons for getting a used car; how to buy through a dealers-only auction; how to evaluate a used car; how to get the best deal when selling your car; and when and how to tell it to the judge. You'll also find detailed car-buying checklists to help you stay on course in the heat of the haggling.

## **Repossessions**

More than just dealing with the dealership, buying or leasing a car means everything from deciding on a model, knowing when to get in on the best seasonal car deals, how to choose a great used vehicle, where to go for affordable financing, and what strategies work in the negotiating process. This comprehensive, authoritative book covers: The lowdown on leasing -- when is it the right choice?

The bottom line on achieving the best price and avoiding rip-offs The inside scoop on how to evaluate options to make an informed decision

## **The Insider's Guide to Buying a New or Used Car**

Features investment and financial planning advice for adults in their twenties and thirties, discussing such topics as budgeting, taxes, stocks and bonds, mortgages, and credit

## **The Complete Idiot's Guide to Household Solutions**

The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.
