Tegan's Blood

3 weeks. 5 cities. 15 impossible stunts. One reality show. Trevor Cross came into Reya Cabrera's world with a bang and faded out with a whimper. They vowed to make it work, but life had other plans. After chasing his TV dreams for years, Trev finally became the UK's next big reality star, but he alienated his family and friends in the process. Now he finally has everything he ever wanted. Women. Money. Fame. But none of it means anything when he doesn't have the one thing that matters most: love. Money leaves a gaping hole. Fame surrounds him with loneliness. And no woman makes him feel like Reya used to before the whirlwind of success pulled them apart. He has a plan to get her back for good. However, with a hectic filming schedule looming, the only way to do that is to convince her to come on the road with him. Reya has been stuck in a rut for a while, and the opportunity to travel across Europe and play her music for new audiences seems like heaven. The only catch? She has to do it with the one boy who ever got close enough to break her heart. But he's not a boy anymore, and as she gets to know him again she can't deny her respect for the man he's become. Every time she's around him her heart feels full of air, like a balloon about to pop. Little does she know, Trev's feelings are just tumultuous as hers. One thing's for sure, these three weeks on the road together will either make them whole again or break them irrevocably.

Six of Hearts

Welcome to the City, London's most prestigious square mile, where finance reigns and Oliver King is a rising prince. I used to rule the world. There might be wolves on Wall Street, but there were crocodiles in Canary Wharf. Some of us craved money. Some of us craved power. I liked money, and power had its advantages, but what I really wanted was to excel, to surpass the men who came before me. I never cared much for love and romance until I met Alexis. I could feel it the very moment she walked into the interview, with her outspoken charm and vivacious personality. She cast all the others in shadow, made me laugh when life held no humour. Our friendship should have remained professional, but it wasn't long before the lines started to blur. You know what they say about the best laid plans of mice and men? Well, I never foresaw where my plans would lead, and only in my darkest hour did I finally see the light You can have all the money and prestige in the world and still be the poorest man alive. And love, well, I hate to use a tired old cliché, but love can be the thing that truly sets you free."

Hearts of Blue

Corcitura. Some call it hybrid, others half-blood, mongrel, beast. They are all names for the same thing: vampire-the created progeny of the half-wolf, half-vampire, barb-tongued Grecian Vrykolakas, and the suave but equally vicious Russian Upyr. Corcitura: this is what happens when a man is attacked by two vampires of differing species. He becomes an entirely new breed-ruthless, deadly, unstoppablealmost. London, 1888: Eric Bradburry and Stefan Ratliff, best friends

since childhood, have finally succeeded in convincing their parents to send them on a Grand Tour of the Continent. It will be the adventure of a lifetime for the two eighteen-year-old Englishmen, but almost from the moment they set foot on French soil, Eric senses a change in Stefan, a change that is intensified when they cross paths with the enigmatic Vladec Salei and his traveling companions: Leonora Bianchetti, a woman who fascinates Eric for reasons he does not understand, and the bewitching Augustin and Sorina Boroï-siblings, opera impresarios, and wielders of an alarming power that nearly drives Eric mad. Unable to resist the pull of their new friends, Eric and Stefan walk into a trap that has been waiting to be sprung for more than five hundred years-and Stefan is the catalyst. Terrified by the transformation his friend is undergoing, Eric knows he must get Stefan away from Vladec Salei and Constantinos, the rabid, blood-crazed Vrykolakas, before Stefan is changed beyond recognition. But after witnessing a horrific scene in a shadowed courtyard in Eastern Europe, Eric's worst fears are confirmed. Six years removed from the terror he experienced at the hands of Salei and Constantinos, Eric finally believes he has escaped his past. But once marked, forever marked, as he painfully begins to understand. He has kept company with vampires, and now they have returned to claim him for their own.

The Nature of Cruelty

Intrigued by Katherine's interference in his affairs, the manipulative Duke is soon fascinated. He engages in a daring deception and follows her back to her country home. A Biographical History of the Fine Arts

Damon Atwood was Hollywood's golden boy. Having won an Oscar at the tender age of thirteen, he had the life many could only dream about. But his success came at a price, and after a short but fruitful film career, he chose to live a life of obscurity on a remote Scottish island. Almost a decade later he's finally ready to make his return, starting with a lead role in a musical on London's West End. As a choreographer's assistant, Rose Taylor has always faded into the background. She watches shows come to life from the side lines, but has never craved the attention of stardom. When rumours begin circulating of Damon's involvement in her latest gig, she doesn't predict how she will be thrust into the limelight, nor how the mysterious and strangely introverted man will need her to teach him how to be a star again. Rose knows that show crushes don't last. Actors fall for each other during the intensity of a production, often losing themselves in their roles. These kinds of affairs burn bright and then they fade. The question is, should Rose let herself shine with Damon, or guard her heart from being broken after the final curtain call?

However, when a family tragedy forces her to return home, Ashley can't escape the notice of Drew Runous—local Game Warden, bear wrestler, philosopher, and everyone's favorite guy. Drew's irksome philosophizing in particular makes Ashley want to run for the skyscrapers, especially since he can't seem to keep his exasperating opinions— or his soulful poetry, steadfast support, and delightful hands— to himself. Pretty soon the girl who wanted nothing more than the escape of the big city finds she's lost her heart in small town Tennessee. Beauty and the Mustache is book #4 in the Knitting in the City series, and book #0.5 in the Winston Brothers series. The Circus Spektakulär is proud to present Jack McCabe: Fire-breather, knife-thrower, risk-taker. My house burned down when I was just a boy, robbing me of both my parents. Now I breathe fire, eat the poison that almost killed me. Crowds come to see me night after night. Men for the spectacle, women for the thrill. I'm an oddity to be stared at and desired. With each flame I spit, I risk my life. I wear scars on my body that will never go away, but the scars inside my head are far more difficult to overlook. My brother doesn't know me, and if I have it my way he never will. Life was going exactly the way I'd planned until Lille came along. She wanted to run away with the circus, have an adventure, but this world was never meant for her. I try to keep her safe, because she doesn't know the dangers that are out here on the road. She doesn't know the monsters that lurk behind the bright lights of the ring. In truth, I could be considered one of them. We were fashioned from different cloths, never intended to mix. So I watch her. I try not to touch, even when her eyes invite me. Join us in the Spiegeltent and let us give you a show. Allow my Lille to draw a picture for you in paint and sweat and skin. The truest love is always the hardest to let in.

Little Do We Know

He'd achieved the great things I always suspected he would.

Doctor's Delight

From USA Today bestselling author Willow Winters comes an emotionally gripping, standalone, contemporary romance. It was never love with Daniel and I never thought it would be. It was only lust from a distance. Unrequited love maybe. He's a man I could never have, for so many reasons. That didn't stop my heart from beating wildly when his eyes pierced through me. It only slowed back down when he'd look away, making me feel so damn unworthy and reminding me that he would never be mine. Years have passed and one look at him brings it all back. But time changes everything. There's a heat in his eyes I recognize from so long ago, a tension between us I thought was one-sided. "Tell me you want it." His rough voice cuts through the night and I can't resist. That's where my story really begins. Possessive is an emotional, gripping story. Filled with heartache, guilt and longing!
