18 and Life on Skid Row

Fact #1: Forty years after the feminist revolution, fewer than 2 percent of Fortune 1000 CEOs are women. Fact #2: The playing field is not level. Fact #3: You need to get over this. From the woman who became chairman of the flagship office of the largest advertising agency network in the world comes a wry reality check on how to get ahead and thrive in the testosterone-driven business arena. Nina DiSesa is a master communicator, a ceiling crusher, and one of the most successful women in the corporate world. She is also a big-time realist who has figured out that S&M—seduction and manipulation—is the secret to winning over (and surpassing) the big guys. In *Seducing the Boys Club*, DiSesa shows that you can, in fact, leave your male colleagues in the dust—but not by following the rules you learned in business school. By playing the roles of den mother, fraternity brother, little sister, and hard-nosed boss, DiSesa navigated the choppy, macho-minded waters of the workplace. All the “bad boys” in her life—and there are many—have provided a wealth of devilishly amusing stories and cautionary tales that DiSesa is only too happy to pass on. Ah, revenge can be sweet, but the truth is that she came to love those boys as much as they love her—which is the whole point. DiSesa asserts that women need to meld their feminine characteristics (nurturing, compassion, listening) with the traits of their male counterparts (competitiveness, decisiveness, combativeness) to expand their professional horizons. In *Seducing the Boys Club*, DiSesa shares her practical, outrageous, and even controversial maxims for making it, including:

- Learn to appreciate men. Men like women who like them.
- Remember that women are biologically wired to succeed.
- If you want to make a name for yourself, find a mess and fix it. A secure and comfortable job only holds you back.
- Don't assume that men never listen. They listen like a dog does.
- Don't be a quiet achiever.
- Act brave and you will look brave.
- Screw the rules. Make up your own. Whether dead-on funny or deadly serious, DiSesa is always on her game, always on message, and absolutely on target as she arms women with the can-do confidence and no-compromises attitude they need to climb as high as

their ambition can carry them--while keeping their standards impeccable and their integrity intact. Not for women only, this book should be read by men, too . . . though it won't give them any defense against a woman who can truly seduce a boys club! From the Hardcover edition.

Seducing the Boys Club

From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, Surprise, Kill, Vanish brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

Black Boy [Seventy-fifth Anniversary Edition]

18 And Life on Skid Row tells the story of a boy who spent his childhood moving from Freeport, Bahamas to California and finally to Canada and who at the age of eight discovered the gift that would change his life. Throughout his career, Sebastian Bach has sold over twenty million records both as the lead singer of Skid Row and as a solo artist. He is particularly known for the hit singles I Remember You, Youth Gone Wild, & 18 & Life, and the albums Skid Row and Slave To The Grind, which became the first ever hard rock album to debut at #1 on the Billboard Top 200 and landed him on the cover of Rolling Stone magazine. Bach then went on to become the first rock star to grace the Broadway stage, with starring roles in Jekyll & Hyde, Jesus Christ Superstar and The Rocky Horror Picture Show. He also appeared for seven seasons on the hit television show The Gilmore Girls. In his memoir, Bach recounts lurid tales of excess and debauchery as he toured the world with Bon Jovi, Aerosmith, Motley Crue, Soundgarden, Pantera, Nine Inch Nails and Guns N' Roses. Filled with backstage photos from his own personal collection, 18 And Life on Skid Row is the story of hitting it big at a young age, and of a band that broke up in its prime. It is the story of a man who achieved his wildest dreams, only to lose his family, and then his home. It is a story of perseverance, of wine, women and song and a man who has made his life on the road and always will. 18 And Life On Skid Row is not your ordinary rock memoir, because Sebastian Bach is not your ordinary rock star.

Ho Tactics (Uncut Edition)

Not until 1997 did a female become chief executive officer of a Fortune 500 corporation (Jill Barad, at Mattel Toy Co. Women's progress since that time has been in fits and starts, exceedingly slow. The number of women CEOs reached 4 in 1999 only to slide back to 2 in 2001. Meanwhile, while not reaching anything approaching parity, women made significant strides in politics (as senators, cabinet secretaries and governors), in not-for-profit spheres (as CEOs of health care and hospital organizations or of United Way chapters, with budgets of billions of

dollars), and at colleges and universities (23 % have female presidents or chancellors). Currently, 3%, or 15, of Fortune 500 CEOs are women. After examining in detail the educations, career progressions, pronouncements and observations, as well as family lives, of the 19 women who have risen to the top (sitting and former CEOs), this book asks, and attempts to answer, two questions: Why haven't more women reached the CEO suite? How might women in business better position themselves to ascend to the pinnacle?

Intimacy in Marriage: 200 Ways to Seduce Your Husband

I first read Mikhail Bulgakov's *The Master and Margarita* on a balcony of the Hotel Metropole in Saigon on three summer evenings in 1971. The tropical air was heavy and full of the smells of cordite and motorcycle exhaust and rotting fish and wood-fire stoves, and the horizon flared ambiguously, perhaps from heat lightning, perhaps from bombs. Later each night, as was my custom, I would wander out into the steamy back alleys of the city, where no one ever seemed to sleep, and crouch in doorways with the people and listen to the stories of their culture and their ancestors and their ongoing lives. Bulgakov taught me to hear something in those stories that I had not yet clearly heard. One could call it, in terms that would soon thereafter gain wide currency, "magical realism". The deadpan mix of the fantastic and the realistic was at the heart of the Vietnamese mythos. It is at the heart of the present zeitgeist. And it was not invented by Gabriel Garcia Marquez, as wonderful as his *One Hundred Years of Solitude* is. Garcia Marquez's landmark work of magical realism was predated by nearly three decades by Bulgakov's brilliant masterpiece of a novel. That summer in Saigon a vodka-swilling, talking black cat, a coven of beautiful naked witches, Pontius Pilate, and a whole cast of benighted writers of Stalinist Moscow and Satan himself all took up permanent residence in my creative unconscious. Their presence, perhaps more than anything else from the realm of literature, has helped shape the work I am most proud of. I'm often asked for a list of favorite authors. Here is my advice. Read Bulgakov. Look around you at the new century. He will show you things you need to see.

Adman's Dilemma

The orchestra has tuned, the lights in the hall have dimmed, and the conductor's baton signals the downbeat for the beginning of the romance. Settle back – it's telling you something The history of classical music is littered with murder, adultery, bigamy, fraud, sado-masochism, riches, poverty, gluttony, nervous breakdowns, bizarre behaviour and terrible, terrible toilet humour (Mozart was the prime exponent of the latter). Classical music –nice? Not at all. It's the most immediate expression of mental and emotional extremes: often deceptive, sometimes dangerous and frequently a discomfiting revelation. Swooning documents the all too human flaws in the lives of the great composers by loosely following the sequence of emotions as experienced in a love affair – one that doesn't work out, of course. In this fully revised and updated edition, Christopher Lawrence leads us through the listening experience, from anger and Beethoven to sadness and Tchaikovsky, triumph and Wagner and freedom and Mozart – it's all here in this whimsical guide to the conduct of a romance, with some handy hints on how to make it more, well, harmonious. One of Australia's favourite radio personalities, Christopher Lawrence boasts a career spanning more than 40 years of broadcasting. He is best known for his work with ABC Classic FM, presenting the network's Breakfast and Drive programs between 1994 and 2001. Three of the Swoon CDs that evolved out of his Breakfast program broke sales records in the Australian classical music industry, each achieving Platinum status. As an orchestral and opera recording producer Christopher has been awarded an International Emmy for Performing Arts, three ARIA Awards, a Churchill Fellowship, and the Editors' Choice Award at the Cannes Classical Awards in France. Christopher has written three best-selling books: Swooning; Hymns of the Forefathers, based on his documentary series about the history of hymns seen on ABC TV; and Swing Symphony. He can be heard on ABC Classic FM from 9 a.m. to midday presenting Mornings.

The Seduction of Modern Spain

A classic work on how women think about sex, from the New York Times–bestselling author of *My Secret Garden* and *My Mother/Myself*. Nancy Friday's groundbreaking books such as *Forbidden Flowers* offered an unprecedented honest look at the inner fantasy lives of ordinary women. In *Women on Top*, Friday returns to this topic, collecting detailed sexual fantasies from over 150 contemporary women from diverse backgrounds. Based on intimate personal interviews and letters, this book updates the conversation started in her earlier works on women's sexual fantasies, detailing how women's erotic lives have changed—and remained the same. "This absorbing, titillating and empowering feminist book is also a ribald bedside companion." —Publishers Weekly

The Conference Board Review

This is the book that no man wants you to read Countless women play by the bias male rules of dating and relationships, one that keeps them in a constant state of stress and worry. Victims of romance instead of masters of love, today's women

settle for cheap dates and cheaper talk. Why are you splitting the bill with a man that should be spoiling you? Why are you preparing home cooked meals for a man that can't provide you a home? Why are you having sex with a man that promises the world, but refuses to give you his heart? Why are you playing by outdated rules in hopes that one day your kindness will be rewarded? I have discovered a group of women who refuse to be exploited, are immune to manipulation, and who never settle in the name of love. These ladies know what they want and take what they want by beating men at their own game. Utilizing the secrets exposed in this book, these women gain power, money, and status. Men call them Gold Diggers, women call them Hos, but they call themselves Winners. This is the book that society doesn't want you to read *Ho Tactics: How To MindF**k A Man into Spending, Spoiling, and Sponsoring* lays out the practical steps to evolve from a woman that goes Dutch to a woman that gets pampered. *Ho Tactics* provides the Sex-Free blueprint on how to turn any man into your personal ATM. Stop spending nights with men that can't offer you anything but conversation, stop being understanding of men who are underachieving, stop settling and submitting, and learn how to seduce and destroy! You tried to play by their rules, now it's time to play by Ho rules.

The Go-Getter Girl's Guide

"Who'd want to kill a dumb cartoon bunny?" That's what Eddie Valiant wants to know. He's the toughest private eye in Los Angeles, and he'll handle anything - if you're human. If you're a Toon, that's another story. Eddie doesn't like Toons - those cartoon characters who live side-by-side with humans. Not the way they look, and especially not the way they talk: word-filled balloons come out of their mouths and then disintegrate, leaving dust all over his rug. Eddie will work for a Toon if his cash supply is low enough. So he reluctantly agrees when Roger Rabbit, a Toon who plays straight man (or should that be straight rabbit) in the Baby Herman cartoon series, asks him to find out who's been trying - unsuccessfully - to buy his contract from the DeGreasy Brothers syndicate. Then Rocco DeGreasy is murdered - and Roger is the prime suspect! The rabbit is also, as Eddie soon discovers, very, very dead. Who censored Roger Rabbit? And who shot Rocco DeGreasy? Was it Roger, or was it Rocco's hot-cha-cha girlfriend, Jessica Rabbit?

Why had Jessica - a pretty steamy number for a Toon - ever married a dopey bunny in the first place? And why does everybody want Roger's battered old teakettle? As Eddie combs L.A. from the executive suites of the DeGreasy Brothers to Sid Sleaze's porno comic studio, he uncovers art thefts, blackmail plots, and the cagiest killer he's ever faced. In *Who Censored Roger Rabbit?*, author Gary K. Wolf has created a wonderfully skewed - and totally believable - world compounded of equal parts Raymond Chandler, Lewis Carroll, and Walt Disney. This riotously surreal spoof of the hard-boiled detective novel is packed with action and laughs. From first page to last, *Who Censored Roger Rabbit?* is sheer delight. Celebrated author Gary K. Wolf's cult classic and highly praised novel *Who Censored Roger Rabbit?* is the basis for the blockbuster Walt Disney/Steven Spielberg Academy Award winning film *Who Framed Roger Rabbit*. This version includes an author's sketch of Roger Rabbit PLUS autographs of Gary K. Wolf AND Roger Rabbit himself! The detective on the cover is portrayed by Mr. Wolf.

Pussy Club

Gender stereotypes are general beliefs about sex-linked traits and roles, psychological characteristics, and behaviors, all of which contribute towards describing women and men. Gender role stereotyping in advertising has been a critical topic since the 1970s, and there is a long-lasting debate between advertisers and sociologists about the role and the social nature of advertising. Although changing role structures in the family and the labor force have brought significant variation in both male and female roles, it has been noted that there is a cultural lag in advertising, where men and women were, for a long period of time, depicted in more traditional roles. This book extends the research on gender stereotypes in advertising over the past 20 years, highlighting key themes such as attitude towards sex and nudity in advertising; women in decorative roles; the changing roles of women and men in advertising; and the viewpoints of those advertising professionals who design campaigns. This book was originally published as a special issue of the International Journal of Advertising.

The Last Male Bastion

For twenty-five centuries, men have used Sun Tzu's classic The Art of War as a guide to conflict. In recent years, it's been a guide to climbing the corporate ladder. But this book shows that there are more paths to winning than frontal assault. You can learn from the ancient Chinese strategist how to apply the feminine principle to the business world--and win every time. Whether it's relying on networking skills to win allies or maneuvering to gain a decisive advantage, the author shows through dozens of case studies from prominent women in business how to overcome the odds, defeat opponents, and forge successful careers. The tenets of Sun Tzu lend themselves to women's natural strengths in diplomacy and relationship-building. With this interpretation, you'll learn to leverage these valuable assets to trump your male colleagues every time.

New Books on Women, Gender and Feminism

The Vincent Boys

This book examines how sexual politics, specifically those surrounding the modernization of a consumer economy, are key to understanding the transformation of Spain from isolated dictatorship to modern state. It focuses on issues concerning modernity and the commodification of the female body under the dictatorship of Francisco Franco in the 1950s and 1960s. These two decades are critical to understanding this transformation because they coincide with the opening of markets, the freer movement of people in and out of the country through tourism and emigration, and the embracing of the "American way of life" popularized in Hollywood movies. From a gender perspective this "in between moment" in Homi Bhabha's terms, from autarchy to consumerism favored the transition from the virginal female model, prescribed by the regime, (what the author calls "True Catholic Womanhood") to a seductive modern woman that the media sold to Spanish women. This study will add a significant piece to the growing corpus of literature on the body as an essential element of analysis in gender history and in the power dynamics of culture. It will help to fill a gap in the field of Spanish Cultural Studies in general and the emerging field of cultural Spanish history in particular. The originality of this study resides in Dr. Morcillo's use of feminist theories of the body to study archival sources of the Francoist years. Of special interest are the collections of Ministry of Culture and Administrative papers Women's Section of Falange at the Archivo General de la Administracion in Alcala de Henares. Also important are the works of intellectuals of the period, as well as health books, maternity and hygiene guides, conduct manuals, and documents produced by the Catholic Church hierarchy with regard to moral behavior and sexual mores that provide a textured analysis of gender relations under the dictatorship. The author's interest in unveiling the regime's technologies of control of ordinary Spaniards is covered through the study of the media, printed press, and the movie industry of this period particularly the so-called New Spanish Cinema inaugurated in the 1960s, illustrating how ads and films shaped and contested the regime's vision of modernity and gender roles. Through the production of dual versions of films the censorship process utilized women's cinematic bodies to present a more liberal image of Spain in the international scene. While nudity was allowed in the international versions the domestic productions continued to cut the customary kiss. The economy of desire displayed in today's Almodovar's films is already present in movies like *La Tia Tula* by Miguel Picazo (1964). This book will be essential for scholars and students interested in Ibero-American cultural studies, gender, religion, and totalitarian politics.

Surprise, Kill, Vanish

A special 75th anniversary edition of Richard Wright's powerful and unforgettable memoir, with a new foreword by John Edgar Wideman and an afterword by Malcolm Wright, the author's grandson. When it exploded onto the literary scene in 1945, *Black Boy* was both praised and condemned. Orville Prescott of the *New York Times* wrote that "if enough such books are written, if enough millions of people

read them maybe, someday, in the fullness of time, there will be a greater understanding and a more true democracy." Yet from 1975 to 1978, *Black Boy* was banned in schools throughout the United States for "obscenity" and "instigating hatred between the races." Wright's once controversial, now celebrated autobiography measures the raw brutality of the Jim Crow South against the sheer desperate will it took to survive as a black boy. Enduring poverty, hunger, fear, abuse, and hatred while growing up in the woods of Mississippi, Wright lied, stole, and raged at those around him—whites indifferent, pitying, or cruel and blacks resentful of anyone trying to rise above their circumstances. Desperate for a different way of life, he may his way north, eventually arriving in Chicago, where he forged a new path and began his career as a writer. At the end of *Black Boy*, Wright sits poised with pencil in hand, determined to "hurl words into this darkness and wait for an echo." Seventy-five year later, his words continue to reverberate. "To read *Black Boy* is to stare into the heart of darkness," John Edgar Wideman writes in his foreword. "Not the dark heart Conrad searched for in Congo jungles but the beating heart I bear." One of the great American memoirs, Wright's account is a poignant record of struggle and endurance—a seminal literary work that illuminates our own time.

New Books on Women and Feminism

The bestselling author of *My Secret Garden* exposes the wild and sexy fantasies that many of us have but are afraid to share. For over thirty years, Nancy Friday has written about eros, love, beauty, and seduction. Now she returns to the territory she pioneered during the sexual revolution—exploring our most taboo sexual desires. Fans of *Fifty Shades of Grey* will love this provocative collection of real fantasies from dozens of women—and for the first time, men. Friday knows that forbidden sex "gets us higher faster" and explores love, lust and power through erotic tales of domination, masturbation, S&M, threesomes, and more. *Beyond My Control: Forbidden Fantasies in an Uncensored Age* shows that our forbidden fantasies are not compensation for a lackluster sex life, but are a critical component of our fullest selves—and how our secret desires can lead to exhilarating and satisfying sexual freedom. Praise for Nancy Friday "YOU'LL BLUSH, YOUR PULSE WILL RACE."—The New York Times "Delicious women can share in their sisters' secrets and not feel that they are alone."—Los Angeles Times "Nancy Friday's work demonstrate[s] beyond doubt that the emancipation of women's bodies begins with the emancipation of our minds." —Faye Wattleton, former president, Planned Parenthood Federation of America
