## **The Business of Travel: a Fifty Years' Record of Progress**

"But Daddy, who will live with me in heaven?" Doctor Simon Bailey's previously perfect life is shattered when his seven year old daughter is given months to live. While he can almost come to terms with her impending death, and feeling he may one day deal with never being able to see her again, he cannot stand the idea of his child facing death alone. He answers the question in a moment of desperation, testing his marriage, his professional judgment and his sanity to the limit. He offers to go with her. As cracks form in the foundations of a family that once appeared unbreakable, we wonder - as do his loved ones - will he really make the ultimate sacrifice? Combining poignant moments of both humor and pain, and never maudlin despite its subject matter, 'Simon's Choice' is a penetrating, and surprisingly heart-warming, account of parenthood as we would never wish to live it.

### **Order and Dispute**

The first two seasons of Star Trek: Discovery, the newest instalment in the long-running and influential Star Trek franchise, received media and academic attention from the moment they arrived on screen. Discovery makes several key changes to Star Trek's well-known narrative formulae, particularly the use of more serialized storytelling, appealing to audiences' changed viewing habits in the streaming age - and yet the storylines, in their topical nature and the broad range of socio-political issues they engage with, continue in the political vein of the series' megatext. This volume brings together eighteen essays and one interview about the series, with contributions from a variety of disciplines including cultural studies, literary studies, media studies, fandom studies, history and political science. They explore representations of gender, sexuality and race, as well as topics such as shifts in storytelling and depictions of diplomacy. Examining Discovery alongside older entries into the Star Trek canon and tracing emerging

continuities and changes, this volume will be an invaluable resource for all those interested in Star Trek and science fiction in the franchise era.

A classic resource in the modern study of the anthropology of law, this book is now widely available again in an updated and expanded edition. There are many societies that survive in a remarkably orderly fashion without the help of judges, law courts and policemen. They are small in scale and have relatively simple technologies, lacking those centralized agencies which we associate with legal systems; yet early anthropologists did not hesitate to name “law,” along with kinship, politics and religion, as one of the facets of their subject. Simon Roberts contends, however, that legal theory has become too closely identified with our own arrangements in western societies to be of much help in cross-cultural studies of order. But conversely, by looking at the ways in which other societies keep order and solve disputes, he sheds valuable light on the contemporary debates about order in our own society, in a straightforward text which will be accessible to the general reader and anthropologist alike. Now in its Second Edition with a new Foreword and Afterword by the author, this renowned introduction to the anthropology of law is part of the Classics of Law & Society Series from Quid Pro Books.

The sequel to *The Resurrection of Nat Turner, Part I: The Witnesses* shows the story of Nat Turner through his own eyes, from growing up a slave through his violent uprising and death. In the predawn hours of August 22, 1831, slave Nat Turner stormed into history with a Bible in one hand and a sword in the other. Leading a small army of fellow slaves in an uprising that left more than fifty whites dead, Turner became a tragic hero and a lightning rod for abolitionists. His rebellion put Virginia in the national spotlight and tore a nation's trust. In *Part I: The Witnesses*, Harriet Beecher Stowe encounters a mysterious runaway slave who recounts stories of people who knew Nat Turner, both friends and enemies. In their words are the truth of the mystery and conspiracy of Turner's life, death, and confession.

Part 2: The Testimony, relates the whole story—from Turner’s early slave years with his Ethiopian-born mother through the uprising, his trial, and hanging—from Nat’s perspective. It’s a story full of greed and betrayal, faith and courage, villains and heroes.

Written from September 1939 to January 1941, Simone de Beauvoir’s *Wartime Diary* gives English readers unabridged access to one of the scandalous texts that threaten to overturn traditional views of Beauvoir’s life and work. Beauvoir’s account of her clandestine affair with Jacques Bost and sexual relationships with various young women challenges the conventional picture of Beauvoir as the devoted companion of Jean-Paul Sartre, just as her account of completing her novel *She Came to Stay* at a time when Sartre’s philosophy in *Being and Nothingness* was barely begun calls into question the traditional view of Beauvoir’s novel as merely illustrating Sartre’s philosophy. Most important, the *Wartime Diary* provides an exciting account of Beauvoir’s philosophical transformation from the prewar solipsism of *She Came to Stay* to the postwar political engagement of *The Second Sex*. This edition also features previously unpublished material, including her musings about consciousness and order,

recommended reading lists, and notes on labor unions. In providing new insights into Beauvoir's philosophical development, the Wartime Diary promises to rewrite a crucial chapter of Western philosophy and intellectual history.

### **Confidence**

Captured by the Thirteen, Beth is presented with an unusual proposal. Accept their torments willingly and they will tell her everything she wanted to know about the Council of Thirteen. "A reverse interrogation" the Matriarch called it. Thrilled at the possibility of being credited not only with their capture but also able to provide all the information they could possibly want about their organisation Beth accepts the proposal. Join Beth on her cruise of torture and torment as she discovers the origins of the Council of Thirteen and learns more about her own appetites for BDSM. Matt, Karen and Beth have arrived at Heart Manor, Matt's ancestral home to contact the staff annual Obedience Trials. Joan is assigned the role of House Slave by her Father, the Duke, and staff get to

exact a measure of revenge, through a series of Slave Trials. Matt, Karen and Elisabeth are called in for a spy mission and the Servants enjoy an evening of traditional family games.

### **Simon's Choice**

When Charlotte regains consciousness after an accident, she finds herself living a stranger's life. The previous five years are a blank, and her husband, Henri, and daughter, Ada, are strangers. Arriving at their family chateau in southern France, she hopes to regain her memories. Instead she feels isolated and

unsettled. Strange events hint at underlying darkness and menace. Charlotte doesn't know who to trust. Did she really have an affair with their charming Irish neighbour, as her enigmatic mother-in-law suggests? And what of Henri? He seems loving and kind, a good parent, but Charlotte is wary. Then there is Ada, a little girl who just wants her mother back. With the help of her friend and fellow Australian Susannah, Charlotte starts to piece together events, but her newfound confidence is shaken with news that puts a deadline on her quest.

### **Society in London**

One of the 20th Century's most beloved novels is still winning hearts! *I Capture the Castle* tells the story of seventeen-year-old Cassandra and her family, who live in not-so-genteel poverty in a ramshackle old English castle. Here she strives, over six turbulent months, to hone her writing skills. She fills three notebooks with sharply funny yet poignant entries. Her journals candidly chronicle the great changes that take place within the castle's walls, and her own first descent into love. By the time she pens her final entry, she has "captured the castle"-- and the heart of the reader-- in one of literature's most enchanting entertainments. "This book has one of the most charismatic narrators I've ever met." -- J.K. Rowling, author of the Harry Potter series
