The Philippines Yearbook

Are you using the right social media tool to monitor, assess and improve your social media performance? Worry no more! This useful journal is designed to help you define your audience whether they are lurkers, influencers and engagers. This journal is perfect for product creators, online coaches, virtual assistants, freelancers, entrepreneurs and small business owners. How to use this social media planner: Research and list down your competitor's number of followers to find your own audience. Sharply plan the content you share. Understand why you're in social media by defining your business objectives and social objectives. List down what you can do better than your competitors and what you can do differently as well (write them down on the 'notes' area.) Plan how often will you share everyday. Features: 8.5 by 11 inch 120 pages glossy Get one for yourself today! Or send this as a gift to somebody you know who loves scheduling and saving time for social performance. To get going, scroll up and click the BUY button! And you're done! Thank you!
