Clarabella's Teeth

Arborist News

ESD Technology

Charles just moved to Echo City, and some of his new neighbors give him the creeps. They sneak into his room, steal his toys, and occasionally, they try to eat him. The place is teeming with monsters! Lucky for Charles, Echo City has Margo Maloo, monster mediator. No matter who's causing trouble, Margo knows exactly what to do—the neighborhood kids say monsters are afraid of her. It's a good thing, because Echo City's trolls, ogres, and ghosts all have one thing in common: they don't like Charles very much.

The Visual Guide to Kindergarten uses bold infographics to present fascinating facts about animals, the five senses, dinosaurs, world holidays, and more. Infographics allow students to complete creative challenges while building math, writing, reading, and data-collection skills. --When information is presented visually, children are more likely to understand and remember it. The Visual Guide to Kindergarten uses infographics to grab young learners' attention with an exciting visual learning technique. Infographics simplify complex information by highlighting key ideas and connections with colorful charts, pictures, and graphs. The perfect at-home resource, this cross-curricular workbook provides comprehension questions, writing prompts, and creative challenges to keep your child engaged in the learning process. --Grade-specific and high-interest, the Visual Guide series offers a unique collection of infographics that teach language arts, math, social studies, and science. Your child will grow as a critical thinker; make strides toward learning independently; and improve skills with text, numbers, and data. A way of learning that appeals to today's youth, the Visual Guide series focuses on building the 21st century skills that lead to school success.

Vols. 3-13, 1961-71 one issue each year includes a directory issue: Purchasing directory.

Colored Pencil Painting Portraits

The Creepy Case Files of Margo Maloo

Arbor Age

Tree Care Industry

Join the colored pencil painting revolution with acclaimed artist Alyona Nickelsen, who reveals how to use the medium to push the limits of realistic portraiture. In this truly comprehensive guide, Nickelsen presents new layering tools and techniques that allow colored pencil artists to achieve luminously lifelike portraits. Along with guidance on planning and composing a portrait, choosing materials, capturing gesture and expression, and rendering specific facial and body features of a wide range of subjects, this book is also packed with step-by-step demonstrations that demystify Nickelsen's incredible process in a way that any artist can achieve.
