### The Lives of Erich Fromm

Billy Pilgrim returns home from the Second World War only to be kidnapped by aliens from the planet Tralfamadore, who teach him that time is an eternal present

### The Legacy of Erich Fromm

An insightful look at alienation in the modern world from the New York Times–bestselling author of *The Art of Loving* and *Escape from Freedom*. Social psychologist Erich Fromm observed the spread of alienation in the 1960s, arguing that humans who were once dynamic, creative beings were reduced to fixating on TV screens, emotionally paralyzed by anxieties over threats like nuclear war. Though we may stare at different devices and worry about other dangers today, his insights are as useful as ever, and allow us to gain perspective on the human condition. A collection of his writings on “New Humanism” and the need to reclaim our happiness and peace of mind, this is a thoughtful, fascinating overview of the past that shaped us, and the philosophies and practices that can ensure a better future, both for ourselves and for the world at large. Included are reflections on thinkers from Karl Marx to medieval Catholic mystic Meister Eckhart, as “Fromm’s large, keen mind and attractive, likable voice [strive] for heart as he asks himself the hardest questions of his day” (Kirkus Reviews). This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author’s estate.

### Buy the Change You Want to See

Over two thousand years ago, Sun Tzu wrote *The Art of War*. In today’s struggle to stop war, terrorism, and other global problems, West Point graduate Paul K. Chappell offers new and practical solutions in his pioneering book, *The Art of Waging Peace*. By sharing his own personal struggles with childhood trauma, racism, and berserker rage, Chappell explores the anatomy of war and peace, giving strategies, tactics, and leadership principles to resolve inner and outer conflict. Chappell explains from a military perspective how Gandhi and Martin

Luther King Jr. were strategic geniuses, more brilliant and innovative than any general in military history, courageous warriors who advanced a more effective method than waging war for providing national and global security. This pragmatic and richly instructive book shows how we can become active citizens with the skills and strength to defeat injustice and end all war.

## **The Art of Loving**

Renowned psychoanalyst Erich Fromm has helped generations of men and women achieve rich and productive lives by developing their capacity to love. This centennial edition of his most enduring work salutes the valuable lessons that are Fromm's legacy.

## **Greatness and Limitations of Freud's Thought**

What is suggested to your attention is, in a sense, an invitation. To introduce the most interesting work of Erich Fromm: "The art of loving or exploring the nature of love." While reading this book, you are going to agree in some ways with its author, whereas in other ways you are not. In any case, you are not going to regret the time spent on reading it. In terms of a sense of pleasure received while reading and of benefits obtained from it. For your life. "The art of loving" can be commented on or discussed, can be both and even more. We, in our turn, allowed ourselves only to make a very tiny description about rationality/irrationality of the phenomenon of Love.

## **The Art of Loving**

Why do people choose authoritarianism over freedom? The classic study of the psychological appeal of fascism by a New York Times–bestselling author. The pursuit of freedom has indelibly marked Western culture since Renaissance humanism and Protestantism began the fight for individualism and self-determination. This freedom, however, can make people feel unmoored, and is often accompanied by feelings of isolation, fear, and the loss of self, all leading to a desire for authoritarianism, conformity, or destructiveness. It is not only the question of freedom that makes Fromm's debut book a timeless classic. In this examination of the roots of Nazism and fascism in Europe, Fromm also explains how economic and social constraints can also lead to authoritarianism. By the author of *The Sane Society* and *The Anatomy of Human Destructiveness*, this is a fascinating examination of the anxiety that underlies our darkest impulses, an enlightening volume perfect for readers of Eric Hoffer or Hannah Arendt. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

## **Map of the Soul - Persona**

"Socialism is essentially prophetic Messianism " So Erich Fromm writes in his 1961 classic *Marx's Concept of Man*. World-renowned Critical Theorist, activist, psychoanalyst, and public Marxist intellectual, Erich Fromm (1900-1980) played a pivotal role in the early Frankfurt Institute for Social Research and influenced

emancipatory projects in multiple disciplines. While he remains popularly well known as author of such best-selling books as *Escape from Freedom* and *The Art of Loving*, Fromm's contribution to Critical Theory is now being rediscovered. Fromm's work on messianism in the 1950s-1970s responded to earlier debates among early twentieth century German Jewish thinkers and radicals, including Hermann Cohen, Rosa Luxemburg, Martin Buber, Gershom Scholem, and Georg Lukács. The return to Fromm, as well as growing interest in Jewish messianism's influence on the Frankfurt School, makes this book timely. Fromm's bold defense of radical hope and trenchant critique of political catastrophism are more relevant than ever. "Joan Braune's work on Erich Fromm is indispensable for students of Frankfurt School critical theory. Braune reveals the central role that Fromm played in the early development of Frankfurt School critical theory. She also discloses the role that Fromm played in shaping some of the most important debates in critical theory. One of the most interesting issues that informed the debates among early critical theorists was messianism and its political implications. There is no better book on this issue. Those of us who are interested in the development of Frankfurt School critical theory owe Dr. Braune a great deal of gratitude." – Arnold L. Farr, Associate Professor of Philosophy, University of Kentucky, President, International Herbert Marcuse Society "Joan Braune's work on Fromm brings this important figure in critical theory back into the conversation at a needed time. It also appears at a time when we must recapture prophetic messianism – the hope in humanity for a better future." Jeffery Nicholas, Providence College, author of *Reason, Tradition, and the Good: MacIntyre's Tradition-Constituted Reason and Frankfurt School Critical Theory*

## **The Art of Love**

"The Heart of Man questions human nature itself, from the forms of violence that plague it to individual and social narcissism to how the positive value of "love of life" can potentially outweigh the destructive "syndrome of decay" caused by the love of death and other harmful tendencies of thought. [The American Mental Health Foundation's Fromm titles] are timely, directly relevant to modern psychological and social issues, and bring absolutely invaluable humanist messages to temper psychology's scientific and healing discipline. Highly recommended, especially for college library collections." --Midwest Book Review Fromm's follow-up to *Escape from Freedom* and *The Art of Loving* is a keen study of violence on a small scale leading to the specter of mass destruction.

## **All About Love**

Love can be difficult, but it's not mysterious. No matter who you are, your capacity to love can be developed in the same way as learning to cook or play the violin: with practice... Purchase this in-depth summary to learn more.

## **50 Ways to Get a Job**

The renowned social psychologist and New York Times–bestselling author shares his insights on the process of psychotherapy, drawing on his own experience. Over the course of a distinguished career, Erich Fromm built a reputation as a talented

speaker and gifted psychoanalyst—the first specialization of this polymath. The Art of Listening is a transcription of a seminar Fromm gave in 1974 to American students in Switzerland. It provides insight into Fromm's therapy techniques as well as his thoughts and mindset while working. In this intimate look at his profession, Fromm dismantles psychoanalysis and then reassembles it in a clear and engaging fashion. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

## **The Forgotten Art of Love**

There is a lot of interest in today's culture about the idea of Persona and the psychological mapping of one's inner world. In fact, the interest is so strong that the superstar Korean Pop band, BTS, has taken Dr. Murray Stein's concepts and woven them into the title and lyrics of their latest album, Map of the Soul:Persona. What is our persona and how does it affect our life's journey? What masks do we wear as we engage those around us? Our persona is ultimately how we relate to the world. Combined with our ego, shadow, anima and other intra-psychic elements it creates an internal map of the soul. T.S. Eliot, one of the most famous English poets of the 20th Century, wrote that every cat has three names: the name that everybody knows, the name that only the cat's intimate friends and family know, and the name that only the cat knows. As humans, we also have three names: the name that everybody knows, which is the public persona; the name of that only your close friends and family know, which is your private persona; and the name that only you know, which refers to your deepest self. Many people know the first name, and some people know the second. Do you know your secret name, your individual, singular, unique name? This is a name that was given to you before you were named by your family and by your society. This name is the one that you should never lose or forget. Do you know it?

## **On Being Human**

New York Times bestseller Wall Street Journal bestseller USA Today bestseller Publishers Weekly bestseller Forbes "15 Best Business Books of the Year" People "Book of the Week" AARP Editor's Pick Translated into 34 languages and counting "Presence feels at once concrete and inspiring, simple but ambitious--above all, truly powerful." -- New York Times Book Review Have you ever left a nerve-racking challenge and immediately wished for a do over? Maybe after a job interview, a performance, or a difficult conversation? The very moments that require us to be genuine and commanding can instead cause us to feel phony and powerless. Too often we approach our lives' biggest hurdles with dread, execute them with anxiety, and leave them with regret. By accessing our personal power, we can achieve "presence," the state in which we stop worrying about the impression we're making on others and instead adjust the impression we've been making on ourselves. As Harvard professor Amy Cuddy's revolutionary book reveals, we don't need to embark on a grand spiritual quest or complete an inner transformation to harness the power of presence. Instead, we need to nudge ourselves, moment by moment, by tweaking our body language, behavior, and mind-set in our day-to-day lives. Amy Cuddy has galvanized tens of millions of viewers around the world with her TED talk about "power poses." Now she presents the enthralling science underlying these and many other fascinating body-mind effects, and teaches us

how to use simple techniques to liberate ourselves from fear in high-pressure moments, perform at our best, and connect with and empower others to do the same. Brilliantly researched, impassioned, and accessible, *Presence* is filled with stories of individuals who learned how to flourish during the stressful moments that once terrified them. Every reader will learn how to approach their biggest challenges with confidence instead of dread, and to leave them with satisfaction instead of regret.

## **Tao Te Ching**

From the legendary psychoanalyst who wrote *The Art of Loving* and *Escape from Freedom: A profound critique of materialism in favor of living with meaning*. Life in the modern age began when people no longer lived at the mercy of nature and instead took control of it. We planted crops so we didn't have to forage, and produced planes, trains, and cars for transport. With televisions and computers, we don't have to leave home to see the world. Somewhere in that process, the natural tendency of humankind went from one of being and of practicing our own human abilities and powers, to one of having by possessing objects and using tools that replace our own powers to think, feel, and act independently. Fromm argues that positive change—both social and economic—will come from being, loving, and sharing. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

## **The Pathology of Normalcy**

Renowned social psychologist Erich Fromm's classic study of Freud's most important—and controversial—ideas. Bestselling philosopher and psychoanalyst Erich Fromm contends that the principle behind Freud's work—the wellspring from which psychoanalysis flows—boils down to one well-known belief: "And the truth shall set you free." The healing power of truth is what Freud used to cure depression and anxiety, cutting through repression and rationalizations, and it provided the foundation for modern psychology. Freud's work, however, was not without its flaws. Though he pioneered many of the practices still in use today, Freud's perspective was imperfect. In *Greatness and Limitation of Freud's Thought*, Fromm deepens the understanding of Freud by highlighting not just his remarkable insights, but also his flaws, on topics ranging from dreams to sexuality. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

## **Summary of Erich Fromm's The Art of Loving by Milkyway Media**

### **The Art of Waging Peace**

A brilliant psychoanalytical and historical work which asks - is the fear of freedom the root of the twentieth century's predilection for one or other kind of totalitarianism?

## **To Have or To Be?**

A fascinating look at the key components of romantic love--sex, idealization, aggression, self-pity, guilt, and commitment--argues that romance does not diminish in a long-term relationship, describes the barriers to lasting love, and offers helpful advice on how to promote an enduring love by eliminating self-destructive efforts to protect oneself from its risks. Reprint. 15,000 first printing.

## **Slaughterhouse-five**

Erich Fromm was a political activist, psychologist, psychoanalyst, philosopher, and one of the most important intellectuals of the twentieth century. Known for his theories of personality and political insight, Fromm dissected the sadomasochistic appeal of brutal dictators while also eloquently championing love—which, he insisted, was nothing if it did not involve joyful contact with others and humanity at large. Admired all over the world, Fromm continues to inspire with his message of universal brotherhood and quest for lasting peace. The first systematic study of Fromm's influences and achievements, this biography revisits the thinker's most important works, especially *Escape from Freedom* and *The Art of Loving*, which conveyed important and complex ideas to millions of readers. The volume recounts Fromm's political activism as a founder and major funder of Amnesty International, the National Committee for a Sane Nuclear Policy, and other peace groups. Consulting rare archival materials across the globe, Lawrence J. Friedman reveals Fromm's support for anti-Stalinist democratic movements in Central and Eastern Europe and his efforts to revitalize American democracy. For the first time, readers learn about Fromm's direct contact with high officials in the American government on matters of war and peace while accessing a deeper understanding of his conceptual differences with Freud, his rapport with Neo-Freudians like Karen Horney and Harry Stack Sullivan, and his association with innovative artists, public intellectuals, and world leaders. Friedman elucidates Fromm's key intellectual contributions, especially his innovative concept of "social character," in which social institutions and practices shape the inner psyche, and he clarifies Fromm's conception of love as an acquired skill. Taking full stock of the thinker's historical and global accomplishments, Friedman portrays a man of immense authenticity and spirituality who made life in the twentieth century more humane than it might have been.

## **The Art of Loving**

Living in Southern California, Gary Carmell has become very familiar with tectonic shifts: cataclysmic changes in the earth's crust that cause earthquakes and tsunamis. Carmell has also experienced numerous tectonic shifts in the economic landscape in his nearly thirty-year investing career. Correctly anticipating economic trends has allowed his real estate investment and management firm, CWS Capital Partners LLC, to grow from assets of \$250 million in the late 1980s to over \$3 billion today. CWS foresaw the collapse of manufactured housing in the late 1990s and anticipated a massive shift from homeownership to renting, prompting them to reposition aggressively for growth in apartment construction and management. Carmell feels special pride in the results his company's delivers

for its investors, as a result—long-term average annual returns exceed 13 percent—even during the Great Recession of 2007–2009. Navigating turbulent economic markets and experiencing his two-year-old son’s near-fatal stroke has taught Carmell that real success requires not only financial acumen, but also deep reflection. He credits Shakespeare, Hume, and Schopenhauer as his mentors, with more modern sages like Buffett, Soros, and Munger also guiding his actions. In *The Philosophical Investor: From Wisdom to Wealth*, he shares the insights he has gained along the way in the hope of inspiring a new cadre of critical thinking investors.

## **Presence**

The Art of Love tells the stories of the most fascinating couples of the art world, exploring the passionate, challenging and loving relationships behind some of the world’s greatest works of art. From Frida Kahlo and Diego Rivera to Joseph Cornell and Yayoi Kusama, Josef and Anni Albers to Gilbert & George – Kate Bryan delves into the formation, and sometimes breakdown, of each romance, documenting their highs and lows and revealing just how powerful love can be in the creative process. Whether long-lasting, peaceful collaborations, or short-lived tumultuous affairs, *The Art of Love* opens the door on some of the greatest love stories of the twentieth century. The relationships: Francoise Gilot & Pablo Picasso; Frida Kahlo & Diego Rivera; Carl Andre & Ana Mendieta; Christo & Jeanne-Claude; Robert Delaunay & Sonia Delaunay; Lee Krasner & Jackson Pollock; Barbara Hepworth & Ben Nicholson; Georgia O’Keeffe & Alfred Stieglitz; Lee Miller & Man Ray; Max Ernst & Dorothea Tanning; Jasper Johns & Robert Rauschenberg; Elaine de Kooning & William de Kooning; Maria Martins & Marcel Duchamp; Hans Arp & Sophie Taeuber-Arp; Raoul Hausmann & Hannah Hoch; Josef Albers & Anni Albers; Gwendolyn Knight & Jacob Lawrence; Kay Sage & Yves Tanguy; Nancy Holt & Robert Smithson; Marina Abramovic & Ulay; Gilbert & George; Joseph Cornell & Yayoi Kusama; Carroll Dunham & Laurie Simmons; Camille Claudel & Auguste Rodin; Maud Hunt Squire & Ethel Mars; Frances Loring & Florence Wyle; Alexander Rodchenko & Varvara Stepanova; Niki de Saint Phalle & Jean Tinguely; Leon Golub & Nancy Spero; Lili Elbe & Gerda Wegener; Bernd Becher & Hilla Becher; Emilia Kabakov & Ilya Kabakov; Tim Noble & Sue Webster; Idris Khan & Annie Morris

## **On Disobedience and Other Essays**

### **Escape from Freedom**

THE ACCLAIMED FIRST VOLUME IN HER "LOVE SONG TO THE NATION" "The word 'love' is most often defined as a noun, yet . . . we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, the renowned scholar, cultural critic, and feminist skewers our view of love as romance. In its place she offers a proactive new ethic for a people and a society bereft with lovelessness. As Bell Hooks uses her incisive mind and razor-sharp pen to explore the question "What is love?" her answers strike at both the mind and heart. In thirteen concise chapters, hooks examines her own search for emotional connection and society’s

failure to provide a model for learning to love. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” All About Love is a powerful affirmation of just how profoundly she can.

## **Erich Fromm ‘The Art of Loving’**

The landmark bestseller that changed the way we think about love: “Every line is packed with common sense, compassion, and realism” (Fortune). The Art of Loving is a rich and detailed guide to love—an achievement reached through maturity, practice, concentration, and courage. In the decades since the book’s release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, The Art of Loving is a modern classic about taking care of ourselves through relationships with others by the New York Times–bestselling author of To Have or To Be? and Escape from Freedom. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author’s estate.

## **Rumi**

A new personalized way to find the perfect job—while staying calm during the process. You are so much more than a resume or job application, but how can you communicate that to your potential employer? You need to learn to ask the right questions, stop using job sites, and start doing the work that actually counts. Based on information gained from over 400,000 individuals who have used these exercises, this book reveals career expert Dev Aujla’s tried-and-tested method for job seekers at every stage of their career. Filled with anecdotes and advice from professionals ranging from a wilderness guide to an architect, it includes quick-step exercises that help you avoid the common pitfalls of navigating a modern career. Whether you’ve just decided to start the hunt or you’re gearing up for a big interview, 50 Ways to Get a Job will keep you poised, on-track, and motivated right up to landing your dream career.

## **The Art of Loving**

Fromm’s basic idea was to look at the individual as a social being and to look at society as an ensemble of many individuals who have not only common ideas and convictions based on a common practice of life but also a common psychic structure. With his concept of “social character” he created a new interdisciplinary thinking presented in this reader. The Erich Fromm Reader exhibits the true genius of an original thinker in seeing the connections between overlapping knowledge from many different fields. Here interdisciplinarity is not only a lip service but the impact of Erich Fromm’s unique social psychological notion.

## **The Art of Being**

A guide to well-being from the renowned social psychologist and New York Times–bestselling author of *The Art of Loving* and *Escape from Freedom*. Though laptops, smartphones, and TVs have in many ways made life more convenient, they have also disconnected us from the real world. Days are spent going from screen to machine, machine to screen. In *The Art of Being*, renowned humanist philosopher and psychoanalyst Erich Fromm draws from sources as varied as Sigmund Freud, Buddha, and Karl Marx to find a new, centered path to self-knowledge and well-being. In order to truly live, Fromm argues, we must first understand our purpose, and the places where we lost it. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

## **Erich Fromm's Revolutionary Hope**

Many people are unable to love--and thus live--fully. Renowned psychoanalyst Erich Fromm has helped generations of men and women achieve rich and productive lives by developing their capacity to love. This Centennial Edition of his most enduring work, *The Art of Loving*, salutes the valuable lessons that are Fromm's legacy.

## **The Heart of Man**

Explore the many facets of our most valued emotion. Cardiologist and professor Armin Zadeh revisits psychologist Erich Fromm's *The Art of Loving*, a book that has fascinated him for decades. *The Forgotten Art of Love* examines love in its complex entirety — through the lenses of biology, philosophy, history, religion, sociology, and economics — to fill in critical voids in Fromm's classic work and to provide a contemporary understanding of love. This unique and wide-ranging book looks at love's crucial role in every aspect of human existence, exploring what love has to do with sex, spirituality, society, and the meaning of life; different kinds of love (for our children, for our neighbors); and whether love is a matter of luck or an art that can be mastered. Dr. Zadeh provides a fascinating, empowering guide to enhancing relationships and happiness — concluding with a provocative vision for firmly anchoring love in our society.

## **Love, Sexuality, and Matriarchy**

## **The Erich Fromm Reader**

Fromm offers a complete and systematic exploration of his "humanistic psychoanalysis." In so doing, he counters the profound pessimism for our future that Freud expressed and sets forth the goals of a society in which the emphasis is on each person and on the social measures designed to further function as a responsible individual.

## **The Philosophical Investor**

For nearly two generations, this translation of the *Tao Te Ching* has been the

standard for those seeking access to the wisdom of Taoist thought. Now Jane English and her long-time editor, Toinette Lippe, have refreshed and revised the translation, so that it more faithfully reflects the Classical Chinese in which it was first written, while taking into account changes in our own language and eliminating any lingering infelicities. Lao Tsu's philosophy is simple: Accept what is in front of you without wanting the situation to be other than it is. Study the natural order of things and work with it rather than against it, for to try to change what is only sets up resistance. Nature provides everything without requiring payment or thanks. It does so without discrimination. So let us present the same face to everyone and treat them all as equals, however they may behave. If we watch carefully, we will see that work proceeds more quickly and easily if we stop "trying," if we stop putting in so much extra effort, if we stop looking for results. In the clarity of a still and open mind, truth will be reflected. Te—which may be translated as "virtue" or "strength"—lies always in Tao meaning "the way" or "natural law." In other words: Simply be.

## **Loving Each Other**

The distinguished social critic and psychoanalyst offers fresh insights into aggression, dreams, affluence, religion, and human growth, revealing an awareness of life's tragedies, but, at the same time, emphasizing the transcending power of love."

## **Erich Fromm's 'The Art of Loving'**

In a critical study of loving relationships, the author explains how to develop the commitment, honesty, generosity, and positive attitudes toward oneself and others essential to sustaining a loving relationship

## **For the Love of Life**

This is the first full-scale intellectual biography in English of Erich Fromm, perhaps the most widely read psychoanalyst after Freud, whose contributions to clinical and social psychology and the history of the psychoanalytic movement have long been underrated. Though considered a pedant, a popularizer--Escape from Freedom, The Sane Society, and The Art of Loving, among others, were best-sellers -and an "outsider" in many psychoanalytic circles, Fromm played a historic role in the development of the discipline. As a member of Freud's "loyal opposition" with strong leanings toward the "dissident fringe;" he helped effect the transfer of productive ideas from the periphery to the mainstream of the psychoanalytic movement. Daniel Burston's meticulous elucidation of these ideas unravels the numerous strands--philosophical, literary, and social--that formed a part of Freud's own work and of Fromm's sympathetic, but not uncritical, reaction to Freudian orthodoxy. Despite his grounding in the tradition of Freud, contemporaries and former associates persistently misunderstood Fromm's work. Insofar as he attempted to decipher the ideological subtexts to Freudian theory, analytically oriented theorists doing clinical or social research avoided his ideas. His Marxist leanings and his radically historical approach to human behavior made it all but impossible for mainstream academic psychologists to grasp his meaning, much

less to grant it any validity. At the same time, his humanistic and ethical concerns struck many psychologists as grossly unscientific. Practical and intellectual constraints have conspired to ensure that Fromm's impact has been peripheral at best. Burston's eloquent, evenhanded reassessment of Fromm's life and work cuts through the ideological and political underbrush to reveal his pivotal role as a theorist and a critic of modern psychoanalysis. It leads readers back to Freud, whose theoretical and clinical contributions Fromm refracted and extended, and on to controversies that remain a vital part of contemporary intellectual life.

## **A Practical Guide to Marital Bliss**

Collects the renowned psychoanalyst's lectures and writings on problematic relations between men and women known as "guerrilla war" that have been in existence for some six thousand years. Reprint.

## **The Sane Society**

Cambridge University professor Reynold Nicholson once remarked that the 13th-century Persian poet Rumi is the "greatest mystical poet of any age." In Rumi's vision, love is the very matrix of existence; love is what moves life. His poetry expresses the deepest and the most inclusive layers of love, and thus connects us to an immense source of joy, compassion, creativity, and mystery. This book is a new anthology and an original translation of Rumi's poetry. It is divided into three parts. Part I contains two essays, one on Rumi's life ("A Messenger from the Sun") and the other on his poetic vision and thought ("The Path of Love in the Ocean of Life"), which together help the reader better situate his poetry. Part II presents 144+1 quatrains (Rubaiyat) of Rumi categorized into 12 thematic chapters: On the Pain and Joy of Longing; The Search; Who Am I?; The Beloved's Face; Die to Yourself; The Art of Living; Night Secrets; Water of Life; Fire of Love; Unity and Union; Peaceful Mind; and Rumi on His Life, Poetry and Death. These poems have been selected and translated from the authentic Persian editions of Rumi's Divan-e Shams. For readers interested in the cadence and rhythm of the poems in the original language the Persian reading (in English script) is also given under each translated poem. Part III is a selection of 12 wisdom stories from Rumi's own life (taken from a 14th-century biographical work on Rumi). A glossary of symbolic terms in Rumi's poetry, and references to the original sources of the translated poems are also given at the end of the book. This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union, and painted in words the art of loving.

## **The Art of Listening**

## **Can Love Last?: The Fate of Romance Over Time**

"The Art of Living" is the first large-scale analysis in English of Erich Fromm's life and his entire printed works. This study addresses both the specialist in a variety of disciplines (psychology, social sciences, philosophy) and a large lay readership. It is written in an appealing style and clearly delineates Fromm's career as a

psychoanalyst and a writer, pinpointing the strengths and weaknesses in the work of one of this century's most influential thinkers. Fromm's unflagging insistence on a more humane world emerges here in full relevance for today's reader.

## **The Fear of Freedom**

Eager to change the world? Learn how you can have a greater social impact through your everyday purchases. The money we routinely spend on food, clothes, gifts, and even indulgences is an untapped superpower. What would happen if we slowed down to make more thoughtful decisions about what we buy? For "mom and pop" stores across the country, and artisan and agricultural communities around the world, every purchase matters. Consumers--whether individuals, small businesses, or corporations--are paying more attention than ever to how their goods are made; and retailers--large and small--are responding by investing in ethical and eco-friendly production. Yet figuring out which brands to support can feel overwhelming. Jane Mosbacher Morris has devoted her career to creating economic opportunities for vulnerable communities around the world, and in this valuable book, she shares her passion and insights on how we, as consumers, can create positive change too. Covering topics that range from why not all factories are evil, to how our morning coffee can be the easiest way for us to use our purchasing power for good, *Buy the Change You Want to See* makes us better informed consumers. Morris tells inspiring stories about how victims of human trafficking and natural disasters have been empowered by economic opportunity, and she offers practical ideas about how we can support these communities through our purchases--whether it comes to jewelry made from recycled materials in Haiti, sustainably grown and ethically sourced coffee and chocolate from farmers in some of the poorest regions of the world, or mass-produced jeans and shoes made in factories where workers are guaranteed decent working conditions and a fair wage.
