A Cruel Deception

A new, enlarged edition of the bestselling leadership guide, with extensive new material.

Narrative of the Life of Frederick Douglass

The Bedford Reader 11th Ed + I-claim

The most successful reader of its kind, *A World of Ideas* introduces first-year writing students to the thinkers and writers whose ideas have shaped civilization: for example, Niccolò Machiavelli on government, Elizabeth Cady Stanton on justice, and Sigmund Freud on the mind. Because students perceive these writers as important, they take the writing course seriously: they learn to read more attentively, think more critically, and write more effectively. No other composition reader offers a comparable collection of important readings along with the supportive apparatus students need to understand, analyze, and respond to them.

The Bedford Reader

From its well-chosen essays to its thorough editorial apparatus to its distinctive organization, *The Compact Reader* provides the fundamental support students need to become confident writers. The innovative dual organization -- rhetorical and thematic -- introduces essential strategies of writing while engaging students with brief readings on captivating topics. For instructors who want a concise, affordable, effective resource for teaching the connection between form and content, *The Compact Reader* is the perfect choice.

Literature and the Writing Process

The Elements of Style

Drawn from our best-selling anthology, *The Bedford Introduction to Literature*, *Literature to Go* is a brief and inexpensive collection of stories, poems, and plays supported by the superior instruction you expect from a Michael Meyer anthology. With literature from many periods, cultures, and diverse voices, the book is also a complete guide to close reading, critical thinking, and thoughtful writing about literature. The second edition features a new thematic chapter on our working lives and a new in-depth chapter on the fiction of Dagoberto Gilb, created in collaboration with the author himself—continuing the anthology's mission to present literature as a living, changing art form.

Elements of Argument

Comprehensive coverage of classic and contemporary approaches to argument, including Aristotle, Toulmin, and a range of alternative views, making it a versatile text. Readings on contemporary controversies (including the purpose of a college education, immigration, a peacetime draft, and obesity) and classic philosophical questions (such as, "How free is the will of the individual?") are sure to spark student interest and lively discussion and writing. Refined through seven previous editions, it has been revised to address current student interests and trends in argument, research, and writing, and has been updated with compelling new topics and readings and more on analyzing visuals and presenting oral arguments.

Current Issues and Enduring Questions

"For courses in English Composition." "This version of *The Longman Reader* has been updated to reflect the 8th edition of the *MLA Handbook* (April 2016)*" "" The acclaimed rhetorical modes reader, with remarkably detailed writing guidance Best-seller *The Longman Reader* includes its abundant and highly praised pedagogy plus a wealth of readings organized by patterns of development (an alternative table of contents organizes them thematically). The opening chapters focus on reading critically and the writing process. The subsequent chapters begin with detailed writing instruction, including an annotated student paper, and end with professional essays. These new and beloved professional essays range widely in subject matter and approach from the humorous to the informative, from personal meditation to argument and capture students' interest while demonstrating specific patterns of development. *The Longman Reader* shares many of the same readings and other core material with *The Longman Writer*. " " "* The 8th Edition introduces sweeping changes to the philosophy and details of MLA works cited entries. Responding to the increasing mobility of texts, MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following." "

40 Model Essays

In *Practical Strategies for Technical Communication*, Mike Markel gives students

the essentials they'll need to communicate successfully in today's workplace. The book offers concise and accessible yet thorough coverage of audience and purpose, research, style, and document design, and strategies for designing all of the major document types. For the second edition, Markel has worked with organizations to choose sample documents and annotate them with insights and advice from the employees who developed them. Throughout the text, a new set of engaging graphics provides visual explanations of key concepts.

Monsters explores questions about the central concept of the monstrous: Why do we create monsters? Are they animal, human, both, or neither? Which of our fears and desires do monsters embody? What can monsters tell us about our cultural and historical moments? How do we cope with the monsters that haunt our imaginations--and our societies? Readings by classic poets, contemporary fiction writers, pop culture critics, philosophers, psychologists, occultists, veterinarians, ethicists, historians, and others take up these questions and more. Questions and assignments for each selection provide a range of activities for students to write about vampires, werewolves, zombies, mermaids, serial killers, classic horror movie monsters, and more strange things that go bump in the night. The Bedford Spotlight Reader Series is an exciting line of single-theme readers, each reflecting Bedford's trademark care and quality. An editorial board of a dozen compositionists at schools with courses focusing on specific themes assists in the development of the series. Each reader collects thoughtfully chosen selections sufficient for an entire writing course--about 35 pieces--to allow instructors to provide carefully developed, high-quality instruction at an affordable price. Bedford Spotlight Readers are designed to help students from all majors make sustained inquiries

from multiple perspectives, opening up topics such as borders, food, gender, happiness, humor, language, music, science and technology, subcultures, and sustainability, to critical analysis. The readers are flexibly arranged in thematic chapters, with each chapter focusing in depth on a different facet of the central topic. Instructor support at macmillanlearning.com includes sample syllabi and additional teaching resources.

Ways of Reading

"I therefore hate the corrupt, slaveholding, women-whipping, cradle-plundering, partial and hypocritical Christianity of the land I look upon it as the climax of all misnomers, the boldest of all frauds, and the grossest of all libels. Never was there a clearer case of 'stealing the livery of the court of heaven to serve the devil in.' I am filled with unutterable loathing when I contemplate the religious pomp and show, together with the horrible inconsistencies, which every where surround me. We have men-stealers for ministers, women-whippers for missionaries, and cradle-plunderers for church members. The man who wields the blood-clotted cowskin during the week fills the pulpit on Sunday, and claims to be a minister of the meek and lowly Jesus. . . . The slave auctioneer's bell and the church-going bell chime in with each other, and the bitter cries of the heart-broken slave are drowned in the religious shouts of his pious master. Revivals of religion and revivals in the slave-trade go hand in hand together. The slave prison and the church stand near each other. The clanking of fetters and the rattling of chains in the prison, and the pious psalm and solemn prayer in the church, may be heard at the same time. The dealers in the bodies of men erect their stand in the presence of the pulpit, and they mutually help each other. The dealer gives his blood-stained gold to support the pulpit, and the pulpit, in return, covers his infernal business with the garb of Christianity. Here we have religion and robbery the allies of each other---devils dressed in angels' robes, and hell presenting the semblance of paradise." --- Frederick Douglass, Narrative of the Life of Frederick Douglass

Narrative of the Life of Frederick Douglass is an 1845 memoir and treatise on abolition written by famous orator and former slave Frederick Douglass. It is generally held to be the most famous of a number of narratives written by former slaves during the same period. In factual detail, the text describes the events of his life and is considered to be one of the most influential pieces of literature to fuel the abolitionist movement of the early 19th century in the United States. Narrative of the Life of Frederick Douglass encompasses eleven chapters that recount Douglass' life as a slave and his ambition to become a free man.

A World of Ideas

"As always, Todd's intense feelings for the traumatized survivors of war make one mother's son the broken hero of an entire generation of lost souls." — The New York Times Book Review In the aftermath of World War I, English nurse Bess Crawford attempts to save a troubled officer from a mysterious killer in this eleventh book in the acclaimed Bess Crawford mystery series. The Armistice of November 1918 ended the fighting, but the Great War will not be over until a Peace Treaty is drawn up and signed by all parties involved. Representatives from the Allies are gathering in Paris, and already ominous signs of disagreement have appeared. Sister Bess Crawford, who has been working with the severely wounded in England in the war's wake, is asked to carry out a personal mission in Paris for a Matron at the London headquarters of The Queen Alexandra's. Bess is facing decisions about her own future, even as she searches for Lawrence Minton. When she finally locates him, instead of the intelligent, ambitious officer she expects, she finds a bitter and disturbed man who has abdicated his duties at the Peace Conference and is well on his way toward an addiction to opiates. Indeed, he tells her that he doesn't care if he lives or dies, he only wants oblivion. But what has changed him? What is it that haunts him? It seems the truth is buried so deep in his mind that he can only relive it in wild nightmares. When Minton goes missing, bent on suicide, Bess must race to unlock his past before he succeeds. Reluctant to trust an officer in Minton's regiment, a man with secrets of his own, and uncertain of the loyalties of Matron's friends in Paris, Bess must rely on her own instincts and

experience—and sometimes in desperation on a stranger who claims he never met Minton. Could whatever happened to Minton in Paris somehow be connected to his war? And why did he not kill Bess when he had the chance—then later, viciously attack her without warning? What is destroying Lieutenant Minton? Or is it who? And what horror will she have to confront, if she is to save him? In this, the eleventh novel in the award-winning Bess Crawford series, New York Times bestselling author Charles Todd delivers a rich and atmospheric portrait that illuminates the cost of war on human lives—the lingering pain and horror that no peace, no matter how earned, can assuage.
