Glory

Glory is a two-hundred volume long song and poem of praise and worship to God and to the saving grace of Jesus Christ, it is for praise and thankfulness, for

gratefulness and our complete adoration for the King of Heaven, the creator of our souls. May we always praise Him and give thanks here and now and in Heaven within eternity. God inspires me to write every day, I try to write whenever I can, He has put on my heart that I should do whatever I can to write and praise Him in my writings, these writings are no my own but God's, He has done all the inspiring and given me the strength and life to write what I have, he gives my fingers the strength to go on and write more and express my soul and heart, he is life. Let us continue to be inspired by Him every day and be encouraged through His word of life, the Bible, let us continue to read and express the love that is within the Bible, the truth and mercy and compassion, the forgiveness and justice.

Gray's Shadow

The essential biography of one of music's most influential icons: Lou Reed As lead singer and songwriter for the Velvet Underground and a renowned solo artist, Lou Reed invented alternative rock. His music, at once a source of transcendent beauty and coruscating noise, violated all definitions of genre while speaking to millions of fans and inspiring generations of musicians. But while his iconic status may be fixed, the man himself was anything but. Lou Reed's life was a transformer's odyssey. Eternally restless and endlessly hungry for new experiences, Reed reinvented his persona, his sound, even his sexuality time and again. A man of contradictions and extremes, he was fiercely independent yet afraid of being alone, artistically fearless yet deeply paranoid, eager for commercial success yet disdainful of his own triumphs. Channeling his jagged energy and literary sensibility into classic songs - like "Walk on the Wild Side" and "Sweet Jane" - and radically experimental albums alike, Reed remained desperately true to his artistic vision, wherever it led him. Now, just a few years after Reed's death, Rolling Stone writer Anthony DeCurtis, who knew Reed and interviewed him extensively, tells the provocative story of his complex and chameleonic life. With unparalleled access to dozens of Reed's friends, family, and collaborators, DeCurtis tracks Reed's five-decade career through the accounts of those who knew him and through Reed's most revealing testimony, his music. We travel deep into his defiantly subterranean world, enter the studio as the Velvet Underground record their groundbreaking work, and revel in Reed's relationships with such legendary figures as Andy Warhol, David Bowie, and Laurie Anderson. Gritty, intimate, and unflinching, Lou Reed is an illuminating tribute to one of the most incendiary artists of our time.

The Grey Album

For Steve Grey growing up, abuse and uncertainty was all he ever knew. Pulled out of a difficult family upbringing when he was only a child, Steve jumped from children's home to children's home, rarely ever escaping the after-effects of the trauma that defined much of his early years. Unfortunately, the type of suffering Grey endured doesn't just get to be wiped away, as Switch Back examines how his childhood abuse also manifested itself in his adult life in ways he could have never imagined. In a personal collection of memoirs, Grey recites the most pivotal moments of his challenging upbringing, focusing on the developments that occurred from childhood, and the reverberations that are still felt to this very day. Through musings and reflections, the heart-breaking story of Switch Back delves

into some of the darkest times of Grey's life, yet the optimism in which these traumatic episodes are discussed makes for a truly inspirational tale of personal drive and discovery. With *Switch Back*, author Steve Grey dives deep into harrowing personal experiences, offering insight for those who may have suffered through similar episodes. While difficult to overcome at the time, Grey has since moved past the memories that haunted him in much of his developing life, with a new-found goal to use those same experiences to make sure abuse like this never happens again. With this novel, Grey offers a hand to anyone who has found themselves in a similar situation, primed with one key message in particular: you are not alone.

Secret Funding

Book 1 of 3- A contemporary fiction novel that touches on many different genres--fantasy, suspense, historical and more. Great for YA/Adult readers. This book is filled with thought provoking imagery that will change your view of people in your life. Books 2 & 3 to be released soon. If you had the ability to change someone's fate would you? Excerpt: Vivid dreams plagued me throughout the night; I could only vaguely remember the earlier ones, but the last nightmare had woken me abruptly this morning leaving me gasping for air. It had started simply enough, I was walking through a long meadow, my hands outstretched, brushing the waist high grass. The sun was warm on my face. It was summertime, and I wore a thin blue cotton dress adorned with tiny white flowers, wide straps across my shoulders, the material tickling my calves. My hair was long and caught in a warm breeze, the chocolate brown tendrils spinning like a kite tail behind me. Gabriel materialized in the field, his blue eyes matching the bright sky. His smile was mesmerizing, his skin glowing. It was a radiant shine that brightened the day even more. He wore brown pants and a plain white cotton shirt with no collar that was open at the throat as if the clothes were from a different time. When I noticed him, his hands reached for me. I started towards his direction, slowly at first and then picking up speed. The grass swished around me, and it was soft under my bare feet. The faster I went the further away he was. He encouraged me, "Run, Jenna." I smiled and tried to sprint. My foot became tangled in the grass, and I spilled forward, twisting, and the meadow cushioned my fall. He was beside me in an instant, catching my head before it hit the earth. His right hand grabbed mine, clutching it to his chest in a tender embrace. Gabriel's face was over the top of mine, a concerned worry pulling his mouth into a frown. I dissolved into a fit of giggles, and he laughed with me. He stared at me with such a longing; I shivered even now. Gabriel's expression became serious, and before I could question him, he kissed me. I relished his warm lips as they push against mine, capturing the moment like a photograph in my head. He pressed harder and then pulled away quickly. When I opened my eyes his gaze was still upon me, but his features were now dark, and his crystal irises clouded with worry. He whispered, "Run, Jenna." Suddenly I found the pasture empty; Gabriel was nowhere in sight and in my hand

there was a strange coin. Frightened, I tried to shout for him, but I couldn't form any words. The green grass suddenly faded to grey and then to bare dirt. Surveying my surroundings, I was shocked to find that I was in the middle of a cemetery with tombstones sticking at awkward angles out of the ground. A scream froze in my throat as I stumbled to my feet. My dress was dirty, and my feet caked with soil. I stumbled along, angry raindrops falling from a threatening sky. The field was filled with hundreds of memorials, and I ran, weaving between them, careful not to touch a single granite stone. Ahead of me was a large tree, thick and black, ominous. Under it, I could barely make out a figure in the pouring rain. As I got closer, I swore it was my father's stature, facing away from me. I moved towards it, trying to make it to safety as lightning cracked overhead. Mud flung from my feet, leaving spotted dots on my dress but I didn't care. My slick, dirty hand grasped the token, my hair now soaked. I came to stop outside of the perimeter of the tree, a distinct line between wet and dry, like a waterfall with shelter behind it. I stood trembling, the rain coming down in sheets, the body just out of reach. I took a breath and reached through the water curtain touching the person's arm. As they turned, I gasped

I've spent the last year cleaning up the mess Percy left after his failed coup. It isn't glamorous, but it's a job, and it pays well enough. Percy altered the Cure in a way to make it easier to create his little vampire army, but his new vampires have attitude problems and are worse at playing by the rules than I am, and they are

the mess I'm trying to clean up. No biggie, I'm pretty good at that kind of housecleaning. The only problem is that someone called the cops on Percy's little house party. Homeland Security got hold of the new and improved Cure, made their own vampire anti-terrorist unit, and dropped them into freaking Yemen. Like most ill-conceived government projects, this one went bad real fast, and guess who has to fix it? Now I have to I have to hunt down and kill these rogue vampires, take on the U.S. government, and destroy all evidence of our existence. And, oh yeah, there's a freaking bomb in my head!

The Grey Code

Tin House is a beautifully designed periodical that features the best writers of our time alongside a new generation of talent poised to become the most important voices of the future. For the special 50th issue, Tin House has some fun with the idea of beauty, providing personal takes on what is "beautiful." The issue showcases fiction, poetry, and nonfiction that confront the notions of beauty across cultures, economic strata, genders, and races. What is beauty? What is art? Think of Francis Bacon: "There is no excellent beauty that hath not some strangeness in the proportion." This new issue also includes pieces that look into the marketing of beauty, and how notions of beauty are used to create celebrity, and at the same time to marginalize and exclude. Content includes unique departments such as "Lost and Found," in which writers review overlooked or underrated books, and "Blithe Spirits" and "Readable Feast," which present tales and recipes for drinks and food in a literary way.

Micro Bionic is an exciting survey of electronic music and sound art from cultural critic and mixed-media artist Thomas Bey William Bailey. This superior revised edition includes all of the original supplements neglected by the publishers of the first edition, including a full index, bibliography, additional notes / commentary and an updated discography. As the title suggests, the unifying theme of the book is that of musicians and sound artists taking bold leaps forward in spite of (or sometimes because of) their financial, technological, and social restrictions. Some symptoms of this condition include the gigantic discography amassed by the one-man project Merzbow, the drama of silence enacted by onkyo and New Berlin Minimalism, the annihilating noise transmitted from the humble laptop computers

of Russell Haswell and Peter Rehberg and much more besides. Although the journey begins in the Industrial 1980s, in order to trace how the innovations of that period have gained greater currency in the present, it surveys a wide array of artists breaking ground in the 21st century with radical attitudes and techniques. A healthy amount of global travel and concentrated listening have combined to make this a sophisticated yet accessible document, unafraid to explore both the transgressive extremes of this culture and the more deftly concealed interstices thereof. Part historical document, part survival manual for the marginalized electronic musician, part sociological investigation, *Micro Bionic* is a number of different things, and as such will likely generate a variety of reactions from inspiration to offense. Numerous exclusive interviews with leading lights of the field were also conducted for this book: William Bennett (Whitehouse), Peter Christopherson (r.i.p., Throbbing Gristle / Coil), Peter Rehberg, John Duncan, Francisco Lopez, Carl Michael von Hausswolff, Bob Ostertag, Zbigniew Karkowski and many others weigh in with a diversity of thoughts and opinions that underscore the incredible diversity to be found within new electronic music itself."

Note to Readers: This book contains detailed descriptions of sizzling passion only suitable for mature readers. From Cyndi: This story picks up where "Mystic Militia" left off and it delves more deeply into the Shadow Assassin conflict. It's not necessary to read the books in order, but it's more fun if you do. These books have a more contemporary feel than the "Beyond Ontariese" series. They are definitely steamy romances, and even though they're set in Las Vegas, you'll find many sci-fi and fantasy themes. Enjoy!

The picture in the book that shows the Violet Sphere that I am holding in my hands contains the Frequencies and the Keys that will become the Merkaba Crystal Space Ship to carry the Cosmic Twins back to Tara, Gaia and beyond. The Violet Sphere was created by following the directions of the Elohim Angels and the Sirian Council. The picture was taken during the moment of the Stellar Wave Infusion of the Violet Wave from Sun Alcyone and the Stellar Wave Activation of the Sirian Spiral in 2008. The Stellar Waves activated our 5 DNA and began the initiation of the 12 subharmonics into the 6 DNA. Dr. Barnett shows herself holding the Violet Sphere that identifies her as a Violet Flame Holder. She uses this picture to explain to others how it is that this Violet Sphere of Plasma is the exact substance that our Normal Spiritual Body is made of and how it will be the actual absorption of this light and sound energy from these plasma balls that transforms our bodies into light. The Cosmic Twins came to Earth to tune the Earth into the Music of the Spheres by bringing the Highest Frequencies to Earth through music. The Ascension Portal - that the Cosmic Twins at this very time assisted in - for the Fifth Dimensional Dolphins allowed them to ascend into their Sixth Dimensional Bodies in the Cloud Cities during the moment of this picture of the Violet Sphere. Dr. Barnett is truly the Doctor of DNA. She explains how the etheric sub harmonics of

the DNA strands are not something that can be seen with the doctor's microscopes. The DNA braids together the Consciousness of the Individual between the Harmonic Universes which carry specific Frequency Signatures of the Individual's Consciousness in different Frequency Ranges of Density. The higher the Frequency is, the less density is in the reality. When the Consciousness is braided into the 12th Dimensional Realm, there is zero density. This 12th Dimensional Frequency is the Resonance that is needed lock the human consciousness into oneness with the Human Angelic Consciousness of this Human Race Line's origins. The Kingdom of Heaven is being brought to Earth through Music. It is the Music of the Spheres dancing to a new rhythm. As the Frequency Music weaves this Consciousness into the Earth's Biosphere it becomes available for each individual to Inhale the Light and Sound into their own DNA and neuronet system. Absolute evidence of the True Divinity and Sovereignty of the Man who has activated 12 DNA sub harmonic strands into each of the 5 DNA. The power of immortality is revealed through the Music of the Spheres raising Man back into His Normal Reality. Dr. Barnett explains how she was trained by a group of Elohim Angels to bring the highest frequencies of Consciousness to Earth through Music. She shows how she uses that formula in creating the Frequency Music that can be hear and purchased at her website, crystalmagicorchestra.com. This Extraordinary, True and Accurate revelation of how the Resurrection was performed by the Elohim Angels through the Holograms they created in the Jesus and Mary Story. This exact same process of Raising the Dead into Eternal Life was revealed once again through the shocking story of one man who had his body completely mutated by three ten ton trucks hitting his body on the freeway and five more cars running over his body before the traffic could be stopped. The body of "aDolphino" had been possessed by three demonic entities called the FAtale that the Grey Zeta Rigelians had prepared the interdimensional passage for. This Actual Event occurred to show that everything the Guardians taught as the KeyLontic Science of the Music of the Stars is an absolute reality. This magical light and the magical sound that comes from the formula given by the Angels is the Creation Substance that we will all be learning to use as our new Prana and Manna of Manifestation. The story of the Cosmic Twins is what the Elohims told us was their new Jesus and Mary story.

Darker the Shadow

Finalist for the 2012 National Book Critics Circle Award for Criticism *A Publishers Weekly Top 10 Literary Criticism and Essays Pick for Spring 2012* The Grey Album, the first work of prose by the brilliant poet Kevin Young, winner of the Graywolf Press Nonfiction Prize Taking its title from Danger Mouse's pioneering mashup of Jay-Z's The Black Album and the Beatles' The White Album, Kevin Young's encyclopedic book combines essay, cultural criticism, and lyrical choruses to illustrate the African American tradition of lying—storytelling, telling tales, fibbing, improvising, "jazzing." What emerges is a persuasive argument for the many ways that African American culture is American culture, and for the centrality of art—and artfulness—to our daily life. Moving from gospel to soul, funk to freestyle, Young sifts through the shadows, the bootleg, the remix, the grey areas of our history, literature, and music.

Longlisted for the National Book Award for Nonfiction “There Kevin Young goes again, giving us books we greatly need, cleverly disguised as books we merely want. Unexpectedly essential.”—Marlon James Award-winning poet and critic Kevin Young tours us through a rogue’s gallery of hoaxers, plagiarists, forgers, and fakers—from the humbug of P. T. Barnum and Edgar Allan Poe to the unrepentant bunk of JT LeRoy and Donald J. Trump. Bunk traces the history of the hoax as a peculiarly American phenomenon, examining what motivates hucksters and makes the rest of us so gullible. Disturbingly, Young finds that fakery is woven from stereotype and suspicion, race being the most insidious American hoax of all. He chronicles how Barnum came to fame by displaying figures like Joice Heth, a black woman whom he pretended was the 161-year-old nursemaid to George Washington, and What Is It?, an African American man Barnum professed was a newly discovered missing link in evolution. Bunk then turns to the hoaxing of history and the ways that forgers, plagiarists, and journalistic fakers invent backstories and falsehoods to sell us lies about themselves and about the world in our own time, from pretend Native Americans Grey Owl and Nasdijj to the deadly imposture of Clark Rockefeller, from the made-up memoirs of James Frey to the identity theft of Rachel Dolezal. In this brilliant and timely work, Young asks what it means to live in a post-factual world of “truthiness” where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality, fact, and art.
