Arthur Henry Sarsfield Ward, better known as Sax Rohmer, was a prolific English novelist. He is best remembered for his series of novels featuring the master criminal Dr. Fu Manchu. This is one of his novels.

Nude in Mink

In a marked departure from the genre mysteries that brought him literary fame, Fu Manchu creator Sax Rohmer switches gears and crafts a pastoral idyll in the sophisticated romance novel *The Orchard of Tears*. Prone to intellectual musings, protagonist Paul Merle spends his days critically analyzing the world around him. Will he ever find room for an affair of the heart?

The Yellow Claw

Take one well-oiled effective killing machine, add a familiar hero on the ground, in the air, and on horseback; stir in a ghastly end that's surely impossible to escape, add action, add passion, made on a shoestring budget at breakneck speed, and you've got the recipe for Republic Pictures. Who, after all, cannot forget *The Atomic Kid*, starring Mickey Rooney, or *The Untamed Heiress*, with an un-Oscar-worthy performance by ingénue Judy Canova? Exploding onto the movie scene in 1935, Republic Pictures brought the pop culture of the 30s and 40s to

neighborhood movie houses. Week after week kids sank into their matinee seats to soak up the Golden Age of the Republic series, to ride off into the classic American West. And they gave us visions of the future. Visions that inspire film makers today. Republic was a studio that dollar for dollar packed more movie onto the screen than the majors could believe. From sunrise on into the night over grueling six day weeks, no matter how much mayhem movie makers were called upon to produce, at Republic Pictures it was all in a day's work. Republic Pictures was the little studio in the San Fernando Valley where movies were made family style. A core of technicians, directors, and actors worked hard at their craft as Republic released a staggering total of more than a thousand films through the late 1950s. Republic Pictures was home to John Wayne for thirty-three films. Always inventing, Republic brought a song to the West. It featured the West's first singing cowboy. Republic brought action, adventure, and escape to neighborhood movies houses across America. And they brought it with style. Scene from westerns such as The Three Mesquiteers and the Lawless Range gave screaming kids at the bijou a white-knuckle display of expert film making. Republic Pictures became a studio where major directors could bring their personal vision to the screen. Sometimes these were projects no other studio would touch such as The Quiet Man (which brought director John Ford an Oscar) and Macbeth. Killer Bs, Cowboys, Creatures and Classics: The Story of Republic Pictures is for anyone who likes B movies magic. It is the honest account of an extraordinary production house, one whose ability to turn out films quickly boded well for its transition into television production. Not

only were its sets used for such shows as Leave it to Beaver and Gilligan's Island, stock footage from Republic's movies was used on such shows as Gunsmoke and The Life and Legend of Wyatt Earp.

The strange deeds of Antony Ferrara, as herein related, are intended to illustrate certain phases of Sorcery as it was formerly practised (according to numerous records) not only in Ancient Egypt but also in Europe, during the Middle Ages. In no case do the powers attributed to him exceed those which are claimed for a fully equipped Adept.

The Golden Scorpion

Toward the hour of six on a hot summer's evening Mr. Paul Harley was seated in his private office in Chancery Lane reading through a number of letters which Innes, his secretary, had placed before him for signature. Only one more remained to be passed, but it was a long, confidential report upon a certain matter, which Harley had prepared for His Majesty's Principal Secretary of State for the Home Department. He glanced with a sigh of weariness at the little clock upon his table before commencing to read. "Shall detain you only a few minutes, now, Knox," he said. I nodded, smiling. I was quite content to sit and watch my friend at work.

1920. Rohmer (Arthur Henry Sarsfield Ward) was a prolific English mystery writer, best known for the master criminal Dr. Fu Manchu and his opponents Denis Nayland Smith, Dr. Petrie, named after the Egyptologist Flinders Petrie, and the beautiful Karamaneh, the source of Petrie's daydreams. He also wrote under the name Michael Furey. The book begins: Good evening, sir. A bit gusty? Very much so, sergeant, I replied. I think I will step into your hut for a moment and light my pipe if I may. Certainly sir. Matches are too scarce nowadays to take risks with 'em. But it looks as if the storm had blown over. I'm not sorry, said I, entering the little hut like a sentry-box which stands at the entrance to this old village high street for accommodation of the officer on point duty at that spot. I have a longish walk before me. See other titles by this author available from Kessinger Publishing.
