Caesar's Civil War, the story of the general's contest with the Pompeian party through nineteen months of civil war, is an unfinished masterpiece. The author abandoned it when he found himself living in a different world than that which saw its commencement. The narrative ends after Pompey's death, amidst the preliminaries to the Alexandrian war that initiated the next phase of the fight for primacy of Rome. The work shows the brilliance for which Caesar's oratory, like his generalship, was known: it was a political judgment, not a literary one, that relegated the Civil War to the file drawer. The primary topics covered in this introductory book are the generic background of Caesar's commentarii or

notebooks; his selection of material; the contemporary context of the civil war; the literary techniques that carry the story; and the work's characterization and structure. General aids to the reader include maps to accompany the particular narrative events discussed, a timeline of Caesar's life and the civil war, explanations of technical terms of Roman history, and a section on Roman names and prominent persons of Caesar's time.

hand-made bow(s) or the book and they're a quite unique hand-me-down, too! These are a lot of fun in our version at Slingbows Archery, a new competitive archery target scoring "Paint-ball" game, "Paintball Archery" and on the "Paintball Field Courses, Too", playing in competition against CO2 paintball guns, for a new form of sports! Also, by these being the first, "Originals", and "One Of A Kind", then the first made will be the most valued life-time collectables, as time goes past! To inspire better relationships, like Father and Son working together, to make something that will last along time, and continue the great memories! This book is also, for the sportswomen and sportsmen of the archery sports and in great expectations that these innovated trackless crossbows will help create a new sport in America and other great countries! These are a great training and course leading to other archery sports, and are, a new archery sport and fun! I really want to include a note of inspiration, because the "Low Country" of Georgia, with its wonderful natural resources, lead myself in many ways to invent, including all of our proto-typing, researches and our developments, in creating "The Eagle I & II" and "The V-king I & II" - Totally Trackless Crossbows at Slingbows Archery. "At last I have found my vocation. My vocation is love!" Love is the heart of every vocation. This book about vocation to marriage, priesthood, or religious life, has several unique features. First, while being addressed to all Catholics, not only to theologians, it does not oversimplify vocation, or give a mere compilation of advice, but aims to present the rich depth and wealth of the Christian understanding of vocation in a simple and accessible manner. Secondly, this book goes right to two great saints at the heart of quite different traditions on vocation, namely St. Thomas Aquinas and St. Ignatius Loyola, and the basic difference between them, a difference which is often unappreciated, or is passed over superficially. The goal is not to decide in favor of one over the other, nor to examine in detail their historical or theological connection; this book rather aims to use these different points of view to convey all that belongs to a full Christian and human approach to vocation.

Although there has been a University of Chester only since 2005, its predecessor, Chester College, dates back further than most UK universities, to 1839. This book celebrates the 175th anniversary of the foundation in 2014. The story is a remarkable one of survival and success. The early College was a pioneering venture with a unique approach to learning and the University still houses the first buildings in England specifically designed for the training of teachers. Three times, in the 1860s, the 1930s and the 1970s, Chester College came near to closure, only repeatedly to emerge intact and to become stronger than before. In the early twenty-first century, the University has a growing reputation within the higher education sector and can claim some of the highest rates of student satisfaction in

For centuries, social and economic relations within the Atlantic space were dominated by slavery and the transatlantic slave trade. However, when the trade ended, slave labor in America was replaced, by other forms of coerced labor. This book focuses on the transformation of societies after the slave trade and slavery. It combines micro- and macro-historical approaches and looks at the agency of slaves, missionaries, abolitionists, state officials, seamen, and soldiers.

concerned with the aesthetic. The Aesthetic in Kant is a new reading of Kant's problematic text. It draws upon the great volume of recent philosophical work on this classic text and on the context of eighteenth century aesthetics. Kant's work is used as a basis on which to construct a radical alternative to the antinomy of taste - the basic problem of the aesthetic. In Kant's account is a theory of the aesthetic that, far from establishing its 'disinterested' nature, instead makes it symptomatic of what Kant himself describes as the ineradicable human tendency to entertain 'fantastic desires'.

The stories of Elisha the prophet have received scant attention in recent years, perhaps because they are so enigmatic. This study places the Elisha material firmly within the narrative of Genesis-2 Kings, and examines the effect these stories have on the reader's perception of the role of the 'prophet'. Using the narratological theories of Mieke Bal, David Jobling and others, Bergen shows that the Elisha stories present prophetism in a negative light, confining prophets to a rather limited scope of action in the narrative world.

Bede (c. 673–735) was the leading intellectual figure of the Anglo-Saxon Church, and his writings had a profound influence on the development of English Christian thought. Among the many issues he wrote about, eschatology – the study of the day of judgment and the end of time – was a recurring theme. Whilst recent research has furthered our knowledge of this subject in the later Middle Ages, Dr Darby's book provides the first comprehensive analysis of Bede's eschatological thought and its impact upon the Anglo-Saxon period. Taking account of Bede's beliefs about the end of time, this book offers sophisticated insights into his life, his works and the role that eschatological thought played in Anglo-Saxon society. Close attention is given to the historical setting of each source text consulted, and original insights are advanced regarding the chronological sequence of Bede's writings. The book reveals that Bede's ideas about time changed over the course of

his career, and it shows how Bede established himself as the foremost expert in eschatology of his age. The eight chapters of this book are organised into three main thematic groups: the world ages framework, Bede's eschatological vision and Bede's eschatological perspective. It will be of interest to those studying early medieval history, theology or literature as well as anyone with a particular interest in Bede and Anglo-Saxon England.

St. Teresa of Avila is an unsurpassed teacher of Christian prayer and spirituality, and in *The Way of Perfection* she is at her best. Now, with the help of this study edition, everyone can enjoy the benefits of her wisdom. In *The Way of Perfection*, St. Teresa gives practical counsels and advice on prayer, destined originally for the few nuns who embraced the reformed Carmelite life she established. As a handbook for spiritual formation, it presented them with the basic Christian spirituality undergirding their Constitutions and Rule. Over the centuries, the book's appeal has reached far beyond the walls of Carmelite monasteries, and *The Way of Perfection* has become

a spiritual classic. More and more today, Teresa's instructions speak to all those interested in prayer, providing them with basic guidelines for praying and showing how to avoid potential pitfalls. But as the readership and interest grow, so does the need for some help in working with this sixteenth-century text. The principles and teachings in Teresa's book, first presented within the limited horizons of her own situation, clearly lend themselves to broader applications, and can work well in all walks of life. This study edition-with its introduction, commentary, notes, discussion questions, and glossary-provides what is needed to assist contemporary readers in making these applications and delving more deeply into the text's spiritual riches.

is that people will run to and fro all over the earth and that knowledge will be greatly increased for example computers, smart phones, iPads and electronics. You may be reading this book in hard cover, paperback, or eBook anywhere in the world. Is this not a fulfillment of this prophecy? God destroyed the world with a flood, but had Noah build an ark. Sadly few people were on it. Don't you make this mistake. Is there an ark for an escape this time? Yes, read about it in this book. Christians look for the second coming of Christ, referring to the rapture, seven years later when we come back with King Jesus Christ to earth. Moslems look for their coming Messiah Madhi. As I write Moslem countries are toppling the old leaderships and preparing for this new leader. He will take over the world; food shortages worldwide will kill millions and perhaps billions of people. Those who do not worship him and take his mark 666 will be beheaded. A time of hell on earth. The Jews look for their coming Messiah to bring in the thousand year millennium of paradise on earth and He will. Read this book and act upon it today. You can escape all of this if you will repent and accept Christ before the rapture. If the antichrist has already set up his new world order read and act upon it quickly. It will probably cost you your life for now but real soon you will come back to live with King Jesus. You will find out where we all came from. We started in the Garden of Eden which was in Babylon, now Iraq. The first world empire was there and the last led by the antichrist will rule from Babylon I believe. You will read the complete story from beginning to end and then on to a new future with a new heaven and a new earth. Read this and pass it on, time is running out.
