Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 42. Chapters: Nero, Orestes, Charles Whitman, Henry Lee Lucas, Death of Elli Perkins, Lyle and Erik Menendez, John List, Edmund Kemper, Ronald DeFeo, Jr., Matricide, Jim Gordon, Kip Kinkel, Jack Gilbert Graham, Sidney Harry Fox, Sarah Marie Johnson, Dipendra of Nepal, Lowell Lee Andrews, Mary Lamb, Brian Blackwell, Steven Benson, Yukio Yamaji, Ptolemy X Alexander I, Antipater II of Macedon. Excerpt: Nero (Latin: 15 December 37 - 9 June 68), was Roman Emperor from 54 to 68, and the last in the Julio-Claudian dynasty. Nero was adopted by his great-uncle Claudius to become his heir and successor, and succeeded to the throne in 54 following Claudius' death. During his reign, Nero focused much of his attention on diplomacy, trade, and enhancing the cultural life of the Empire. He ordered theaters built and promoted athletic games. During his reign, the redoubtable general Corbulo conducted a successful war and negotiated peace with the Parthian Empire. His general Suetonius Paulinus crushed a revolt in Britain. Also, he annexed the Bosporan Kingdom to

the Empire, and the First Roman-Jewish War began. In 64, most of Rome was destroyed in the Great Fire of Rome, which many Romans believed Nero himself had started in order to clear land for his planned palatial complex, the Domus Aurea. In 68 AD, the rebellion of Vindex in Gaul and later the acclamation of Galba in Hispania drove Nero from the throne. Facing assassination, he committed suicide on 9 June 68 AD. Nero's rule is often associated with tyranny and extravagance. He is known for many executions, including those of his mother and the probable murder by poison of his stepbrother, Britannicus. He is also infamously known as the Emperor who "fiddled while Rome burned," although this is now considered an inaccurate rumor, and as an early persecutor of Christians. He was known

Toyota Land Cruiser Repair Manual - Chassis & Body - 1975-1980

"In recent years the debate on multiculturalism in the UK and other Western societies has focused principally on Islam, and the specific 'problems' said to be posed by Muslims have been invoked to justify the claim that multiculturalism has failed. That claim is opened to scrutiny and challenged in this unique collection through a series of explorations of specific issues and controversies - including the question of the veil, crime, political Islam, the role of Muslim women, sexuality and the Danish cartoons affair - and through more general reflections on the nature of multiculturalism. By exploring the nature of cultural differences and sensitivities and examining the way conflicts have played out, this challenging book makes a wide-ranging contribution to debate and a more constructive inter-cultural engagement. The contributors draw upon the disciplines of social science, ethics, theology, philosophy and education to examine the nature of the issues and flashpoints and to draw out implications for theory, policy and practice." --from back cover.

A Clenched Fist

When the war ended on August 15, 1945, I was a naval engineering cadet at the Kure Navy Yard near Hiroshima, Japan. A week later, I was demobilized and returned to my home in Tokyo, fortunate not to find it ravaged by firebombing. At the beginning of September, a large contingent of the American occupation forces led by General Douglas MacArthur moved its base from Yokohama to Tokyo. Near my home I watched a procession of American military motor vehicles snaking along Highway 1. This truly awe-inspiring cavalcade included jeeps, two-and-a-half-ton trucks, and enormous trailers mounted with tanks and artillery. At the time, I was a 21-year-old student in the Machinery Section of Engineering at the Tokyo Imperial University. Watching that magnificent parade of military vehicles, I was more than impressed by the gap in industrial strength between Japan and the U. S. That realization led me to devote my whole life to the development of the Japanese auto industry. I wrote a small article concerning this incident in Nikkei Sangyo Shimbun (one of the leading business newspapers in Japan) on May 2, 1983. The English translation of this story was carried in the July 3, 1983 edition of the Topeka Capital-Journal and the September 13, 1983 issue of the Asian Wall Street Journal. The Topeka Capital-Journal headline read, "MacArthur's Jeeps Were the Toyota Catalyst.
