Inventive Weaving on a Little Loom

The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth.

Welcome to Weaving

This captivating ethnography explores Vietnam's sex industry as the country ascends the global and regional stage. Over the course of five years, author Kimberly Kay Hoang worked at four exclusive Saigon hostess bars catering to diverse clientele: wealthy local Vietnamese and Asian businessmen, Viet Kieus (ethnic Vietnamese living abroad), Western businessmen, and Western budget-tourists. *Dealing in Desire* takes an in-depth and often personal look at both the sex workers and their clients to show how Vietnamese high finance and benevolent giving are connected to the intimate spheres of the informal economy. For the domestic super-elite who use the levers of political power to channel foreign capital into real estate and manufacturing projects, conspicuous consumption is a means of projecting an image of Asian ascendancy to potential investors. For Viet Kieus and Westerners who bring remittances into the local economy, personal relationships with local sex workers reinforce their ideas of Asia's rise and Western decline, while simultaneously bolstering their diminished masculinity. *Dealing in Desire* illuminates Ho Chi Minh City's sex industry as not just a microcosm of the global economy, but a critical space where dreams and deals are traded.

Jacquard Weaving and Designing

Tal tries to steal a sunstone, but during his act of thievery is thrown off the Castle of Seven Towers by a powerful Spiritshadow Keeper. He falls down to the iceworld below, where he is captured by Icecarls. To save his life, he must team up with Milla - a Shield-Maiden in training - and offer his aid to the nomads.

A Discovery of Witches

Put aside those preconceptions of dusty, medieval tapestries hanging on castle walls! Tapestry weaving has a whole new look, and fiber enthusiasts of all levels are eager to try their hand at creating images with yarn. Rebecca Mezoff, a renowned teacher of contemporary tapestry weaving, shares her techniques in this in-depth guide to every aspect of the process, from developing a color palette to selecting yarn, warping the loom, and weaving the image. Crafters can choose from inexpensive tabletop and hand-held looms to larger floor looms. Detailed step-by-step photos and inspiring examples from a range of weaver-artists make this a one-stop resource for tapestry weaving how-to.

Anti-Imperial Metropolis

Weaving It Together 1

Originally published in 1995, more than 40,000 weavers have used this unparalleled study guide to learn from scratch or to hone their skills. Written with a mentoring voice, each lesson includes friendly, straightforward advice and is accompanied by illustrations and photographs. Crafters need only to approach this subject with a willingness to learn such basics as three methods for step-by-step warping, basic weaving techniques, project planning, reading and designing drafts, the basics of all the most common weave structures, and many more handy hints. Beginners will find this guidebook an invaluable teacher, while more seasoned weavers will find food for thought in the chapters on weave structures and drafting.

The Courage to Heal

This book explores the roles of mobile and sedentary members of the ancient world in ancient Mesopotamia.

Navajo Weaving

This comprehensive anthology draws together writings by leading philosophers of science and will prove invaluable for any philosophy of science course.

Weaving It Together 4

Alan Gratz, bestselling author of *Refugee*, weaves a stunning array of voices and stories into an epic tale of teamwork in the face of tyranny -- and how just one day can change the world.

Weaving It Together 4

The rising cost of tuition, increasing competition, and mounting student loan debt has caused educational leaders to rethink degree programs and resources for learners. As such, open educational resources, prior learning assessment, open degree plans, and competency-based learning have gained popularity in the field of higher education. *Enhancing Education Through Open Degree Programs and Prior Learning Assessment* is a critical scholarly resource that examines teaching and learning materials that learners may freely use and reuse without charge. Featuring coverage on a broad range of topics such as open educational resources, prior learning assessment, and competency-based learning, this book is geared towards educators, professionals, school administrators, researchers, academicians, librarians, and students seeking current research on equity and access to higher education for all learners across the globe.

Philosophy of Science

Book one of the New York Times-bestselling All Souls trilogy—"a wonderfully imaginative grown-up fantasy with all the magic of Harry Potter and Twilight" (People). Now "[a] hot show that's like Twilight meets Outlander" (Thrillist) airing Sundays on AMC and BBC America, as well as streaming on Sundance Now and Shudder. Deborah Harkness's sparkling debut, *A Discovery of Witches*, has brought her into the spotlight and galvanized fans around the world. In this tale of passion and obsession, Diana Bishop, a young scholar and a descendant of witches, discovers a long-lost and enchanted alchemical manuscript, Ashmole 782, deep in Oxford's Bodleian Library. Its reappearance summons a fantastical underworld, which she navigates with her leading man, vampire geneticist Matthew Clairmont. Harkness has created a universe to rival those of Anne Rice, Diana Gabaldon, and Elizabeth Kostova, and she adds a scholar's depth to this riveting tale of magic and suspense. The story continues in book two, *Shadow of Night*, and concludes with *The Book of Life*.

Weaving Women's Lives

Tiny palm-sized pin looms are making a comeback. Here is the perfect book to get started with this intriguing weaving technique.

Weaving the Rainbow

Weaving It Together helps learners build reading and writing skills through relevant readings and carefully structured writing exercises. By balancing these two necessary competencies, learners seamlessly develop both language and academic skills. Mobile Pastoralism and the Formation of Near Eastern Civilizations

Weaving the Web

Politics is a work of political philosophy by Aristotle, a 4th-century BC Greek philosopher. The end of the Nicomachean Ethics declared that the inquiry into ethics necessarily follows into politics, and the two works are frequently considered to be parts of a larger treatise, or perhaps connected lectures, dealing with the "philosophy of human affairs." The title of the Politics literally means "the things concerning the polis." Aristotle's Politics is divided into eight books which are each further divided into chapters. Citations of this work, as with the rest of the works of Aristotle, are often made by referring to the Bekker section numbers. Politics spans the Bekker sections 1252a to 1342b. After studying a number of real and theoretical city-states' constitutions, Aristotle classified them according to various criteria. On one side stand the true (or good) constitutions, which are considered such because they aim for the common good, and on the other side the perverted (or deviant) ones, considered such because they aim for the well being of only a part of the city. The constitutions are then sorted according to the "number" of those who participate to the magistracies: one, a few, or many. Aristotle's sixfold classification is slightly different from the one found in *The Statesman* by Plato. The diagram above illustrates Aristotle's classification. The literary character of the Politics is subject to some dispute, growing out of the textual difficulties that attended the loss of Aristotle's works. Book III ends with a sentence that is repeated almost verbatim at the start of Book VII, while the intervening Books IV–VI seem to have a very different flavor from the rest; Book IV seems to refer several times back to the discussion of the best regime contained in Books VII–VIII. Some editors have therefore inserted Books VII–VIII after Book III.

How Democracies Die

As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In *Braiding Sweetgrass*, Kimmerer brings these two lenses of knowledge together to take us on “a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise” (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

The Popol Vuh

Weaving It Together helps learners build reading and writing skills through relevant readings and carefully structured writing exercises. By balancing these two necessary competencies, learners seamlessly develop both language and academic skills. Weaving It Together 3 Audio Cd

The Fall

NEW YORK TIMES BESTSELLER “Comprehensive, enlightening, and terrifyingly timely.” —New York Times Book Review “Cool and persuasive How Democracies Die comes at exactly the right moment.” —The Washington Post Donald Trump’s presidency has raised a question that many of us never thought we’d be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved.

Mythology

The best-selling author of *Devil in the White City* documents the efforts of first American ambassador to Hitler's Germany William E. Dodd to acclimate to a residence in an increasingly violent city where he is forced to associate with the Nazis while his daughter pursues a relationship with Gestapo chief Rudolf Diels.

Pin Loom Weaving

Rigid-heddle weaving is simple to learn, is easy to master, and offers a lifetime of possibilities to discover! *Inventive Weaving on a Little Loom* covers everything rigid-heddle weavers need to know about the craft, from the basics — how to select a loom, set it up, and get started — to a wide variety of fun techniques that yield beautiful results. Begin by exploring a variety of weave structures, including finger-manipulated laces, tapestry, and color play with stripes, plaids, and multicolor yarns. Then move on to more complex designs and irresistible projects, from pillows and curtains to bags, shawls, and even jewelry. Explore warp-face patterning, weft-pile weaving, weaving with fine threads, woven shibori, shadow weave, and the textural effects you can create with different yarns and with wire and conductive thread. Everything you need to know is here, with fully illustrated step-by-step instructions to ensure success.

Learning to Weave

This book traces the spread of a global anti-imperialism from the vantage point of Paris between the two World Wars, where countless future leaders of Third World countries spent formative stints. Exploring the local social context in which these emergent activists moved, the study delves into assassination plots allegedly

hatched by Chinese students, demonstrations by Latin American nationalists, and the everyday lives of Algerian, Senegalese and Vietnamese workers. On the basis of police reports and other primary sources, the book foregrounds the role of migration and interaction as driving forces enabling challenges to the imperial world order, weaving together the stories of peoples of three continents. Drawing on the scholarship of twentieth-century imperial, international and global history as well as migration, race and ethnicity in France, it ultimately proposes a new understanding of the roots of the Third World idea.

Braiding Sweetgrass

Daja's Book

Discovering Literacy : Access Routes to Written Culture for a Group of Women in Mexico

Politics

With this book, you can earn credits toward management certification programs. Credits are approved by various state and national accreditation groups from all over the United States, from Alaska to New York. Call 1-800-234-1639 for more information! The practical set of methods and tools contained in the two volumes of Management and Supervision for Working Professionals provides the reader with the knowledge and means to become an effective manager or supervisor. Volume I emphasizes organizational structure, planning, and leadership, while Volume II emphasizes communication, instruction, and daily management responsibilities such as performance ratings, unions, and health and safety.

Discovering Literacy

Weaving It Together helps learners build reading and writing skills through relevant readings and carefully structured writing exercises. By balancing these two necessary competencies, learners seamlessly develop both language and academic skills. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Weaving It Together: Instructor S Manual (Books 3 And 4)

Presents the life experiences of Navajo women through the stories of a New Mexico woman, her daughter, and her granddaughter, showing how they incorporated new ideas into their lives while retaining distinctive Navajo beliefs and values.

Ise Weaving It Together 4

"Break through the boundaries of traditional wirework jewelry to discover the world of intricate possibilities in Woven in Wire. As you weave, sculpt, and transform wire, award-winning jeweler and wirework instructor Sarah Thompson guides you through the steps of achieving spectacular wearable art."--Back cover.

Poverty and Schooling in the U.S.

Based on the experiences of hundreds of survivors, *The Courage to Heal* profiles victims who share the challenges and triumphs of their personal healing processes. Inspiring and comprehensive, it offers mental, emotional and physical support to all people who are in the process of rebuilding their lives. *The Courage to Heal* offers hope, encouragement and practical advice to every woman who was sexually abused as a child and answers some vital questions, including-- How do I know if I was sexually abused?- Where does the decision to heal start?- How can I break the silence and who will listen?- How can I re-build my self-esteem, intimacy and capacity to love?- What therapy, support groups, self-help programmes or organisations are available?

The Art of Tapestry Weaving

The Kite Runner

The new edition of *Weaving It Together* connects high-interest readings with clear writing activities. Learners build both reading and writing skills through understanding relevant readings and confidently expressing concepts and ideas in carefully structured writing exercises. By connecting these two necessary competencies, learners seamlessly develop both language and academic skills.

In the Garden of Beasts

Four friends. Four elements. A world in the balance. When Daja is exiled by her people, the Traders, she embarks on an epic adventure which will forge her fate in fire.

The Martian Chronicles

Discusses the origins and evolution of the Web, offers insights into the current state of the Web, and shares a blueprint for the future

Dealing in Desire

Lyon and Anderson deliver this beautifully rendered picture book that shows the process of how a tapestry comes to life--from the wool sheared from prize-winning sheep to being dyed to put on the loom. Full color.

Enhancing Education Through Open Degree Programs and Prior Learning Assessment

Poverty is an educational issue because it affects children's physical, emotional, and cognitive development. Especially in current times, taken-for-granted ideas about poverty and poor children must be scrutinized and reconsidered. That is the goal of this book. *Poverty and Schooling in the U.S.: Contexts and Consequences* is in part a plea for educators and future educators to undertake the intellectual and

emotional work of learning more about the social causes, as well as the sometimes life-altering consequences of poverty. Although such efforts will not eradicate poverty, they can help form more insightful educators, administrators, policymakers, and researchers. The book is also an effort to bring to the table a larger conversation about the educational significance of the social and legal policy contexts of poverty and about typical school experiences of poor children. *Poverty and Schooling in the U.S.: Contexts and Consequences*: *describes what teachers need to know or to understand about the contexts and consequences of poverty; *provides information and analysis of the social context of poverty; *examines the experience of many children and families living in poverty; *documents the demographics of poverty and offers a critique of the official U.S. poverty metric; *reports on continuing and significant disparities in school funding; *presents historical context through a broad-brush review of some of the landmark legal decisions in the struggle for educational opportunity; *looks at some typical school experiences of poor children; *considers the consequences of the federal No Child Left Behind Act; and *offers suggestions about the kind of educational reform that could make a difference in the lives of poor children. This book is fundamental for faculty, researchers, school practitioners, and students across the field of education. It is accessible to all readers. An extensive background in social theory, educational theory, or statistics is not required.

The teaching of reading

Over 21 million copies sold worldwide

Spin the Dawn

Designed for modern makers looking for a book that will continue to inspire them as their skill grows. Lindsey Campbell, the weaver behind the popular blog and brand HelloHydrangea, teaches more than 50 techniques plus 20 stylish projects for weavers of all skill levels. With 700 detailed photos, Campbell offers just the right blend of learning, encouragement, and great weaving results. An easy tutorial helps you to make your own loom that can be used to complete each project. Learn basic terms and skills for beginner weavers, such as warp and weft, and how to keep your sides straight. Sections on intermediate and advanced techniques and concepts, such as gradients, patterns, and how to add embellishments, give you room to grow your skills. Weave more than 20 projects meant to inspire ongoing creativity, from simple practice tapestries to intricate, usable woven projects like a zippered pouch and (yes) a woven chandelier. All of the techniques and weavings can be completed on the loom introduced at the beginning of the book.

Woven in Wire

Disguising herself as a boy to compete for the position of imperial tailor, Maia must somehow complete the impossible task of sewing three magic gowns for the emperor's bride-to-be from the sun's laughter, the moon's tears, and the blood of stars.

Allies

This 75th anniversary edition of a classic bestseller is stunningly illustrated and designed to enchant fans of Greek, Roman, and Norse mythology at all ages. Since its original publication by Little, Brown and Company in 1942, Edith Hamilton's *Mythology* has sold millions of copies throughout the world and established itself as a perennial bestseller. For more than seven decades readers have chosen this book above all others to discover the enchanting world of mythology -- from Odysseus's adventure-filled journey to the Norse god Odin's effort to postpone the final day of doom. This deluxe, hardcover edition is fully-illustrated throughout with all-new, specially commissioned art, making it a true collector's item.
