Peter Norton's Complete Guide to Windows 98

Computer technology has advanced so that it has become not only affordable for schools to begin setting up fairly sophisticated labs to tech technology-related music studies, but doing so is actually critical to the success of traditional band programs as creating MIDI/Audio recording labs is raising enrollments in music classes and helping to keep funding in place for all of the programs. However, traditional band instructors and educators aren't always the most versed in the technology choices they face when armed with a limited budget and needing to making the most of their purchasing power.
