WHEELOCK'S LATIN: AUDIO FILES When Professor Frederic M. Wheelock's Latin first appeared in 1956, the reviews extolled its thoroughness, organization, and conciseness; at least one reviewer predicted that the book "might well become the standard text" for introducing students to elementary Latin. Now, five decades later, that prediction has certainly proved accurate. Workbook for Wheelock's Latin is an essential companion to the classic introductory textbook. Designed to supplement the course of study in Wheelock's Latin, 6th Edition, Revised, each of the forty chapters in this newly updated edition features: Transformation drills, word and phrase translations, and other exercises to test and sharpen the student's skills "Word Power" sections that focus on vocabulary and derivatives Reading comprehension questions and sentences for translation practice Perforated pages for hand-in homework assignments and space for the student's name and date

### **The Heresiarch and Co**

First published in 1920, this book is a translation-the only known work of British scholar CLARENCE EDWIN ROLT (1880-1917)-of *On the Divine Names and The Mystical Theology*, by Dionysius the Areopagite, a first-century bishop of Athens. The author is often also referred to as "pseudo-Dionysius" because a variety of anachronisms suggest that the manuscript was actually written much later by an unknown writer. Despite the book's unclear origins, the writings are still greatly valued for their theological insight. Saint Thomas Aquinas often quoted from pseudo-Dionysius, as did many other famous and influential theologians and philosophers. Pseudo-Dionysius deals, here, with the Supra-Personality of God. Personality, by definition, is a quality limited to an individual. God, on the other hand, is the opposite of an individual. God is in all things, so one cannot speak of a personality for the divine. Rather, pseudo-Dionysius proposes a Supra-Personality, which describes aspects and qualities of the universal being. Religious scholars and Christians wanting a different understanding of the relationship between God and the universe will find this a challenging but ultimately thought-provoking study.

Annotation. A third volume of essays from various activities and events organized by the Centre for International Borders Research at Queens University of Belfast considers three modes in the analysis of culture and cross-border cooperation--cultures of co-operation, co-operation about culture, and the impact of culture on forms of co-operation--as possible strategies in the comparative social science of European borderlands. The case studies range from Israel's Green Line to Ulster Unionist identity. There is no index. Annotation ©2004 Book News, Inc., Portland, OR (booknews.com).

The tour-de-force, hair-raising new novel from Herman Koch, the New York Times bestselling author of *The Dinner* and *Summer House with Swimming Pool* Once a celebrated writer, M had his greatest success with a suspense novel based on a real-life disappearance. It told the story of a history teacher who went missing one winter after having a brief affair with a beautiful student of his. The teacher was never found. Upon publication, M's novel was a runaway bestseller, one that marked his international breakthrough. That was years ago, and now M's career is fading. But not when it comes to his bizarre, seemingly timid neighbor who keeps a close eye on him and his wife. Why? From alternating points of view, where no one is to be trusted, Herman Koch weaves together an intricate tale of a writer in decline, a teenage couple in love, a missing teacher, and a single book that entwines all of their fates. Thanks to M's novel, supposedly a work of fiction, everyone seems to be linked forever, until something unexpected spins the "story" off its rails. With ever increasing tension, his signature sardonic wit and

world-renowned sharp eye for human failings, Herman Koch once again spares nothing and no one in his gripping new novel, a barbed performance that suspends readers in the mysterious space between fact and fiction.
